**To the Republican Voters
 of the 8th Senatorial District**

I hereby announce myself as a Republican candidate for the Lower House of the General Assembly. Another term will complete twenty years of service for this district, and I have looked to that attainment with some, I trust, pardonable personal pride. However, more important, is the fact that I have wished to aid Governor Lowden in his endeavor to make Illinois a more fit place for the boys to live in after they come home from the war.

In connection with my record in the Legislative Voters' League said recently: "Edward D. Shurtleff, representative (Rep.): Was Governor Lowden's floor leader in the house. Had it not been for his efforts it is unlikely that the Governor's administrative code bill could have been passed. He refused appointment as head of a House Committee and gave most of his time to furthering the passage of administration measures."

Governor Lowden said at Woodstock, September 6th, 1917: "I want to say a word about one of your citizens. I want to take advantage of his absence today. I refer to Edwin D. Shurtleff. I want you people of his home county to realize that, during the present administration, Mr. Shurtleff was my right arm; all during the planning of the administration code he was with me and worked zealously and efficiently. I don't know what I would have done without him; I am confident that results would not have been what they were. And, whether we have peace or war, I shall need him more than ever in the future. Therefore, I want to say to you people here that you must not permit him not to be a candidate for reelection as I have heard might be the case."

I have had numerous conferences with Governor Lowden since that time as to the program he is trying to work out in "correcting, revising and advancing the Administrative Code," in "Revenue matters," in "Court Practice matters,"—in a "New Election Law,"—and in an effort to get a "NEW STATE CONSTITUTION," and to help make Illinois a better place to live in for all its people.

I feel that the electorate of this district know where I stand on public matters, and the services I have performed, so that I need not re-state them. I expect to vote for the National Amendment.

A campaign is being made against me, pretending to be friendly, conceding my nomination and election, and insisting that I shall have many votes to spare. If this advice should be carried to its logical conclusion, I would have no votes at all.

Their purpose is to persuade the voters that they are friendly to me, that I can be nominated and elected without votes, and that "an issue" calls for another man.

I earnestly solicit the votes of every Republican in the district who believes I should be returned—and even at that it is more than probable that I will have none to spare.

Thanking you sincerely for your support and confidence in the past, I am

Very respectfully,
 EDWARD D. SHURTLEFF,
 Marengo, Illinois.
