ENTRANCE OF NORTH SHORE CEMETERY

North Shore Cemetery will be a place of special interest to bird lovers. Already it has several attractive birdhouses which are occupied by the feathered warblers and the number will be increased from year to year.

North Shore Cemetery will not be a senseless hodge-podge, nor will it look like a stone-yard. It is and will be a beautiful interment park.

WAR CAMP COMMUNITY SERVICE BOARD MEETS

Continued from Page 1

ported that she had already gotten her committee under way and gave the following list of names as proposed members of the same: Mrs. W. A. Alexander, Miss Priscilla Carver, Mrs. Geo. A. Mason, Mrs. L. R. Rigdon, Mrs. Sewall R. Truax, Mr. R. L. Sandwick, Mr. George R. Jones and Mr. Carl H. Booth.

It will be the duty of the entertainment committee to furnish music and entertainment for the boys.

It had been brought to the attention of the meeting that several ladies of the community had, unsolicited and unheralded, been doing a lot of good work in the way of entertaining the soldiers and sailors who are confined to the convalescent wards of the post and it further developed that Fort Sheridan is shortly to be discontinued as a training camp and established as a base hospital for convalescents when much similar work will be required in the future.

The immediate necessity of bringing home to the people of Highland Park the object and purpose of the War Camp Community Service was the pressing thought of the meeting and posters will be exhibited in regard to this work, indicating how it is organized, and how it works, and it is the privilege of everyone to give a helping hand in making our own center a real, live, and efficient branch of this department of the War Department—the successes will be heralded in letters of appreciation to a mother or father back home whose boy has been cared for by our local branch of the War Camp Community Service and if past performances count for anything it would seem that our local board will do its full duty to our soldiers and sailors inside and outside of camp.

To the Republican Voters of the 8th Senatorial District

I hereby announce myself as a Republican candidate for the Lower House of the General Assembly. Another term will complete twenty years of service for this district, and I have looked to that attainment with some, I trust, pardonable personal pride. However, more important, is the fact that I have wished to aid Governor Lowden, in his endeavor to make Illinois a more fit place for the boys to live in after they come home from the war.

In connection with my record in the Legislative Voters' League said recently: "Edward D. Shurtleff, representative (Rep.): Was Governor Lowden's floor leader in the house. Had it not been for his efforts it is unlikely that the Governor's administrative code bill could have been passed. He refused appointment as head of a House Committee and gave most of his time to furthering the passage of administration measures."

Governor Lowden said at Woodstock, September 6th, 1917: "I want to say a word about one of your citizens. I want to take advantage of his absence today. I refer to Edwin D. Shurtleff. I want you people of his home county to realize that, during the present administration, Mr. Shurtleff was my right arm; all during the planning of the administration code he was with me and worked zealously and efficiently. I don't know what I would have done without him: I am confident that results would not have been what they were. And, whether we have peace or war, I shall need him more than ever in the future. Therefore, I want to say to you people here that you must not permit him not to be a candidate for reelection as I have heard might be the case."

I have had numerous conferences with Governor Lowden since that time as to the program he is trying to work out in "correcting, revising and advancing the Administrative Code," in "Revenue matters," in "Court Practice matters,"—in a "New Election Law,"—and in an effort to get a "NEW STATE CONSTITUTION," and to help make Illinois a better place to live in for all its people.

I feel that the electorate of this district know where I stand on public matters, and the services I have performed, so that I need not re-state them. I expect to vote for the National Amendment.

A campaign is being made against me, pretending to be friendly, conceding my nomination, and election, and insisting that I shall have many votes to spare. If this advice should be carried to its logical conclusion, I would have no votes at all.

Their purpose is to persuade the voters that they are friendly to me, that I can be nominated and elected without votes, and that "an issue" calls for another man.

I earnestly solicit the votes of every Republican in the district who believes I should be returned—and even at that it is more than probable that I will have none to spare.

Thanking you sincerely for your support and confidence in the past, I am

Very respectfully,

EDWARD D. SHURTLEFF,
Marengo, Illinois.
