BRACHER FOR COUNTY TREASURER

Roy W. Bracher announces to the Republican voters of Lake County that he is a candidate for County Treasurer, subject to the decision of the primary to be held September 11th.

Mr. Bracher was born in the Town of Warren in 1879 and lived there continuously until March 1, 1916, when with his family he moved to Waukegan, where he has since resided. He has run a general store at Gurnee practically all his life and still continues in that business at Gurnee.

For many years he has been an active worker in the Republican party, but has never held an elective office. He is not a candidate of any political faction, ring or organization, but is running strictly on his own merits as a life long Republican, who feels he deserves well of his party, and as an upright, straightforward and capable business man. He pledges himself to turn over to the County all interest on public funds and to run the office of treasurer strictly according to law, and for the salary fixed by the County Board.

Mr. Bracher invites the Republican voters of Lake County to look up his record as a citizen and business man and solicits their support and votes.

SONS IN SERVICE

Gray Stubb's account of the battle of Chateau Thierry: Dear Mother:

It has been nearly a month since I have had access to a pencil and paper and the mail isn't open now, but I think I can get some truck driver to take this out. I expect you can tell by the papers that our division has been up where the big noise is going on and I want you to know that I am still O. K.

Our division was rushed up here about twenty days ago in French motor trucks. We rode for twenty-four hours and all the way there was a solid stream of French refugees with their big two-wheeled carts, drawn by oxen, and piled high with all the household things they could carry. There were slews of cattle and sheep; in fact everything that could be moved in a hurry was being moved back out of the reach of Fritz.

As we neared the front the stream of people changed from refugees to French soldiers who were retreating. We found a line just in rear of the French front line and then the "frogs" retreated right back through our line and when Fritz came along he stopped with a bump and we just shoved him back a couple of kilometers just to show him we could.

It was all open war-fare—regular Indian fighting. In our first advance we took cover behind rocks and trees, moving ourselves forward on our stomachs from one shelter to another. Our platoon captured two Dutch machine guns and took nineteen prisoners. At night we would dig little trenches just long enough and wide enough to lie down in.

We lived on hard tack and French monkey meat (alias canned bill) and some foodstuffs and water that we captured. It was pretty tough going because we didn't get much sleep for the first five days—just little catnaps between moves. I have seen fellows fall asleep under fire. But we have had a couple of days rest back in reserve and we are all feeling fit again and ready for another bang at Fritz.

This year I spent my birthday up on the front line in a little hole in the ground popping at Fritz and ducking whiz-bangs. I don't know that I enjoyed it any more than my last birthday. I think it is just about a draw between the two. Art Gilles came through all right, but poor Dave was pretty well shot up. They

say he will come out of it all right though.

I hear from Johnny Page again, this time from Base No. 6 which I know is in Bordeaux because when we first landed we were right near there for a couple of months. Our brigade has been cited for stopping the Dutchman's last drive so I suppose they will decorate our colors or something like that.

Well, I must stop now. Please give my love to everyone. Lots and lots of love for Grandmother Gray and slews of it for you from GRAY.

Gray Stubbs, 53rd Co., 6th Reg. U. S. M. C.

P. S.—I am enclosing a little souvenir that I took from one of our prisoner's caps. I don't know if it will get through or not.—B. G. S. (It did.)

Following is a letter from Fred Henning to his brother in Highland Park:

We are still alive and back at dear old United States soil. We left on Tuesday, (date deleted), and hiked eight miles to a ferry boat thence to — and on to the transport. We were well protected by convoys.

Nothing was wanting in the way of protection, it seemed.

We were out at sea from Wednesday morning till Saturday night. On Thursday morning at one A. M. one of the propellers broke and we had to turn back. On Friday night at five P. M. they sighted a submarine and started to fire on it. I was on the 1th deck lying on my cot and the rest were getting chow. When they fired the first shot, I thought we were torpedoed, so I sat on the side of my bunk with my life-belt in my hand waiting for the water to come in but I didn't see any. Then they fired the second shot and I knew we were not hit. They fired eight shots altogether, five from the four-inch guns and three from the six-inch guns. The third shot knocked the periscope off and the others blew it up. When I got to the upper decks the shooting was all over. One of the boys that was sitting near the gun said they marked up 26 target, so you know how we were excited. There were many who threw mess kits and mess overboard. Officers excited, too. We certainly were lucky to get back fighting subs with a crippled ship.

William A. Rosing

September 11, 1918.

Belonging to no "ring" or "faction" in politics, I ask your support of my candidacy for County Clerk, pledging, if elected, that politics will be eliminated from the office and business methods put in force. Having had twenty years business experience among you, my record is open to all and my ability to put the above pledge in force is a matter of record.

WORK PROGRESSING ON NORTH SHORE CEMETERY

Landscape Work and General Development of Grounds is Now Well Under Way.

Upwards of a year ago the Press announced the founding of a new cemetery for the patronage of citizens of Lake County as well as those of at least the northern portion of Cook County. The founders gave the new necropolis the appropriate name of North Shore Cemetery. This important undertaking is owned by the Modern Cemetery and Mausoleum Company, the Chicago office of which is 226 South La Salle St. North Shore Cemetery is located on the Green Bay Road north of Lake Forest and the management is making good progress in the development work as well as in convincing its patrons that it is entitled to the absolute confidence of the public.

North Shore Cemetery is located on a high ridge upwards of 100 feet above Lake Michigan and the ground is beautifully undulating, presenting picturesque slopes and crowning places over the entire surface of its ground. In fact, there is not a flat half-acre anywhere in the ground acquired by the Company.

It is evident that the management believes in doing everything thoroughly. Last summer it installed a sewer system which is so complete that it seems to work the year round in extracting the moisture from the lower strata of the ground by capillary action, and the work is so substantial that it should last for many centuries, the man-holes and catch-basins being made of massive reinforced concrete.

The highest talent has been employed in the planning of the landscape work and the development of the ground is well under way.

North Shore Cemetery has had funerals from various portions of the North Shore District from Evanston to Waukegan. The first interment was that of Mr. A. J. St. Peter of Highland Park last September and the manner in which the cemetery management conducted its parts of the last rites was highly appreciated by the family and friends of the deceased. Thousands of dollars worth of lots have since been purchased by citizens of Highland Park and several funerals from this vicinity have been held during the eleven months which have elapsed since the first interment.
