Announcement:

I desire to announce to my many friends that I am a candidate for the Republican nomination for Sheriff of Lake County, subject to the Primaries on September 11th.

In asking their support at the primary I am doing so entirely on my previous record as Sheriff during the one term I held that important office, during the year 1910-1914. If renominated and elected, I shall do all within my power to again administer the duties of the office in an efficient and satisfactory manner.

I appreciate the support already given me throughout the county and am willing to let my previous record stand as the basis for asking support at the coming primary.

BRIEF AND BREEZY

The favorite dish of Germans is no longer Irish Stew.

What is the world coming to? Or perhaps it is already there.

The Kaiser finds it safe to whistle through his graveyard made to order.

Premier Clemenceau of France has asked for a vote of confidence. We vote "Aye."

Each of the Boche Allies is beginning to think that it was bunched in to the alliance.

Lack of sugar will enable many people to learn the delicious flavor of coffee and tea.

Now that we have women bill posters some men won't be so stuck up as they used to be.

Have you noticed that the Kaiser is not sending any telegrams to the Kaiserin these days?

One thing is certain, few of them care about telling it to the marines, except by long distance.

Making Ludendorff the goat in Germany helps to save the face, such as it is, of the crown prince.

The central powers are quarrelling over "spoils" which seem a little thing to quarrel about at this time.

Lots of brisk young men who cannot sing "The Star Spangled Banner" can fight under it to heat the hand.

Begins to look as if the Crown Prince's troops were rehearsing for the world's cross-country championship.

The Germans have been bombarding Paris again; but their lines are getting farther and farther away from it.

Japan has failed to betray the Allies, which constitutes the blackest treachery in the minds of the Germans.

And what has become of the old fashioned salient we heard so much about recently? Ask Pershing; he knows.

"Wisconsin girl crosses sea twice chasing soldier fiancé." Headline. Who now will deny the female is the persistent sex?

John Dillon's suggestion that the settlement of the Irish problem be left to President Wilson should be classified as deliberately unfriendly.

Sixty million pairs of wool socks for soldiers, and sister Susie is still knitting. It is no wonder that our boys have never had cold feet while fighting.

It occurs to us that a lot of foresighted old settlers seem to be more interested in how to punish Germany after the war than they are in the present task of winning it.

The Kaiser told Dr. Davis that it was he who originated the phrase, "Yellow Peril." He is also responsible for six yellow streaks that have been in German uniform since the war without a scratch.

Extensions of the draft limit once again brings up the question, "Are Congressmen essential?" says the New York Morning World. The argumentative possibilities are unlimited.

Precisely how does a general lose thousands of guns, millions of pieces of ammunition and several divisions of men, and still conduct a masterly retreat. Ask Ludendorff.

If polygamy really is introduced in Germany after the war, Hans, with three or four wives working for him can devote all of his time to the habilitation of his appetite for beer.

The woman suffragists have started right in to make this a difficult campaign for all male candidates by asking them what they stand for. It may not be an impertinent question, but certainly it isn't an easy one.

The Police Gazette announces that there are nearly 100,000 barbers in the American Army. If they send them to Russia the Bolsheviks may be in for a close shave anyhow.

Now that the Onandaga Indians have declared war on the Kaiser, somebody should start a drive for a war paint fund or a tomahawk sanitarie, or something.

An American General reported that his troops were all tucked out from chasing Germans and would have to rest. Perhaps that is what General Ludendorff meant when he said that in his report "The enemy evaded us."

Your Congressman

It has been truthfully said, "NEVER IN AMERICAN HISTORY HAVE BRAINS AND CHARACTER BEEN NEEDED MORE IN CONGRESS OF THE UNITED STATES THAN THEY WILL BE AT THE TIME, PROBABLY WITHIN THE LIFE OF THE NEXT CONGRESS, WHEN GERMANY BREAKS AND PEACE COMES."

The Future is at Stake

Not only is it important that a Congressman be selected who has the capacity for the place, IT IS VITAL. The war MUST be won. Rehabilitation and readjustments must be made. The Congress must do the work and provide the means. The future is at stake.

It is no time to send mediocre men to Congress. It will not do to support a candidate simply because, for political reasons, he has been put forward by a faction or organization. The day for the mere political office seeker has passed.

It is both our civic and patriotic duty to go to the polls on Wednesday, September 11th, and nominate the best talent and character available in our district. Investigate all your candidates. Inquire as to their fitness to solve the many important governmental problems now confronting us.

Nomination of the right man at the primary, in our district, is equivalent to election in November. Select your candidate with the greatest care. Be sure that he is 100% loyal.

THERE CAN BE NO INCLUSIVE PEACE.

After concluding your investigation, we feel confident you will nominate

CHARLES M. MODERWELL
FOR CONGRESS TENTH DISTRICT

MODERWELL CAMPAIGN COMMITTEE.
