HIGHLAND PARK, ILLINOIS

The Business Man's "Bit"

As war is a great leveler, so it is a great elevator and purifier. Out of war's fiery crucible comes the finest product of humanity—brave, unselfish devotion to our country and a high-born spirit of self-sacrifice on the altar of universal liberty.

The business men of the United States, as well as those of England, Canada, France and all the countries engaged in the war, by their capacity for organization and efficient leadership are a mighty aid to the Government.

Much more has been asked of the business interests than in past military struggles. The war is costing many millions of dollars each day and the share of the United States will approximate \$12,500,000,000 during the next twelve months—a sum so stupendous that it is almost beyond our mental grasp.

There will be New Years meeting at the church on New Years eve, from 7:30 until the new year comes in. The congregation will attend.

The soldier threaded his somewhat unsteady way back to the colonel's dugout. He had been in half a dozen skirmishes with the enemy in as many weeks. He was still alive, but somewhat scratched and wearied from crawling thru barbed wire and in and out of shell craters.

Production of war materials must be maintained and I have no doubt that the national administration recognizes the importance of stimulating rather than retarding great industrial, commercial and transportation forces of the nation—Samuel M. Hastings in American Industries for November.

POULTRY THE BEST CHANCE

Back Yards and Farms Can Double the Nation's Meat Supply

Poultry must be produced next year in places where it has not been produced before, and everywhere that poultry has been produced that production must be increased.

The meat supplies available for European use are short. Meat must be supplied if the war is won—by the forces who fight for freedom. The war will be won if we fall in food production—but not won by us.

Are we going to feed our army on chickens and eggs? Of course not. But by greatly increasing our production of chickens and eggs, and by eating those chickens and eggs ourselves we will, naturally, eat that much less beef and pork.

The United States Department of Agriculture calls upon the country to double poultry production next year. That can be done if the farms will keep an average of 100 hens instead of an average of 40 hens, as at present, and if every family in town will keep enough hens in the backyard to produce all the eggs used by that family—or two hens to each person.

Council of National Defense WOMAN'S COMMITTEE

Official News Notes on all War Work

Army and Navy Center

This was indeed a sailor and a sammy Christmas, from all the reports. Approximately 200 of the men quartered at Ft. Sheridan were entertained in various Highland Park homes, not to speak of the Jackies who sat them down to hospitable boards. The Center opened its barrel of apples promptly at three, and as by magic the rooms were crowded.

Navy Relief

A committee of three, consisting of Mesdames Randall, Mason, and Raymond, representing the chapter, visited the Great Lakes on the day before Christmas. They lunched with the Jackies in the great mess hall, and saw the holiday show afterwards of players from "Oh Boy" and "The Passing Show."

WAR SAVINGS

"War Savings Stamps mark an epoch in our national life." Secretary of the Treasury McAdoo. Many a successful business man has said that the saving of his first dollar was the most important single act of his life; that it marked the beginning of habit and a course of conduct to which he attributed his success.

RIDGE SCHOOL

On Saturday evening the pupils of the West Ridge School gave an entertainment for their parents and friends. Sitting around a lighted Christmas tree the pupils sang beautiful carols, to the accompaniment of the new piano, which has been purchased partly by funds contributed by various entertainments given by the pupils.

Choose An Oil Heater Nicely

Let us help you—for oil heaters are different—some are better than others. The one sure best for 20 years—the one that produces the most heat for the least cost, is the one with this trade-mark. It's a cold room in a life—win the cheapest owners. The heat is clean and golden. Costs only one cent an hour, to keep.

Barler Ideal Oil Heaters Depend on that name for lasting satisfaction. You can only get genuine BARLER Ideal Heaters at the "Word of It. So come in, first chance you get, and a minor one originally. For we will not be urged to keep it most and least. But come in soon.

Do not use wheat on Wednesday on

the theory that it will not keep over until the next day. It can be used later for toast and other purposes and dust in no instance be served on Wednesday.

Recipes for bread, cake and Pastry containing no wheat flour may be had on application to this office.

U. S. Food Administration, 111 West Washington St., Chicago.

Corn and Camouflage for Dinner

The following remarkable corn menu was worked out by Mrs. W. B. Rix and Mrs. E. J. Dunne of Chicago: Cream of corn soup; wheatless wafers, scalloped camouflage, (corn Tuna fish and corn flakes—a favorite dish in Mrs. Rix's household) hominy, baked potatoes, corn pone and corn bread, cabbage salad, corn starch pudding with jelly garnish.

Listen to the Silence

We have heard neither wild cheers nor uncomplimentary language about this column in response to the bid we made for comments, last week, but since silence is said to give content, we will continue to our warlike way peacefully as may be until further notice.

PRESBYTERIAN CHURCH

A very large and appreciative audience gathered at the Presbyterian Church Sunday afternoon to listen to the Christmas Cantata entitled "The New Born King" by Hugh Blair, given by the Highland Park Choral Society under the direction of Mr. Louis Kreidler. The program took place at the regular Vesper hour, four thirty o'clock.

The solo parts were taken by Mrs. Josephine F. Ashton, whose clear soprano voice charmed the audience and Mr. Louis Kreidler, a member of the Chicago Grand Opera company, and the director whose untiring efforts made this such a successful program. With Mr. Allan B. Benedict at the organ and Mr. George R. Jones as violinist, music of the very finest quality was given. The chorus which consisted of soprano alto, tenor and bass voices, sang beautifully, each group taking their parts at the proper time with a great deal of ease. Much credit is due Mr. Kreidler who directed this cantata and Highland Park can well be proud of the Choral Society.
