J. B. MORSE

Candidate for County Treasurer

To the Voters of Lake County: I hereby announce that I am a candidate for the office of County Treasurer of Lake County subject to the decision of the Republican voters at the primary to be held September 11, 1918 and I respectfully ask for your vote and your earnest support.

I believe you are well enough acquainted with me to judge whether I am qualified for the office I seek.

If nominated and elected I pledge myself to conduct the affairs of the office in a business like manner so you will not regret your choice.

Sincerely yours,
Jay B. Morse
Libertyville, Ill.

LETTERS REGARDING BARTLETT SUBDIVISION

Continued from Page 1
is entering Highland Park by rail. No road is provided running along the West side of the railroad, a thing that is absolutely necessary to relieve the congestion of traffic on Green Bay Road. When it is considered that the promoters of this subdivision had their attention called in ample time to these objections, and that they obstinately and unreasonably refused to consider the objections when they laid out their subdivision, and now demand the right to be annexed to Highland Park in spite of their refusal to consider reasonable suggestions, it will be only justice and fair play to deny them this right.

It is argued that the admission of this subdivision will help business in Highland Park. On the contrary, it will probably mean a new business district in the subdivision, which will in all likelihood harm Highland Park business. The writer understands that provision for such a business district has been provided, right in the subdivisions.

The only effect that the admission of this subdivision would have would be to put a premium upon careless, unreasonable and improper laying out of subdivisions in future and to reward the action of those who fly in public opinion and refuse to consider the investments and interests of those who have for years carried the burden. Under these conditions, it seems to the writer that every interest of fairness, justice, future development, artistic effect and the preservation of our conception of beauty on the North Shore should unite to defeat the proposed annexation. Everybody who believes this way ought to vote "NO" at the forthcoming election on June 24th.

Yours respectfully,
Sidney B. Cahn

RAVINA PARK OPENS ONE WEEK FROM SAT.

Continued from Page 1
program will be as follows:
Band Concert by Great Lakes Band—1 to 2 P. M.

Admission free for all men in uniform. General public admission 50 cents.

AN ORPHANAGE NEEDED COUNTY MUST ACT NOW
Continued from Page 1
attached to the Orphanage which furnishes the institution with needed supplies and the children with wholesome occupation. It is hoped that such a wise provision may be afforded without delay in Lake County.

Little Habits Count.
Great business men get the habit of being on time. It is they who know best the value of time and the importance of saving it by being prompt. Yet it may be hard to acquire the fixed habit of always being prompt, but it can be done and it is worth while to do it. In the commonest things everyone is influenced by little habits that we seldom suspect.—Exchange.

Bullet Holes Still There.
The old Buckman Tavern in Lexington has much the appearance it had when it was the rallying place of the Minute Men and the "shot heard round the world" was fired many years ago. One may to this day see in it bullet holes made by the British soldiers who were fired upon from this tavern.

Legs Didn't Meet.
Dickie was out playing on a damp, cold morning dressed in a thin suit and short socks. Later he entered the house vainly trying to pull his little trouser leg down to reach his sock, and said to his mother: "Dickie's all warm, mamma, 'cept where his legs don't meet."

Boers Stick to Weak Tobacco.
The Boers in the Transvaal smoke something that resembles a weak tea. It has a peculiar flavor and Englishmen who have become used to it never smoke any other substitute for tobacco while in that country.

California's Gibe.
From an account of an Oregon wedding: "The bridegroom's present to the bride was a handsome diamond brooch, together with many other beautiful things in cut glass."—Oakland (Cal.) Tribune.

Poor Chance to Retire.
About the time a man gets to the point where he can afford to retire he has to work all the time taking care of the interests he has built up so that he might retire.

TO HOLD CELEBRATION AT STARVED ROCK

Starved Rock, one of the most picturesque spots in Illinois and one of the places most intimately associated with the early history of the territory, will be the scene of an historic pageant on July 4, 5, and 6 in commemoration of the centennial of the admission of Illinois into the Union. Plans for the celebration were completed here this week and the use of Starved Rock State Park for the occasion has been secured from the state authorities.

Two thousand people will take part in the pageant and trails to the park have been marked for a radius of more than a hundred miles in anticipation of the large attendance from all sections of the state.

On July 4th, there will be a great Illinois picnic. July 5th will be First Settlers' Day with an exhibit at the Starved Rock hotel of the historic works and papers of LaSalle county including the first land grant which was issued to Henry Tonti. July 6th will be D. A. R. Day, when the LaSalle County Chapter will be hostesses to the visitors. The pageant will be given on each day.

All of the cities of LaSalle county, including Ottawa, LaSalle, Streator, Mendota, Peru, Versailles and Seneca, have been drawn upon in securing casts for the pageant.

The pageant will be given on grounds in an enclosed park at the foot of Starved Rock and directly north of the hotel. The Illinois river front will be used for the river scenes such as the landing of Marquette, LaSalle, Tonti and the Indians. A tribe of real Indians from the Tama reservation will be used in the Indian scenes. Fireworks and other illuminations will help to make the scenes beautiful. The performance will begin at six o'clock in the evening. It is anticipated that this will be one of the most attractive celebrations of the centennial.

Starved Rock has an interesting history. Its name originated from the tragic siege by the Pottowatomies of a portion of the Illinois tribe which had taken refuge on the rock. The siege lasted until the Illinois all died of starvation, hence the name "Starved Rock."

