Announcement is made of the forthcoming nuptials of Miss Katharine Dean daughter of Mr. and Mrs. Richmond Dean of this city and Dr. James P. Fitzgerald of New York city. The service will be solemnized February 19th in the immaculate Conception Church with Dr. J. D. O'Neill officiating. Miss Amy Dean will serve her sister as maid of honor. Mrs. F. B. Lamson of St. Louis will act as matron of honor. Dr. Paul B. Fitzgerald will attend his brother as best man. A reception will follow the ceremony at Dearwood the residence of the bride's parents.

Maybe it was because their homes were too cold to remain there, maybe they wanted to dance, or maybe a whole lot of maybes, but the fact remains that one hundred of Highland Park's society left their sheltered roofs and sought pleasure and enjoyment in the ball room of the Highland Park Club on Friday evening. Member how cold it was, and how it snowed? What do you suppose these gay people cared about the nor'wester which swept over Highland Park? They wanted to dance and they did, and so it was that Friday's party was one of the most successful of the season. When the guests started home, the familiar limousine was nowhere in sight. What, did the ladies walk home? Not a bit of it. When midday desired to return home a "hok sleigh" pulled up for her, the more homely it was, the more she liked it and the more attention it attracted. Anyway society demonstrated that it could come and go to a dance in regular style, sans the limousine. Dinner parties were many and attractive. The Observer has heard that Mrs. George Allan Mason and Mrs. Harry Parkin were among a large number of dinner hostesses preceding the dance.

Mrs. Adolph Knudson was hostess to the Euchre Club last Thursday afternoon.

This is accomplished by the use of lenses, which method is more efficient and not harmful.

The testing of eyes for lenses is a mathematical and practical science.

You incur no obligation in consulting us about your eyes. Our many years experience in detecting and correcting eye defects is at your disposal.

We grind all lenses and duplicate any broken lens.

DO NOT EXCHANGE YOUR LIBERTY BOND

IS PERMANENT INVESTMENT

When Bonds are Exchanged for Merchandise, the Object of Their Sale is Defeated. Encourage Thrift

United States Treasury officials are seeking to discourage the practice followed by many merchants throughout the country of offering to accept Liberty bonds of the first and second issues at par, and in some cases at a premium, in exchange for merchandise. They hold that such practice defeats the primary object of the sale of the bonds, discouraging the general thrift movement and increasing expenditures, thus depriving the Government of labor and material needed for war purposes.

"While I have no doubt that merchants are actuated by patriotic motives," said Secretary of the Treasury McAdoo, in a statement given out through the Federal Reserve banks, "I am sure that they have failed to consider the effect which the acceptance of their offers have upon the situation. We are making the strongest effort to have these Government bonds purchased for permanent investment by the people at large, to be paid for out of the past and future savings of those who buy them. Purchases thus made not only result in providing funds for the uses of the Government but they also effect a conservation of labor and material."

"When the bonds are exchanged for merchandise, the primary object of their sale is defeated, discouraging thrift and increasing expenditures. In addition to this, such bonds when taken in exchange for merchandise, must in most cases be immediately sold in the open market. This naturally tends to depress the market price of the issue and makes it less easy to sell future issues at the same rate."

Secretary McAdoo believes that the merchants of the country, upon a more careful consideration of the subject, will discontinue their efforts to sell merchandise and take Liberty Bonds in payment for it.

It is understood that many of the merchants in Chicago and other principal cities in the central west have expressed a desire to follow the Government's suggestions in the matter, and there is little doubt that the practice of such exchange will be discontinued all over the country.
