THURSDAY, JANUARY 3, 1918

Food conservation will reduce waste—also waist.

A sure cure for insomnia is to have someone knock at the door and tell you to get up.

Every woman is born with a master mind—or in other words with a mind no man can master.

### From Over There

An Extract from a Letter Received Recently from Lieut. William Morgan

There is no great excitement around my station, but there is a great deal that's interesting. For one thing, today a large detachment of plain, ordinary, noisy American (Southern) niggers arrived on the scene. The funny part of it was their attitude towards the black African soldiers of France—something like a couple of strange dogs meeting and talking it over out in the middle of the road. One American nigger shouted at an Algerian comrade, "Hello, Nigger, how are you all?" The French dingo came back at him "Bon jour, monsieur." The American nigger hollered back, "Bon hell, I asked you how you was." Another coon said that "them niggers with the tin hats couldn't talk their own language—funny lot."

### PRESBYTERIAN CHURCH

Mr. Louis Kreidler will begin his two year term as soloist and musical director at the church on Sunday, January 13th, at 10:30 a. m. On January thirteenth Dr. Shafter Matthews of Chicago University will preach.

The Presbyterian church is to be congratulated on securing for Sunday, January 8th, the Rev. Wm. Arthur Ganfield, D. D., who will occupy the pulpit at the morning service. Dr. Ganfield is a graduate of the McCormick Theological Seminary and for some years was located at Green Bay and is now President of Center College, Danville, Ky., one of the oldest Presbyterian Colleges in the country. His work in this college is very highly thought of and some very strong compliments have been given him for his ability as a church organizer.

Dr. Ganfield is a pulpit orator of the highest ability and his strong stirring remarks and deep impression on his hearers. The church in particular and the community at large are especially fortunate in securing him for this service.

We cannot emphasize too strongly that this chance to hear Dr. Ganfield is indeed an opportunity coveted by many and we are indebted to one of our public spirited citizens for this privilege. An inspiring message promises a full auditorium.

The next meeting of the Westminster Guild will take place at the home of Mrs. B. A. Hamilton on Monday afternoon at two thirty.

### H. P. WOMAN'S CLUB

The Highland Park Women's Club children's party, the afternoon of December twenty-seventh was very successful in that it afforded a great number an enjoyable time. Stories were told by Mrs. Alice Blanche Wellington, acted out by her daughters Ellen and Marcella. Dances were done by them and the children also enjoyed marching and floor games. Miss Cobb and Mrs. E. R. Phelps assisted with the children, and the serving of refreshments was under the direction of Mrs. Ross J. Beatty and Mrs. Clyde Hise. The next meeting will be January fifteenth at two thirty o'clock. Mr. Wallace Rice will talk on "Illinois One Hundred Years After." Mrs. Marion Mason Peter will sing.

### LOCAL AND PERSONAL NEWS

### PUBLICITY COMMISSION REPORTS AT DEDICATION

Continued from Page 1

franchise expired, the Company was in the hands of Receivers and in process of reorganization. The Committee feel that it has been much more desirable to wait for active negotiations until the reorganization of the company had been completed.

18. Park District Proposition defeated last spring.

It was unfortunate that at the time the Park District was created that it did not include the entire City. At a special election held last spring an effort to bring this about was defeated because, we believe of a misunderstanding regarding the amount that taxes would be increased. Since then a great many people who were opposed to the plan have signified their willingness to support the measure and have asked that another election be called at an early date.

The citizens of Highland Park are awakening to the fact that parks are necessary for their enjoyment. To the west, adjoining the Skokie are several tracts of land that could be purchased at a reasonable price on which nature has done all of the landscape work. Ball grounds, tennis courts, swimming pool and golf course, could be added at small immediate cost. The purchase price of the land and the improvements could be paid for by issuing long term bonds. We must look to the future. Highland Park has 7,000 inhabitants today and is growing very rapidly. We should provide Parks and Playgrounds for the future generation while we have the opportunity to obtain choice sites at reasonable price.

We sincerely hope that during 1918 another effort will be made to make the entire City a Park District and the movement should not be opposed as the additional tax is very small compared to the benefits to be derived. The tax rate for Park purposes is 4 mills on each \$1.00 of the value of property as equalized for taxing purposes. Get out your last year's tax receipt which will show the assessed valuation of your property and each \$1.00 of valuation multiplied by 4 mills will tell you the exact amount of additional tax you would pay if you were in the Park District.

Respectfully submitted,  
John L. Udell,  
Abbie B. Bastin,  
Publicity Commission.

### LIBERTY BOND COUPONS

The interest coupons of Liberty Loan Bonds are payable at any Federal reserve bank or Subtreasury and at the Treasury Department in Washington, and any national bank which is a general depository of Government funds is required to cash these coupons without charge.

It is believed by the Treasury Department that no bank or trust company which is a depository of the proceeds of Liberty Bonds or Treasury certificates of indebtedness will make a charge for collecting the coupons, paying cash to the holder. The service rendered by banking institutions in cashing these interest coupons is a substantial one, but it is hoped that these depositories will perform the service without charge as a patriotic duty.
