

Is Your House in Order?

WHEN A VISITOR of prominence on an important mission is expected in the home, the proud host promptly and carefully puts his house in order for the occasion.

Highland Park has official notice of the arrival of a prominent visitor on an important mission on Saturday, September 28th. He will remain about twenty-two days. He will interview you on the most serious problem of the day. He will make a test of your patriotism. He will ascertain if your financial house is in order.

Who is this prominent visitor? He is the duly accredited representative of Uncle Sam, authorized to solicit and obtain your subscription to the Fourth Liberty Loan and to decorate you with a new badge of honor.

We urge our friends and patrons to put their financial house in order for this important visitor, accord him a hearty welcome and send him on his way rejoicing, with a substantial subscription to the Fourth Liberty Loan.

If our help is needed we shall be glad to serve you.
