Official News Notes on all War Work

War Work of the Y. W. C. A.

We are sometimes tempted to start a department to answer a certain type of war question that we hear all too often displaying as it does a rather amazing ignorance of what is going on all about us. We should begin with two:

1. "Why, there aren't any soldiers at the front, now, are there?" (If you are a faithful fan of the Army and Navy Center—and this column—you know better).

2. "What's the Y. W. C. A. got to do with the war, anyway?"

Those whose business it is to administer the \$5,000,000 budget just raised for Y. W. C. A. work for girls in war time, find it just a little hard to be patient when they meet this incomprehension of the girl problem due to war.

Luckily the government, the Y. W. C. A. and others in a position to view the entire problem are more clear-sighted. They realized at the very outset that if the American boy was to be returned to his home after the war clean of body and soul, the activities of the American girl had to be watched and controlled. It was useless to work at one side of the problem without at the same time making sure that the other, equally important, was receiving attention. In this crisis, they turned to the national Y. W. C. A., an organization numbering over 200,000 women in this country, alone, as best fitted to deal with a girl problem of such magnitude. The National Y. W. C. A. war program has resulted, including as it does Hostess Houses in 40 campments, where men can meet their relatives and women friends in wholesome, attractive surroundings; 200,000 girls organized into Patriotic Leagues all over the country whose motto is Patriotism and Purity, and whose activities include everything from Girl Scout Drill to adopting French orphans; Social Morality lectures by trained women physicians; proper housing conditions for the 3,000,000 young women who have entered industry for the first time this year, due to the war; and over 30 secretaries sent "over there" for social and industrial reconstruction work, as well as to stand guard over the health and happiness of our American nurses, at the front.

Our local Association is not without its part in this great national program. Each of the dozen or more clubs of girls and young women are doing work for the Red Cross. The Mother's Club has been especially active. The protection and entertainment that the Association has been able to give to the girls of the community is a large factor in the good record we have been able to maintain. The Girl Scout movement has been introduced, and an enthusiastic troop organized under the leadership of Mrs. Ralph Boyd. Many girls, never before members of the Association, are being attracted by these new activities, and all are becoming members of the Patriotic League.

Have we in part answered that second question?

The Army and Navy Center
Thru the kindness of Mrs. George Childs the Center is the proud possessor of a piano player, and 60 records. The boys will do the rest.
The Mothers' Club will entertain at the Center on Saturday, and Miss May Laurenz and ladies of the Luther League of the Zion Lutheran Church will have charge on Sunday afternoon.
The Center is concerned at present with furnishing the back porch, for the summer. If you have anything in the line of porch furniture, rugs, or hammocks that you can spare, send them to the Center, being sure that they will be put to immediate use of the boys "over there."

Daughters of the Flag
