# Going To Work

Several thousand people go to work every morning in the district surrounding and extending out of Highland Park.

Every day you go to work, and every day you can best serve your interests by buying and banking in Highland Park. Pay-day can be SAVING day in the broadest sense, as well as the most personal sense, if you will practice the habit of never buying anything, anywhere, until you inspect the goods and learn the prices that can be obtained in your home town.

Highland Park firms are your firms. You patronize your own establishments when you buy in Highland Park, for Highland Park is your market place—your firm—your place to save by patronizing the firms that strive to serve your interests far better than can any distant city.

Wherever you live, your interest is best served by giving your home firms an opportunity to fill your needs.

Recently the firms listed below joined with this paper to promote a greater civic spirit in the Highland Park district—to remind her people by continued and persistent statements of the fact that it pays to "buy and bank in Highland Park."

It is only by concerted efforts of the masses, Highland Park can hope to attain that should be hers. Are YOU willing to do your part? Will YOU help make Highland Park a bigger, a better and more prosperous city?

Lay aside all your little, selfish grievances—look at this matter from a broader and more liberal viewpoint—resolve that YOU will not fall short of your duty to Highland Park.
