Safeguarded Investments

Are your dollars loafers or workers? Money that is not invested pays no returns, any more than grain in the bin will grow crops unless planted. Every man or woman with money should put that money to work. Jay Gould once said that \$100 invested in the right thing at the right time would earn as much as a man steadily employed. He died worth hundreds of millions. The average man or woman knows nothing about how or where to invest money to get good returns from it. It is our business to advise investors where and how to invest, where investments can earn the best returns with the utmost of safety.

Brokerage Department
We buy or sell listed or unlisted stocks and bonds. If you are anxious to buy or sell let us help you. We can probably buy the stock you want cheaper than you can. We can sell your stocks at the best price or we can exchange non-dividend-paying stock for stock that is paying dividends. Write to us about it.

Underwriting Department
We underwrite the selling of the stock of companies but before accepting an issue of stock for sale we make a most thorough and complete investigation of the proposition. It has to grade up A-1 or we will not handle it. It is this type of investment that Jay Gould alluded to in the quotation above—"The right thing at the right time."

How to Buy Stocks
We will purchase stock for you for cash or on the deferred payment plan. We make a moderate charge for carrying stock on the deferred payment plan, but you become entitled to all dividends, bonuses, etc., the stock you buy earns from the date your first payment is recorded. Let us explain this plan fully.

Two Unusual Opportunities
We have at present two exceptionally attractive opportunities. Both are gilt-edge investments with large profit possibilities. Ask for offer B-2.

ELM PLACE SCHOOL

The Onarga Nursery Company recently sent the Elm Place School a bundle containing two hundred vigorous apple seedlings and cuttings of early harvester and golden grines apples together with a supply of waxed string for tying grafts together. This supply has been used in lessons in grafting in which several of the upper grades had part. The specimens thus grafted are now stored away in wet sand to be set out in the nursery when spring opens up.

The Washington program for today includes patriotic recitations and sketches by the pupils, and the study of a large set of lantern slides illustrating revolutionary times, and this is to be followed by three moving picture reels, giving the story of Paul Revere's Ride.

Miss Irene Herman, who formerly taught in the primary grades here and who now has a similar position at Woodstock, spent Monday here as the guest of the teachers and pupils.

The Parent-Teacher Association met yesterday afternoon in the Elm Place Auditorium. Two groups of pupils were given typical music lessons by Miss Jewett and other groups sang collections of songs. The adults present assisted the pupils in the patriotic songs and choruses. It was announced that the next meeting for March will be concerned with problems of gardening in Highland Park.

HIGH SCHOOL NOTES
By the Students

On Friday, the fifteenth, the Reverend Mr. Frank Pitt, Deerfield 1907, spoke to the students in general assembly. His talk was brief, clear and to the point. His manner of speaking was very delightful and the audience applauded enthusiastically. Mr. Pitt is at present the minister of the "Old First" Dutch Reformed Church in New York City; in the evenings he has charge of the work at the Presbyterian Church of the Sea and Land, a large institutional church.

The senior girls beat the freshmen 43-2 in a basketball game last Wednesday. The two points scored by the freshmen were free throws. Although the freshmen worked hard, they were no match for the seniors who have had four years of training.

The seniors also beat the sophomores last week; the score was 15-7. The score was close until the last quarter when the seniors forged ahead. The game was exciting and showed excellent team work on both sides. We are looking forward to the senior-junior game which promises to be more exciting than any of the previous games.

Last Thursday night the boys of the football and basketball teams were entertained at a banquet held in the apartment in the Domestic Science building. The banquet was in charge of Miss Tucker and the Domestic Science III girls. The boys showed their enthusiasm and appreciation of what had been done for them by giving lusty cheers for everyone who had helped to make the evening so pleasant.

School will be closed tomorrow in honor of Washington's birthday.

WITH THE BOWLERS

Highland Park will be represented at Cincinnati on next Sunday night by one of the strongest clubs ever lined up, when the following bowlers step on the runways. McNally, M. Shiel, F. Santi, P. Emmons and A. Ori. On Monday from 5:00 p. m. to 7:00 p. m. the doubles and singles will go on the boards in the following positions: (Doubles) Alley 4, P. Emmons and A. Ori; 5, F. Santi and M. Shiel; 6, E. Balding and W. McNally. (Singles) same way on alleys No. 6, 7 and 8. Last year the local team landed in 21st position with the score of 2837, which was good for \$100.00 in the prize list.

