

To the Voters of Lake County:

I hereby announce that I am a candidate for re-election to the office of County Clerk, subject to the decision of the Republican Primary to be held Wednesday, September 11th, 1918.

I have served you in this capacity for nearly eight years. With this experience, coupled with a legal education, I feel that I am as capable of conducting this office for you as any one you could select.

The manner in which I have conducted my office you all know. If I have been efficient, you know it. If otherwise, you know it; therefore I need waste no words upon that subject.

It is my wish, however, to assure you that re-elected I shall render you the same service I have given you in the past with such improvement upon the same as my increased experience empowers me to add. I desire nothing other or further than the treatment accorded a tried servant, to be discharged or retained in accordance with the fidelity or lack of it with which I have performed my duties.

I therefore respectfully solicit your vote and support.

**LEW A. HENDEE**  
County Clerk.

**Y. W. C. A. NEWS**

Mrs. Searcy and Miss Alice De Young are attending the annual conference of the Young Women's Christian Association at Lake Geneva this week. A very strong program is being given all over the central part of the United States.

Miss Grace Marsh has returned from her vacation and has assumed her position as hostess at the Hospitality Rooms in Ft. Sheridan—during Miss Saxton's absence in Duluth, Minn.

The Bluebird Club, under the leadership of Misses Gladys and Bernice Tucker, are enjoying a delightful vacation at the Y. W. C. A. Camp in the Edith McGregor Adams cottage over at Druce's Lake. Those in the party are Darline Jones, Hilda Larson, Ruth Travis, Ethel Hill and Lillian Tucker.

Miss Alice De Young has returned from the conference at Lake Geneva. The Loyalty League raffled their pillow slips August 26. They will be sent to Mr. Zerula, who had No. 155. At this meeting Mrs. Alexander gave us a short talk to our duty to our French orphan.

Misses Winona and Irene Van Karsten of Muskegon, Mich., are guests of Alice De Young at the Association rooms.

Mrs. W. A. Alexander left Tuesday morning to attend the conference of the Young Women's Christian Association at Lake Geneva.

Will those who have tin foil or old post cards, please leave it at the Y. W. C. A. rooms. The tin foil is sold and the proceeds will pay for comfort kits for our boys in the trenches. The post cards are sent to the Sunday school children of China.

C. G. UNANGST, Pastor

The Barrington Camp Meeting was well attended. The attendance on the two Sundays was probably never larger. The enthusiastic testimonies of the people in the closing services indicated that they had been greatly helped in their spiritual life. Our congregation was represented by about ninety people on the first Sunday and quite a large number were there for the entire season. A missionary who has spent a number of years in Africa and who knows the religious condition in our own land said it would be well if such camp meetings could be held all over the United States.

Those who were not able to attend the camp meeting were rather lonesome the past two Sundays, as no services were held in the church. Therefore our services on next Sunday will be something like a family reunion. The following is the program for the day:

9:30 A. M., Sunday school. Subject of Bible lesson, "Christian Giving." Luke 6:30-35; 21:1-4.

10:35 A. M., Sermon by the pastor on "Christ's Presence at the Barrington Camp Meeting." Matt. 18:20.

7:00 P. M., Christian Endeavor meeting. Subject, "All for Christ." Consecration meeting. Miss Caroline Schals, leader.

7:45 P. M., "Expectedly Difficulties Unexpectedly Removed by the Pathway to Christ." Mark 16:3-4.

There will be good singing and a royal welcome for everybody.

**STATE FOOD EXHIBIT**

Illinois will have an imposing food products of the state at the National Truck, Tractor and Equipment Exposition at the Municipal Pier, Chicago, September 14 to 21 inclusive.

Following a conference with H. V. Buelow, manager of the exposition, who went to Springfield to arrange for the most effective co-operation between the exposition officials and state officials, Chas. Adkins has issued the order for the big Illinois food display.

In addition to the Illinois state exhibit, Ohio and Wisconsin will have agricultural displays. There will also be a state good road exhibit and a lecture on country life each day.

**GOOD ROADS SAVED FRANCE IN ITS HOUR OF NEED**

Good roads have twice saved France in the present war, says a contemporary. Had it not been for the radiating road system maintained by the French Government, the Germans would have won the Battle of the Marne and reached Paris. The Germans had calculated on only three divisions being sent out from Paris to stop the invasion. Instead, the excellent system of highways made it possible for five divisions to be sent to this front.

Again, shortly after the battle of Verdun started, the French railroad which was to furnish many of the supplies to the troops was destroyed. The French Government, however, had a macadam road thirty-two feet wide on which four lines of traffic, two in either direction, were maintained. Day and night 14,000 motor trucks carried men and equipment. The traffic never stopped. When a hole was made in the road a man with a shovel of rock slipped in between the lines of motor trucks and threw the rock in the hole, then jumped aside to let the trucks roll the rock down.

If there was any nerve whatever in the Hohenzollern bunch one of the little Six would go out and get himself killed as a military and political necessity.

And as it used to be fashionable to change the name of occupied places, we suggest that the last two letters of Ourcq be dropped.

TEACHERS SHOULD BE WATCHFUL OF PUPILS' VISION

To say that teachers should also watch over the vision of their pupils would seem like adding straws to a load that is already too heavy, but it will save much in the end. Many teachers today are wearing their nerves to a frazzle trying to get out of certain of their pupils more than their unsuitable eyes will permit.

The first step is to have the eyes of the children examined every year. Notify the parents of the facts; they may act or they may not; if they do and the child wears glasses that make his eyes normal, he is benefited; if not, if the parents rebel, then the teacher knows the child's handicap and will make due allowance, and incidentally will not wear out her own nerves trying to do the impossible.

There is not the slightest doubt that the present day school work is a strain on children's eyes, and that it must continue to be so to a greater or less extent. To offset this the eyes should be helped as much as possible, by rest, by proper lighting, by minimum eye work, and, where necessary, by glasses, so that all will have an even chance so far as their mentalities permit.
