## RAVINIA HIGHLANDS

(Promoted by Bartlett of Chicago)

The permanent inconvenience of all the future residents of this district is involved in the proposal to add this subdivision to Highland Park. This subdivision was considered to be undesirable by the officials and council of Highland Park who openly warned the promoters and purchasers of this land that, as platted, the addition would not be acceptable. In the face of this warning and in defiance thereof the promoters and others have insisted upon an election (Monday, June 24th).
