Plant a War Savings Garden

There are just three main needs for this nation to prosecute this war to a successful conclusion. They are:
1. The Men.
2. The money to equip these men of the army and navy with ships, ammunition, clothing and all the thousand and one things the army and navy need.
3. Food for ourselves and our allies.

We already have the men—two million of them already under arms, and unlimited millions more where they came from. They are brave, cheery American men, willing to die, if need be, that free government shall not perish from the earth. There is no need to worry about the men.

There remains for us at home to produce the money and the food. Will we do it before it is too late, or will we muddle along until, some fine day, months away from harvest time, we wake up to the fact that our allies cannot continue the fight because they have nothing to eat and our soldiers are butchered in some great German offensive because they have not enough shells?

The War Savings campaign is designated to raise the money. It gives all the people—men, women and children—an opportunity to enlist in the great thrift army to back up the men in the trenches. We know they will do it if they fully realize the gravity of the situation.

Soldiers of the Switchboard

"WE HAVE HELPED, and helped mightily, during the past year.
"Day and night we have been at our posts speeding on the Telephonic Messages of the Millions.
"With our fighting equipment of cords and plugs and flashing signal lights, we have cleared and directed the channels of the Nation's Speech.
"Our orders have come from the highest of authorities—from average Americans using the 1.5 Million Telephones in the homes and offices in Our Country.
"Faster and faster they have come, passing swiftly through our switchboards where the insistent, twinkling, flashing, firefly lights summon us to action.
"Throughout Our Country thirty million times a day we have been called; we have answered, and we have obeyed.
"Government, Army, Navy, Liberty Loan, Red Cross, Citizen—we have helped them all—and it is well.
"For we are the Soldiers of the Switchboard, welcoming the responsibilities and opportunities to contribute our share to American VICTORY."
