

MERRICK AMES WHIPPLE

MERRICK AMES WHIPPLE
REPUBLICAN CANDIDATE FOR
CONGRESS
10TH DISTRICT

Candidate for the Republican nomination for Representative in Congress for the Tenth Congressional District, has lived in the district for over 15 years. He was born in La Salle county, Ill.

He is a descendant of sturdy New England stock, of a family that contributed loyally and valiantly in the birth of our great Republic and who since have served it devotedly; that he is 100 per cent American goes without question.

His private life has been above reproach and he commands the respect and confidence of all who know him.

He is a graduate of the Northwestern University Law School, a member of the Chicago Bar Association, the Illinois Bar Association and other organizations.

He has an extensive private practice in both the State and Federal Courts and is reputed to be one of the ablest lawyers at the Bar.

His integrity, ability and experience eminently qualify him for the office of Representative in Congress.

The Tenth Congressional District needs a Representative of the highest type to adequately represent the interests of the District in this critical period of our country's history.

Merrick Ames Whipple has submitted his candidacy for the office of Representative in Congress upon the following declaration of principles:

To bring the present war to an early and a victorious conclusion for the United States, and to establish an honorable, a just and an American peace is the paramount business and duty of the nation.

I will vote for appropriations of every character in the interest of and for the support of our American army and navy. I am in favor of the government making generous appropriations to care for our invalid soldiers and sailors and the dependents of those who bear the burden of war.

I am in favor of adequate appropriations for the purpose of carrying on the war; but I insist that, as the people must bear the burden of these appropriations, care should be taken to guard against waste and extravagance. I will oppose the diversion of any portion of these funds to greedy profiteers.

My sympathies are with those who toil in the diversified field of industry, agriculture and commerce. I shall insist on the enforcement of all existing laws designed to benefit labor, and shall advocate in the future as in the past the adoption of measures to better the condition of the working people.

I affirm my allegiance to the principles of the Republican party as declared in its national platforms.

JOSEPH E. BIDWELL, JR., Chairman Campaign Committee.

ENTRANCE OF NORTH SHORE CEMETERY

North Shore Cemetery will be a place of special interest to bird lovers. Already it has several attractive birdhouses which are occupied by the feathered warblers and the number will be increased from year to year.

North Shore Cemetery will not be a senseless hodge-podge, nor will it look like a stone-yard. It is and will be a beautiful interment park.

TESTING EYES OF CHILDREN
In most schools the eyes of the children are tested on the regular test type for their visible acuity. Those who show sub-normal vision by this test certainly need attention, but those showing good vision do not necessarily have suitable eyes for their work. Such a test helps a little, but many will pass it and yet need glasses, at least for studying and for class work.
