

# Fourth LIBERTY LOAN

*"Not without thy wondrous story  
Can be writ the nation's glory  
Illinois, Illinois."*

Frank O. Lowden  
PHOTO BY MOFFETT

"If we are grateful to our soldiers in the field we will show it by subscribing to the new issue of Liberty bonds. If we would match, so far as we may, their deeds upon a score of battlefields they have made immortal, we shall subscribe to still more Liberty bonds."—Governor Frank O. Lowden.

**October 5th** is the 100th anniversary of the great state of Illinois. To us it is a day for rejoicing, for celebrating, for sacrifices, for the bringing of gifts to the altar of patriotism;

**Because** Illinois has written some of the brilliant pages in the book of our nation's glory;

**Because** Illinois in the dark days of 1860 sent forth an army of brave men to preserve the union and stamp out slavery;

**Because** Illinois responded to the call for volunteers to fight with Wood and Roosevelt on San Juan Hill;

**Because** Illinois has sent and is sending, by the thousands, your sons and our sons, the flower of its manhood, three thousand miles across the sea, prepared to make the supreme sacrifice, that right, and not might, shall rule the world.

Another call, another challenge, another test of loyalty has just come to Illinois. The nation has asked it for a subscription to the Fourth Liberty loan of half a billion dollars.

October 5th—Anniversary day!!! What a wonderful opportunity, what a glorious privilege for every man, woman and child in Illinois to celebrate that day; to add still another chapter to "thy wondrous story," by bringing a gift and lay it on the altar of patriotism—a birthday gift—in the form of a subscription to the Fourth Liberty loan.

Fellow Citizens and Fellow Patriots of Highland Park, Prepare to Celebrate Anniversary Day, October 5th.
