### 22 Million Families in the United States

If each family saved one cup of wheat flour it would amount to 5,500,000 pounds, or more than 28,000 barrels. If this saving was made three times a week, it would amount to 885,000,000 pounds of 4,377,000 barrels in a year.

You can do your share in effecting this saving and really help to win the war by omitting white bread from one meal today and baking in its place muffins or corn bread made according to this recipe:

- Corn Meal Muffins**  
¾ cup corn meal.  
¾ cups flour.  
1½ teaspoon salt.  
4 teaspoons Baking Powder.  
2 tablespoons sugar.  
No eggs.  
1 cup milk.  
2 tablespoons shortening.
- Sift the ingredients together into bowl; add milk and melted shortening and beat well; bake in greased muffin tins in hot oven about 20 minutes. Same batter may be baked as corn bread in greased shallow pan.

### RED CROSS SERVICE

IS AUTHORIZED BY LAW

Continued from page 5

Continued from page 5  
4. To conduct canteen service stations for furnishing refreshments to soldiers when traveling through the country, to furnish emergency relief to the sick and wounded when en route and to see that they are conveyed to a hospital when necessary and requested by the commanding officer. All commanders of troop trains are advised of this emergency service and are authorized to avail themselves of it whenever, in their opinion, advisable.  
5. A representative of the American Red Cross may be attached to each base hospital to furnish emergency supplies when called upon, to communicate with the families of patients, to render home service to patients and such other assistance as pertains to Red Cross work. The representative of the Red Cross so assigned, together with his assistants, will be accredited to the commanding officer of the base hospital and will be subject to the same regulations as to status, privileges, assistants, and censorship as provided in preceding paragraph applying to the representatives of the Red Cross assigned to divisions.