On next Wednesday night Felix Chouard will lead his "Great Lakes Bowling Team" against the strong "Dough Boys" at the Majestic alleys, in the first real contest the navy boys have entered, as the alleys at the station have just been put in condition, and the work of picking the team is just under way. It is expected a band of followers will be along to pull for their club, as only the jacks can.

HIGHWOOD SCHOOL

There will be a meeting tomorrow afternoon at the school to reorganize the Parent-Teacher Association. The fourth and fifth grades will give a Washington program.

Just the same, congress ought to pass the Chamberlain universal training bill.

Happiness comes only to those who try to make others happy.

A Haven of Safety

FOR over 13 years this building has stood as a haven of safety for the man, woman or child of Lake County who sought the services and facilities of a well conducted bank.

You can make no mistake therefore by conducting your business, by reposing your trust, by making your banking home in this firmly established financial institution.

Ladies Suit Sale

Tailor Made, Selected Materials and Best of Workmanship \$55.00. Suits Heretofore Selling from \$75.00 to \$90.00

250 SAMPLES TO SELECT FROM AND A VARIETY OF STYLES

YOU may have seen the samples before and are acquainted with our former prices. Visit us now and let us convince you. Prices are less than those obtained before the advance in the prices of materials.

Our business (the tailoring business generally) has fallen off considerably on account of the spirit of economy prevailing at this time. We can convince you that it is real economy to buy now while samples are complete. We must have cash and all business done under this sale will be cash.

This frank statement is our sole reason for offering these real values.

Let us convince you that they cannot be duplicated anywhere.

To those who have been our customers for the past five years our work and these prices will need no further introduction, but we also want you, who have bought your clothes elsewhere, to take advantage of this sale.

SALE ENDS MARCH 4th

LAKE COUNTY AND NEARBY NEWS NOTES
Continued from Page 1

may form an impressive feature of the local observance of the centennial celebration. County Superintendent of School T. A. Simpson is in receipt of a letter from Hugh S. Magill, Jr., director of the Illinois centennial commission, in which the suggestion is made. Mr. Simpson is much impressed with the idea and hopes to be able to put it in effect.

There's No News in Lake Zurich

Lake Zurich, Ill., Feb. 15.—There isn't any news in this town any more. Because of the snow we haven't had a train in five weeks. The boys got out yesterday and shoveled off the track so we are hoping. There isn't a bit of hard coal left, and only a little soft coal. The snow covered up all the wood that was chopped.

The ice on the lake is too thick to harvest. Walter Prehm, postmaster, has only been able to get in the mail every few days by hauled from Palestine. Emil Frank's ice cream

business has all gone to pot; he hasn't sold a dish since the big blizzard.

The railroad is in the hands of a receiver and the boys are wondering now that they've got the track shoveled off. If the company will run trains or not. Outside of this everything in Lake Zurich is pretty nifty.

"Co-Op" Store for Lake Bluff

Lake Bluff citizens are launching plans for a cooperative grocery store at Lake Bluff. It is to be capitalized for \$10,000 and shares are to be \$100 each, with a limit of five to a person. There will be a president, vice president, secretary and manager for the enterprise which is expected to expand into a large one.

Fort to House New Cavalry

One of the new cavalry regiments which the war department has decided to send to France to be ready to ride after the fleeing Germans when their lines are finally broken will be organized and drilled at Fort Sheridan. This was revealed last week when orders were sent to Col. E. A. Hickman now in charge of the third

officers' training camp at Camp Grant to proceed to Fort Sheridan, there to organize and take command of the Third Hundred and Twelfth United States cavalry.

This country is going to make bigger sacrifices than warless days for the sake of liberty and learn to like them.

Now a grateful country should bestow upon Josephus Daniels and Newton Baker each a war medal and a box of salve.

Thanks to the great American housewife, war bread is an acceptable peace offering to the titular head of the house.

There being no dissent, February takes up the white man's burden.

War Savings Stamps mean patriotism plus profit.

Apparently the moral weight of America in the war is bending the Hindenburg line of autocracy.
