RED CROSS SERVICE IS AUTHORIZED BY LAW

IMMEDIATE RELIEF GIVEN

Home Bureau Service Department Keeps Boys in Touch With the Folks at Home. Sustains Morale

As a result of conferences called by the Secretary of War between representatives of the Surgeon General's Office and the Red Cross, the following general order has been prepared and approved by the Secretary and the Acting Chief of Staff.

It is the desire of the Secretary of War, as it should be of all officers of the Army, to do everything possible for the comfort and welfare of the soldiers, and to make use of such agencies as are authorized and are in a position to contribute to that end, in addition to the provisions made by the Government. The American Red Cross is a body authorized by law to render services of this character. The following general statement outlining certain approved activities of the Red Cross, and methods for carrying them on, is published for the information and guidance of all concerned:

Functions of the Red Cross

1. To distribute sweaters, mufflers, helmets, socks, comfort kits, etc., and to receive the assistance and cooperation of all officers in making the distribution fair, equal, and where most needed.

2. To render emergency relief of every kind upon the request or suggestion of an officer in charge. All officers are instructed to avail themselves of this assistance whenever, in their opinion, advisable. Officers should be none the less diligent in attempting to foresee the needs of their department in order that they may be supplied through regular Government channels. All such requests must be approved by the commanding officer, who will cause a record to be kept of all such articles.

Sustaining Army's Morale

3. To relieve the anxiety and to sustain the morale of soldiers who are worried about their families at home and to promote the comfort and well-being of these families, authority is Continued on Page 8

OFFICIAL CENSUS FOR HIGHLAND PARK ORDERED

Women's Committee, Council of National Defense is Behind Movement. Work to Start Soon

No doubt you have heard of the census man; you now are going to hear of the census lady. It is desired to take a census of all Highland Park, and the women are behind this movement.

At the last city council meeting held Friday, March first, Commissioner Willis moved that the Council order an official census to be taken of the residents of the City of Highland Park and that the Women's Committee, Council of National Defense be appointed and authorized to take said census without cost to the city.

Of course this motion was passed, and ere long the fair sex will be ringing your door bell and putting questions to you which you will answer, surely, in the nicest sort of way.

Your name, address, age (as nearly as you want to give it), occupation and country of birth will be asked. Whether or not you are naturalized, and the number of family members in government service, are two other questions which will be asked you. The work will be started shortly.

The women are going into this work with a will, and they earnestly trust that your hearty cooperation will be given them.

"SLIP IT THERE"

Few readers realize how much time is expended in making certain that commas are properly distributed. Thomas Campbell walked six miles to a printer's to have a comma in one of his poems changed to a semi-colon. And Sir William Hamilton, the astronomer, made an expedition to Dublin to substitute a semi-colon for a colon.

Quit Worrying

The good people of Highland Park and vicinity quit worrying

WHEN their trunks, silverware, etc., are stored in our fire and burglar-proof vaults.

WHEN they know that their jewelry and valuable papers are securely tucked away in one of our safety deposit boxes.

WHEN their savings are deposited with us where they are safe, earning 3% interest and always available when needed.

Join the procession and quit worrying.

EDWARD HINES TO TAKE TRAINING COURSE

President of Lumber Company Heads List of Men Who Will go to Post's Farm

Edward Hines, president of the Edward Hines Lumber Company, heads the list of the first thirty captains of industry who have signified their intention to go through a two week's course of strenuous physical training on Charlie Post's Oconomowoc training farm when it opens June first. The farm is the first direct practical result of the campaign waged by Walter Camp, the Yale football authority, and the National Security League for business men to conserve their physical strength for war activities.

LINCOLN SCHOOL

The members of the Parent-Teacher Association are spending this afternoon visiting the various grades in the school. Following the visiting each teacher gave a short talk.

Thursday, Friday and Saturday of next week the annual county institute will take place. The meetings will be held in Lake Forest on Thursday, at Deerfield Shields High School on Friday and in Waukegan on Saturday. The teachers are planning to attend these meetings so there will probably be no school on Thursday and Friday of next week.
