You can conserve your health and the health of your family and spend your time to much better advantage at some other more patriotic occupation than washing and ironing. Get rid of the nuisance, odors and extra meals. Keep your home an ideal place to live in and please your husband and children by sending your laundry to The Reliable Laundry.

BE PATRIOTIC CONSERVATIVE

Skating and tobogganing are proving to be mighty interesting, and all ages are indulging in these winter sports extensively. Exmoor of course is the place where all our door lovers flock. Attached to the rear axle of a large touring car, by a long rope, a toboggan, filled with a merry crowd of youngsters, covered with snow, flying through the grounds of the country club, is by far no rare sight. The cottage on the club grounds has afforded hospitality to the guests who come to skate or toboggan. A dinner party for forty guests was given Saturday evening with Mr. and Mrs. Robert Smith as host and hostess. Dancing and tobogganing entertained the guests after dinner. Those who have recently entertained at the club, with tobogganing parties and dinners are Mrs. W. J. Fyffe for her son Ballinger and daughter Edith and Mrs. Fred Preston for Miss Charline Baylies. Young folks who enjoy skating go to the rink at the Highland Park Club.

The Worth While circle met on Tuesday evening at the home of Miss Laura Muhlke of S. Second St.

Miss Helen Hill will be hostess to Just Us Girls club tomorrow evening.

The Misses and Gertrude Witten entertained twenty-five of their friends at an informal dancing party on New Years eve.

Mr. and Mrs. William E. Bletsch of Moraine Road were host and hostess on Sunday evening at supper for their guest Miss Fralay of Albion.

The Ladies Aid Society of the Evangelical Lutheran church will meet this afternoon with Mrs. Arthur Lawrentz.

The Westminster Guild meeting was postponed on Monday owing to the weather and will meet today at Mrs. E. A. Hamilton home on Linden Ave.

The law passed in 41 States governing Optometry (and as taught in the great universities of California, Ohio, Columbia University, New York, and Schools of Optics) eliminates drugs in examining the eyes for glasses. This is accomplished by the use of lenses, which method is more efficient and not harmful.

The testing of eyes for lenses is a mathematical and practical science. You incur no obligation in consulting us about your eyes. Our many years experience in detecting and correcting eye defects is at your disposal.

We grind all lenses and duplicate any broken lens.

Official News Notes on all War Work

Red Cross

Word from Sumale—Somewhere "Merry" and in the trenches?
I should smile!
Wish you could stand and watched us
For a while.
Say, you women had your wits
When you packed those comfort-kits
My, but they were simply swell!
You could hear the fellows yell!
"Most a mile,
And the Red Cross Christmas socks
They were great
Geef! we snatched 'em out the box.
Couldn't wait!
Dug 'em out from top to toe
Like a lot o' kids, you know,
Playin' cards and cakes o' soap,
Chewin' gum and all such dope,
And we, sat there on the ground
With our things all scattered round,
With our candy and our smokes
And our letters from the folks,
And if eyesight ever got a little blurry
We brace'd up and giv' a rouser—
You should worry!"

R. M. C.

"A sock a' day" has been the slogan of Canadian women, but here in the States we go them "one" better and make it "a pair of socks a day." At least that is the standard one Red Crosser has set and we doubt not there are others.

The snow didn't prevent the faithful from gathering at the shop on Monday and producing 200 cotton pads, which looks like a lot piled high in the store room. We have Mrs. MacCaughy to thank for turning blue Monday into a banner day.

The apportionment of work based on the number of workers is sent out now each month from headquarters, so that we may know exactly what is expected of us. What we must do is to go over the top each month by returning much more than our minimum assignment of work. Are you helping to make this possible?

The Thursday evening work will be taken over hereafter by the Highland Park Red Cross in the Patriotic League Rooms, as this seems to be a much more central location for most of the workers. It is also possible that work may be carried on in the Association rooms at Highland Park on that evening.

"Sir," writes a B. L. T. correspondent, "Friend Husband is getting along famously with his knitting, but whenever anyone speaks to him he purrs. What would you suggest?"
Not so with the town's latest Champion Male Knitter! At present he is engaged on a semi-double sweater and slips one, knits one with the greatest composure, never missing—the latest Him atrocity.

Army and Navy Center

Volunteers wanted for Saturday and Sunday hostesses! Please don't wait to be drafted. The Center needs you. Enlist at once under Capt. Truax. Even if Mrs. Truax is a w.k. resident of our city we can't expect her to call us up separately. That would leave her no time to help serve, of a Saturday, and it's such fun—serving Sammy!

The Ossoli Club voted yesterday to be responsible for hosting the first Saturday and Sunday of each month. The Womens Club has already voted to do its share, and it is hoped that other organizations will follow suit.

The following letter has been received by the Center from the Commanding officer at Fort Sheridan hospital:

"This hospital received a Christmas gift of books from Mr. Charles H. Circle thru your solicitation, and these books will furnish many hours of pleasure to the personnel as well as the patients of this hospital. On their behalf I wish to thank you for your solicitation.

I remain, respectfully yours,
George C. Kellner, Major M. R. C.

Navy Relief

25 bathrobes and 25 comfort kits were delivered to the Great Lakes this week, also a quantity of wool to be distributed among the women nurses at the hospital for knitting. These girls have been anxious to work but had exhausted their slender resources purchasing wool.

The chapter was only too glad to supply them with it. When the articles are finished they will go directly to those most in need of them as they come under the observation of the nurses in their work. All the chapter asks is that a record be kept of the work done that their figures may be complete. This seems to be the most direct "from producer to consumer" plan yet devised.

The chapter entertained at luncheon yesterday friends that felt it self much indebted to her help given in the past, as well as the chairmen of the various departments of the Red Cross.

Daughters of the Flag
Will every mother of a "Daughter" please read this notice to her. The Daughters of the Flag will meet hereafter the first Sunday of every month at 10:00 at the home of Mrs. Sidney Miller on Prospect Ave. Each member is asked to pledge herself to two hours of war work a week. \$50 worth of wool is on its way. This will be available at Mrs. Forgan's for the girls living north of Central Ave. and at Mrs. Miller's for girls living south of that street.

The following articles have been completed:
2 afghans,
5 sweaters,
2 scarfs,
1 pair of socks,
3 pair of wristlets,
2 trench caps,
4 scrap books,
3 wash cloths.

The knitted articles go mostly to the Great Lakes, the afghans, picture books, etc. to the French Wounded. Bright colored wools are always in demand for the afghans and also made.