Here Henry de Tonti, the faithful friend and valued lieutenant of LaSalle defended the fort for many days amid scenes and events of bloody Indian warfare. Across the river, Father Marquette, the saintly priest and explorer, founded his mission of Immaculate Conception. About this spot, much time was spent by LaSalle, the most historic figure in the discovery of the great West.

The pageant will be in three parts. The first will be allegorical, showing how the earth was made a suitable host for civilization. The second will be historical, showing the earth ready for brotherhood, and the third will be prophetic "Making the World Safe for Democracy."

Y. W. C. A. NEWS

Miss Mary Wood Hinman director of the Hostess activities in Illinois for the War Recreation Board gave a splendid inspiring talk at the Y. W. C. A. Monday evening to a large audience that completely filled the gymnasium. She told of the vast amount of work that is being done to care for the leisure hours of the men in uniform, work that is both interesting and constructive.

She was accompanied by Miss Travis, War secretary for the War Recreation Board, Battle Creek, Mich. The musical part of the program was listened to with a great deal of pleasure. Mrs. C. G. Alexander singing and Elizabeth Morrison contributing several piano solos.

Lemonade and wafers were served by the Bluebird club. The knitters club gave a party for their friends Wednesday evening which was thoroughly enjoyed by all. This is our newest club and they are adding one more interesting activity to the Association.

The Bluebird club enjoyed a picnic on the beach Wednesday afternoon in honor of their leader Miss Sedgwick who goes to France this week to engage in Y. M. C. A. work as a parting gift she presented each with a Bluebird pin.

It is with deep regret that the Association parts with Miss Helen McQuilian who has been General Secretary of the Patriotic League in Highwood for the past year. She becomes Girl's Work Secretary in Battle Creek Mich., where a larger field of activity awaits her. Miss Moses is taking her place temporarily at Highwood.

The Misses Eileen Fritch and Eleanor Bartlett are enjoying the Industrial Girls Conference at Dewey Lake, Mich. being representatives from the Patriotic League.

Extra Special this Week! Elegant New Blouses of Fine Georgette Crepe

Remarkably Low Priced at \$5.75

Blouses as beautiful as the dawn of a summer morn. New in creation and fashioned in a variety of distinctive models.

Blouses of similar quality are selling in Chicago shops for \$6.95 and \$7.50. We invite you to make comparison.

The georgette crepe is an unusually soft, cob-webby texture, though remarkably firm and durable. White, maize, sand, pearl and peach.

Richly beaded and silk embroidered styles, as well as tailored models, with fine tucks and careful hemstitching. Special this week \$5.75

Voile Blouses at \$2.50

Adorable new creations of the finest white voile, embroidered, hemstitched and tuck styles, splendid values at \$2.50

EYES AND SUNSHINE

Strong sunlight causes wrinkles, a fact so many women learned too late, to their sorrow. Once thoroughly established, these tell-tale furrows, the unmistakable imprint of the finger of time, are very difficult to eradicate, requiring constant effort, and even great physical discomfort to erase. A certain amount of sunlight is good for the skin and the eyes. No one of nature's elements, if used with discretion, will act as a destructive power to the body. The trouble with the sunlight cure is that it is too often taken in overdoses. Notice, on a particularly bright day, a day when the sun's rays are almost metallic in their strength, how the eyes of the people you meet are squinted in an effort to alleviate the pressure on the nerves of sight.

The squinting process causes innumerable little wrinkles to appear about the eyes and across the bridge of the nose. Holding the face in this strained position easily becomes a habit, and once it is a habit the damage is done.

One of the best ways to prevent injury to the eye as well as a premature mask of age, is the wearing of that hat that shades the eyes. Persons whose work compels them to be much out of doors during the summer months should select a hat that will shade the eyes, one with a broad or drooping rim. Despite the fact that much fun has been poked at the bushel basket hat of fashionable moment, it is the much more sensible for summer wear than the peach basket variety that snuggles up close to the hair and leaves the burning sun to blaze its way across the face and eyes.

Women have the added protection of a parasol, a bit of feminine frippery that has its mission of service as well as beauty. Lacking this resource, men may select soft hats that toss down over the eyes, wide-brimmed sailors or Panamas, for a permanently furrowed face no more becomes a man than it does a woman.

In extreme cases, use glasses with slightly darkened lenses, preferably those of a medium violet shade, and observe what a rest they will confer upon the tired, sun-strained eyes.

Troubles other than the sun-astigmatism and nerve strain—will also produce wrinkles and eyestrain, as well as inflammation of the conjunctiva, or outer coating of the eye. These troubles should lead one to the office of a reliable optometrist, who with his instruments and other tests is able quickly and accurately to diagnose the trouble, and, when required, supply glasses that will correct these defects.

In summer time the eyes should be treated to a daily bath, for dust and particles of dirt are blown into them and danger to the eye-ball ensues. A bath of tepid water, in which has been dissolved a little boracic acid, will work wonders in keeping the eye in a good condition during the summer.

I. H. Mannon, Optometrist

To the Republican Voters of Lake County

I am a candidate for County Treasurer, subject to the decision of the Republican primary, September 11, 1918. If nominated and elected it will be my endeavor to conduct the office strictly on business principles.

I will expect and accept only the salary of the office as my compensation. All earnings of the office and all interests earned on funds will be returned to the people.

I will see as many of the voters personally as possible before the primary, but in case I do not see you, I assure you I will appreciate your support and will do my best to protect your interests.

Yours very truly,
Edward J. Yeaman, III.
Waukegan, Ill.
