

*Face Your Duty! Face the Fact
That Illinois Is Not Doing Its Share in
Purchasing War Savings Stamps!
And During*

War Savings Stamp PLEDGE WEEK

May 11 to 18

Sign a Pledge to Buy a Regular Amount of War Savings Stamps or Thrift Stamps *Every Week—or Every Pay Day* Until December 31, 1918

Make your pledge for an amount worth while—enough to fill you with the pride of knowing you have practiced some self-denial, that you have sacrificed something for your country and for those who are fighting its foes.

To reach our state's quota, every citizen of Illinois must buy \$20.00 (Twenty Dollars) worth of War Savings Stamps during the year 1918.

Remembering War Savings Stamps are like *Government Bonds*. They draw 4 percent interest, *compounded four times a year!* Interest on the *principal* and *interest on the*

interest—piling up and working for your welfare all the time.

\$4.16 invested in War Savings Stamps today will bring you \$5.00 on January 1, 1923. They are so unusually good an investment that the U. S. Treasury will not permit any one individual to own more than \$1,000.00 worth.

Now for the Big Drive--All Together--PLEDGE

This space is donated by the following business men:

**Henry K. Coale & Son
Sobey's Sanitary Shop
J. M. Bilharz**

**Koon Brothers Garage
Becker Garage
Chicago Hardware Foundry Co.**
