Society had the best time and the most fun Saturday night, when in response to the cordial invitation of Mr. and Mrs. William Monroe Wright, it flocked to their lovely home on Oak St., to meet that dashing nephew aviator of theirs, Leonard Reno, late of the 16th Escadrille, "The Storks". My, what a bevy of beautiful things greeted the guests as they assembled at the party, pink roses as decorations, lovely ladies' gowns, artists who entertained so royally, and such delicious refreshments. The artists of the evening were, Senor Conchfield, Miss Schultze of the Chicago Grand Opera Company, Miss Banfield, Mme. Johnstone Bishop, and as accompanist, Miss Sofer. Mrs. Natalie Price of Chicago, costumed in colorful colonial attire, with the little black lace mits, hooped skirts, tiny shoes, gave her original "compagnons" which are delightful pianologues, mostly all southern songs. Mrs. Price not only writes her words, but her music too, and this charming combination of words and songs, presented by the author and composer, were a pleasing feature of the evening. Those who received were Mr. and Mrs. William Monroe Wright, Mr. Leonard Reno, his mother Mrs. I. D. Reno, and Mrs. P. W. Wrightsall, of Little Rock, Arkansas. After the entertainment the guests danced to the strains of the Harvey Orchestra of Chicago. Mr. and Mrs. Wright were host and hostess at dinner preceding the party for the artists, Mrs. Wrightsall, Mrs. Reno and Mr. Reno.

The Westminster Guild of the Presbyterian church met on Monday afternoon with Mrs. Carl Pfanstiel. The next meeting will take place Monday afternoon of next week at the home of Mrs. A. Lawrence Mills.

The Philathea class of the United Evangelical church met Tuesday evening with Mr. Henry Maechtle Jr. of Homewood Ave.

The law passed in 41 States governing Optometry (and as taught in the great universities of California, Ohio, Columbia University, New York, and Schools of Optics) eliminates drugs in examining the eyes for glasses. This is accomplished by the use of lenses, which method is more efficient and not harmful.

The testing of eyes for lenses is a mathematical and practical science. You incur no obligation in consulting us about your eyes. Our many years experience in detecting and correcting eye defects is at your disposal.

We grind all lenses and duplicate any broken lens.

#### FIRST UNITED EVAN.

Corner of Green Bay Road and Laurel Ave. C. G. Unangst, Pastor.

The conference being held in Hastings, Nebraska, has already proven to be a time of great profit and blessing to many and we are proud to know that our pastor is taking such an active part in the meetings, in fact it has been urged upon him to remain there over another Sunday. This privilege has been granted him by the church board.

During his absence on last Sunday Rev. Reitz from the Moody Bible Institute supplied the pulpit very satisfactorily. It is hoped that he may be obtained to fill the vacancy next Sunday also.

The Sunday services are to be held in the following order:

Bible school at 9:30 a. m. Lesson "Jesus Forgiving Sin." Mark 2:1-12.

Preaching service at 11:45 a. m. K. L. C. E. prayer meeting at 6:30 p. m. Topic "Christian Endeavor Goals and How to Reach Them." Hedwig Giesler, leader.

7:30 preaching service.

The first meeting of the "A and A's" will be held in the church at 2:00 o'clock on Saturday afternoon. Anyone who has had from eight to fourteen birthdays may come and find out what the "A and A's" are. It's sure to be something good for boys and girls.

The conserving of coal made it necessary for the mid-week prayer meeting classes to convene at private homes on Wednesday evening.

#### TRINITY CHURCH

Friday, January 25th: Conversion of St. Paul. 9:30 a. m. Holy Communion. Services for Septuagesima Sunday are:

7:30 a. m. Holy Communion. 9:30 a. m. Trinity Church School. 11:00 a. m. Morning prayer and sermon.

5:00 p. m. Evensong. Wednesday: 9:30 a. m. The Litany.

Thursday: 9:30 a. m. Holy Communion.

Owing to the order of Fuel Administrator Dr. Garfield, Trinity Guild will be unable to meet Mondays. The exact date has as yet not been decided upon, but will be announced later.

The Boys Club has published a Church Kalender, which gives the seasons of the year, the holy days, and the fast days. The Kalender back has printed on it a picture of Trinity Church and the hours of services. The boys of the club have invested about \$25.00 in the Kalender and hope to sell them at a price which will enable them to realize the amount invested. The money thus obtained will go toward the purchase of a stereopticon machine. They are planning to give a play in February to benefit this fund.

## Announcement

Pasteurized Milk is Good Clean Milk heated to approximately 145 degrees Fahrenheit and held at that temperature for 30 minutes, then cooled suddenly.

This process in no way destroys the nutritive value of the Milk. It does however, destroy harmful germ life that Milk may contain.

We say "May" because there is always a chance that Milk "may" contain harmful bacteria no matter how carefully handled before it reaches us. So to Safeguard you we Perfectly Pasteurize it—then cool it—then automatically bottle and cap it. So it comes to you untouched by human hands.
