The Social Side of Life Local Affairs of the week

By the Observer

Highland Park streets have never resounded as now to the rhythmic clatter of military feet, hundreds and thousands of them march by each week, usually in small companies and squads. Often the boys are singing and the spirit of it all is very contagious. "The Army, the Democratic Army" is a strain that particularly stimulated the observer's pride in her country as she emerged from the postoffice the other day. What the rest of the song may have been she did not hear, but that one strain floating back as the men receded induced a train of reflection somewhat as follows: "Yes, ours is the really democratic army, men of all conditions and classes marching along side by side worshipping the same ideal of universal democracy, the will not only to fight for their own hearths and homes but to help their struggling brothers on the other side of the Atlantic in a united attack against privilege and autocracy. Of what fine caliber the R. O. T. C. boys are! As they march by with boyish good nature, in partly civilian clothes, one likes to think that they are a fair sample of the raw material out of which America's magical new army is mostly made.

The Great Lakes paper spoke of the allied forces of "Old Sol" and "General Humidity" that had borne down heavily upon them of late. We Highland Parkers were thankful for the temporary retreat of those same allied forces last Saturday when we celebrated our "Sons-In-Service Day"; the weather was certainly merciful to guest and host on that day of days in the annals of our city. The parade to the bluff's edge, the sea plane circling overhead, the visit of the Governor and other distinguished men were all eloquent of the honor we wished to pay to the fathers and mothers, wives and sisters of our gallant men in service.

The past week's calendar has been full of interesting events. Dances at the club and Ravinia Park took place as usual last Saturday. The Sinai Society's entertainment of sailors at the Moraine was a large and successful affair. An Arden Shore picnic Monday and benefit bridge Wednesday at the Moraine helped to furnish material aid to many mothers and children of the poor, upon whom, after all, falls the brunt of the war burden. Tickets are being sold for the card party and lawn fete that will be held next Tuesday, August 20th at 2:30 p. m. at the home of Mrs. William Monroe Wright. The proceeds are to go toward a piano fund for the Highland Park Woman's Club.

Exmoor Country Club measured up to its regular week-end activities on Saturday both afternoon and evening. The golf links were dotted with play.

We prescribe, grind and fit eye glasses.

In the absence of the Pastor, Rev. A. A. Pfanstiel, D.D., will occupy the pulpit at 11 o'clock service Sunday morning, August 18th. Dr. Pfanstiel needs no introduction to the people of Highland Park and many old friends no doubt will be glad to learn of the Doctor's return and an opportunity to hear him in his old pulpit. Dr. Pfanstiel has also kindly consented to take charge of the Community Vesper Service at the Lake Front Park in the evening. After the service the men in uniform will be guests of the Churches of Highland Park at the Episcopal Parish House.

Sunday School of the Church is held at 9:30 o'clock and all are invited to attend. Summer residents are urged to send their children even though their stay in Highland Park may be brief. The usual mid-week prayer meetings will be omitted during the months of August and September.

FOURTH LIBERTY LOAN WILL BE THE TEST

Campaign to Begin September 28; Close October 19; Teutons Will Closely Watch Result.

The campaign for the Fourth Liberty Loan will begin September 28 and close October 19. The result of the loan will be watched with keen interest in Europe, not only by our associates in the war against the Teutonic powers but by our enemies. It will be regarded by them as a measure of the American people's support of the war.

The Germans know full well the tremendous weight and significance of popular support of the war, of the people at home backing up the Army in the field. As the loan succeeds our enemies will sorrow; as it fails short they will rejoice. Every dollar subscribed will help and encourage the American soldiers and hurt and depress the enemies of America.

The loan will be a test of the loyalty and willingness of the people of the United States to make sacrifices compared with willingness of our soldiers to do their part. There must be and will be no failure by the people to measure up to the courage and devotion of our men in Europe. Many of them have given up their lives; shall we at home withhold our money? Shall we spare our dollars while they spare not their very lives?
