

War Camp Community Service

Army and Navy Center
The Center grows in popularity both with the boys in service and the many generous citizens who more and more realize the privilege that is ours in having the army and navy camps at our gates.

There have been several changes in the rooms at the center. The walls of the little writing room have been removed, giving a fine space for the beautiful new pool table given by Mr. Benzinger of the Brunswick-Balke Co.

Flowers are provided and kept the Center fresh and attractive. Jackies Gourley and Grant have painted delightful posters and donated them in appreciation of our hospitality to the boys from Great Lakes and they add greatly to the decorations on the walls.

The writing room at the back has been well arranged, but we hope to add to the space by making other contemplated changes.

We have received numbers of new games, and each week ideas are developed to make the Center more attractive and interesting and homelike.

ADELE M. EVERETT, Chairman.

Social Committee

Seventy-three boys were served at dinner last Saturday and one hundred the week before. It is impossible to give the number of boys who come for Sunday tea and cake, but the hostesses who continue to respond readily, announce that from twelve to twenty cakes are furnished each week and every scrap and crumb consumed.

Gifts of two inexpensive tablecloths three yards long (they need not be more than one and one-half yards wide) and some plated teaspoons would be greatly appreciated.

EVVA EGAN TRUAX, Chairman.

Hospital Committee

The recreation room at the hospital has been furnished with twelve easy chairs, six tables, electric fan, many new victrola records, etc.

The North Shore Garden Club gives one party each week to the convalescents at the hospital. Ice cream cones to the number of three hundred and sixteen home made cakes were served last week. After refreshments automobiles provided by members of the North Shore Garden Club take the boys who are able to go for rides—long or short as their strength permits.

Fresh flowers, from North Shore gardens are taken to every room and ward twice each week.

Among the more personal things may be mentioned these: One southern boy who had a craving for fried spring chicken was supplied; another wanted malted milk and he got it; a maid has been provided for the nurses' quarters; a farewell dinner given for a nurse leaving under orders for Honolulu; a room provided for the wife of a sick soldier who had been in the hospital for seven months, in order that she might be near him, and a furlough obtained for him.

MRS. R. C. JACOBSEN, Chairman.

Lack of space forbids the telling of the Hospitality room which Miss McKenzie is furnishing at Camp Perry, Great Lakes, under the auspices of the Army and Navy Center. Full details may be looked for later.

Dozens of postals, interesting and appreciative, are coming each week from the boys 'over there.' We quote: "Dear Army and Navy Center: I know if you look in the back of that 'register book' you will find the names of the boys of Hospital Train No. 32 registered very often. We are now Hospital Train No. 55. Our No. 55 is quite widely known 'over here' as we are the baseball champions of the train. We were also cited by General Pershing for the work we did in the July offensive of the Allies. We carried on our work night and day for several days without rest, but lately we are enjoying quite a rest. Thanking you for those many pleasant evenings spent at the Center. I remain, a friend,

CLYDE H. CHASE"

VOTE FOR Lee McDonough Republican Candidate for the Nomination for Representative from the 8th Senatorial District.

Lake County presents the name of Lee McDonough of Waukegan as a candidate for nomination for state representative from the Eighth Senatorial District, comprising Lake, McHenry and Boone counties.

Lake county is the largest county in the district, but for many years has had no member in the lower house, on the Republican side, due almost entirely to the skillful manner in which McHenry county has played its politics.

There are to be nominated two Republican candidates. Lake county is asking for one of the nominations, while certain interests in McHenry county are demanding two.

McHenry county should be conceded one place, and it was hoped by the party in Lake county that its claim for recognition would be looked upon favorably.

McDonough has placed the County Treasurer's office upon a basis that will be followed by his successors for many years to come, and has demonstrated that business methods can be successfully carried on in a county office. And it is upon his record as County Treasurer he bases his claim for your support.

The earnings of the treasurer's office in Lake county for ten years previous to McDonough's term were \$28,101.05 and for the four years of McDonough's term the earnings were \$50,453.75, every dollar of which latter amount has gone to the county, as shown by the past audits of his office.

For Honesty, Efficiency, Courtesy, the voters will do well to nominate Lee McDonough, on Wednesday, September 11.

While the sincere appreciation of the committee in charge of this drive means much to these earnest workers, the piety and linger longest in their memories will be the satisfaction of having helped those innocent babies who, through no fault of their parents or their country, are appealing and pitiful objects of charity. The people of this blessed land are glad there was a Belgian Babies Day so that they might send some cheer to them across the sea.
