

MEN!

House Cleaning Time is Here!

Are you going to let the women folks do all the hard work? Are you going to let them do the family washing, clean the rugs, try to do the dry cleaning or dyeing, besides the scrubbing and other work? We don't believe you are.

You are going to be considerate of your wife's health and make her love you more by insisting that she send the laundry work, dry cleaning, dyeing and the rugs and draperies to us to be cleaned well.

It is easier and better to pay laundry bills than doctor bills and you get more for your money.

Official News Notes on All War Work

Be strong! we are not here To dream and drift. We have hard work to do And loads to lift. Shun not the struggle. Face it! 'tis God's gift.

Most of us are learning these days something about what it means to be strong; strong to do strong to be patient; strong to be good citizens in a time when our country looks to each one of us to do our share as never before. It must be admitted that there are times and places where all the hard work that needs to be done is not being accomplished where we are still dreaming a bit, perhaps, and letting things drift along as we are wont to do in the pre-war days when the issue was not so clearcut as it is today.

To be specific, the output of the garment and knitting departments of the Red Cross, while excellent as to quality, is not what it should be as to quantity. It is not exceeding last month's record and not always living up to it. In the garment department this may be due to the emphasis having been laid here-to-fore on the prime necessity of surgical dressings, combined with the fact that for most of us that work has the greater appeal. The fact remains, however, that the patient does not become cured after he leaves the operating room, without long weeks of convalescence having intervened, in which it is quite as important that he be properly and adequately clothed, as that his wounds receive the necessary treatment.

The garment department shows a total of 120 articles for the month just ended, all of them beautifully made. Such items as 30 pairs of pajamas take time and skill. It is not easy work, but it must be done if our boys are to receive the care they require. Shall we not this month crowd the little work room at the shop until they will have to look for larger quarters?

316 knitted articles were completed during the month. This too, is small in comparison to the need. Let us forget our possible dislike of suggestions by which our work may be improved to come up to the standard set for all knitted work; let us determine to be good soldiers, faithful in service. There is plenty of wool obtainable. The first need is for socks, the next for wristlets, and sweaters are still asked for.

The surgical dressings department report a total of 19,725 gauze dressings made and 188 muslin bandages, made by the Mother's Club of the Y. W. C. A. All workers are now hard at it producing 2,000 "front line packets" which constitute the quota for this month.

20 crates of garments weighing nearly two tons have been shipped to the Commission for Relief in Belgium, representing Highland Park's gifts. Of the 2009 articles donated, there were over 500 pairs of shoes, some of them very nearly new, 150 pairs of stockings. (We trust that some other town will specialize in socks, and so offset the discrepancy.) 73 three-piece men's suits, and 100 women's coats not to mention suits, dresses for boys and girls, etc. We may justly feel that here we have helped to "lift the load."

The Army and Navy Center

The recent experiments in supplying music for the men in the service have proved so highly successful that it has resulted in a new branch of work to be under the direction of Miss Priscilla Carver, who will plan a weekly sing for the men at the Center each Saturday, and a concert and sing at the hospital each Sunday afternoon. The one given at the hospital on Easter could not have been more enthusiastically received. Bathrobed figures flocked about the piano and sang until closing time at nine. A letter has been received by the Board in appreciation of the Easter baskets and flowers sent them, signed by all the patients.

So cordial has been the spirit with which the residents of Highland Park have entered into this work of the Center, a new bag now flies over its door as the solicited gift of Mrs. A. A. Putnam, who noticed the ragged condition of the old one and wrote asking to be allowed to replace it. Such thoughtfulness and good will means everything to the success of the work.

Mrs. Lloyd Bergan, having served faithfully as chairman of the House committee since the opening of the Center, has "graduated" to the position of vice president. She will still be able to act as advisor to the committee, however, which will now be under the leadership of Miss Adele Everett.

The Ossoli Club will be the hostesses at the Center this week. Mrs. E. A. Burnique to have charge on Saturday and Mrs. W. R. Ruder on Sunday.

Daughters of the Flag

The regular monthly meeting will be held this Saturday at 10:00 a. m.

at the home of Mrs. Sidney Miller. All members are asked to bring the knitted goods they have completed and to come prepared to finish the four comforts on hand to be tied.

Woman's Committee Mrs. Rolland Hastings chairman of the Thrift Stamp campaign, reports that very nearly all the woman organizations have come up to the 100 per cent perfect standard, there being a few still to be heard from.

The census is also nearing completion, and the facts learned form it are already in use for the third Liberty loan campaign. Mr. Timson has been kind enough to print the cards without charge.

Conservation cook books are now to be had free at the literature table in the Red Cross shop.

The following letter is one of many which have been received from the men who at Christmas time were supplied helmets thru the Red Cross and comfort kits thru the Council of Defense.

Dear Friends: It is my desire in a few words to extend to you well-wishing and thoughtful people my thanks for the useful, pleasing, and surprising gifts which I received. It needs to be said it was a great and pleasing surprise to me. The joy of the boys in looking thru their kits and the timely arrival of the helmets was pleasing to behold, but the joy I derived from receiving the gifts cannot be put in words. Your kindness and good works cannot be directly repaid except thru the services to our country and yours. So I wish you all a happy new year.
