ENTRANCE OF NORTH SHORE CEMETERY

NORTH SHORE CEMETERY is the first cemetery ever opened in Illinois in which the management commenced to make deposits for a perpetual care fund with the first lot sold. Chicago Title and Trust Company holds the Perpetual Care Fund of North Shore Cemetery and it will amount to \$17,000 per acre for the entire cemetery before the ground is all sold or a total of more than \$5,000,000. The income from this sum will be used to protect and care for the cemetery forever.

VOTE FOR GOOD ROADS AT NOVEMBER ELECTION

\$60,000,000 BOND PROPOSITION

4,800 Miles of Hard Roads to be
Built After War Through-
out the Entire State
of Illinois

Among the propositions that will be placed before the voters at the November election is the state road bond issue of \$60,000,000. With this money it is proposed to build some 4,800 miles of hard roads, and by so doing to "pull Illinois out of the mud," as one of the pamphlets issued by the Illinois Highway Improvement Association phrases it.

It is probably true that no other state with so large a population or with as much wealth has such bad roads as Illinois. We have only to go across the boundary line into Indiana to realize how backward we are in the matter of road building. Consider the following testimony from the Orange Judd Farmer:

"Men write in to me saying that we should not build hard roads until we know more about the subject. Well, they should have been along as we progressed in Indiana, coming along these beautiful gravel and stone roads which have been built in the last twenty-five years. The whole country-side reflected the difference. Clean road-sides, well kept fence rows, and a general air of comfort and well-being seemed to pervade. You can't make me believe that the roads haven't had a great deal to do with it."

The argument of good roads in Illinois is by no means an argument in behalf of the tourist or the city dweller who owns an automobile. The merits of the bond issue proposal rest primarily on the material advantage that will accrue to the country population and the state as a whole. There is no good reason why Illinois should not enjoy that advantage as well as Indiana or any other state.

If the bond issue involved an increase in taxes it would be possible to understand why there might be some opposition, but both principal and interest are to be paid out of automobile license fees. The burden will be borne entirely by automobile owners, even if they will not be the chief beneficiaries. It is estimated that the license fees from the present number of automobiles will retire the bonds within twenty-five years.

It is not proposed to issue the bonds or begin construction till after the war.

By voting the bond issue we shall not in the least interfere with the prosecution of the war, but we shall be prepared when peace comes to furnish employment to thousands of men during the difficult period of reconstruction.

—Chicago Tribune, Sept. 16, 1918.

H. P. FIRE DEPARTMENT RESPONDS TO CALLS

Platform of C. N. S. and Milwaukee
Railway Station Burns—Also
Several Woods Fires

The Highland Park Fire Department has had a number of calls during the past week. On October 7, a call was put in for a chimney fire at 321 Park Ave. but because the department responded immediately, little damage was done. Last Thursday at 7:50 p. m. the east platform of the C. N. S. & M. station at the Military Academy caught fire, but was soon afterwards put out. The other five calls were for woods fires and had the department not answered them immediately, the fires would have caused considerable damage. Let this be a warning to all to exercise extreme care when making bon fires, for on the windy fall days, carelessness may lead to serious damage.

DETENTION HOME PLAN PLACED ON BALLOT

(Continued from Page One)

perly equipped detention home, Miss Himmelsch has done splendid work with the limited facilities she has had, but there are times when her home is so crowded with youngsters that there is not room for others who should be cared for.

Very often it is desirable to keep delinquent children in custody while their cases are pending. This has not been possible to any extent up to now because of the lack of a detention home.

CARD OF THANKS

I wish to thank my many friends and relatives for the love and sympathy extended to me and my children in our recent bereavement.

MR. J. J. BERUBE

Quota Short

Your "Plus" Subscription Needed

THE FOURTH Liberty Loan Campaign closes on October 19th. At this writing Highland Park is short about \$100,000.00 in its quota. Only a few days remain to make good and it is up to those who have not yet subscribed to come forward. Those who have already subscribed must join the "Plus" Patriots at once.

We have made our "PLUS" Subscription and are ready to help you make yours. Our friends and patrons can borrow from us and buy. We make it easy for them. Our interest rate on loans secured by bonds of the Fourth Liberty Loan is 4 1/4 % for the first ninety days and 5 % for the next ninety days.

The reputation of our city is at stake.

HIGHLAND PARK BOYS DIE IN THE SERVICE

(Continued from Page One)

er. Astor Benson and four sisters, Ruth, Olga and Alice, all of this city and Mrs. Russel Trygstead, of Holton, Mich.

Memorial services will be held on Sunday afternoon at three o'clock in the Swedish Lutheran church, Highland Park, provided that the quarantine is lifted.

Barnes M. Bertness

Mr. Barnes Melville Bertness, who entered the service a month ago, being drafted and sent to Camp Grant, died Sunday, October sixth, in the Base Hospital at St. Augusta, Fla., as the result of pneumonia, preceded by influenza. He was thirty-one years old July 23rd, and had made his home in this city for the past eight years, conducting a horse-shoeing establishment during his residence here. Later he removed to Libertyville and it was from there that he left for Camp Grant and later to Camp Gordon, Ga.

The remains were shipped back to this city and funeral services were held Friday afternoon in Prior's undertaking rooms with burial in Mooney's Cemetery.

Mr. Bertness leaves to survive him his wife, three brothers and a sister.

\$200,000 SUBWAY AT GREAT LAKES STATION

(Continued from Page One)

Arrangements have been made in plans for the shifting of traffic from one set of tracks to another during the work. The electric lines will shift their traffic from one set of tracks to another during the work. Temporary trestle bridges must be built for the C. and N. W. for their own traffic while the concrete bridges are being built.

Eighteen Feet Deep

One of the two walks will be for civilian traffic and will be separated by an iron fence from the rest of the subway, enabling civilians to use proposed railroad stations, using the subway as an exit without actually entering the Station grounds.

Inclined roadways will lead to the Camp Farragut side of the subway from the Five Points and entrance and to the Camp Dewey entrance from Camp Dewey main entrance from Camp Perry.

CARD OF THANKS

We wish to thank our relatives and friends for their kindness during our late bereavement.

Mrs. Huestis and Mrs. Peterson.

In the great game "over there" the allies are stealing all four bases at once, while the Boche is wondering where he would better throw the ball.

While the soldiers are selling their lives for patriotic sentiment, some of our home folks won't buy bonds because you can't sell them for quite par on the market.

It looks as if the allies would soon be passing up their plates for Turkey, and telling the carver whether they prefer white or dark meat.

The motorists who are satisfied with 15 miles an hour don't cut a great figure on the road, but you don't very often see the farmers running with fence rails to pry them out from under the car.

Some of the registrants who are trying hard to get Ex-empted now, will find it means that later they will be Excluded from a lot of things.

The old proverb says it is better to be safe than to be sorry, and the slackers are quite likely to succeed in being both.

The people who were to indolent to plant their gardens in any season last spring, are now complaining about their hard luck in losing vegetables by frost.

The girls may go to ride with the fellows who burn gasoline the most recklessly, but they are apt to sign up with the one who has the most Liberty Bonds.

Also the girls who can dance the latest steps get the most invitations, but the one who can cook blueberry muffins is more likely to put in the order for the white satin gown with point applique lace and cut en train.

Many of the people who rush to the drug stores to buy influenza remedies, are the same ones who shut out from their rooms the best remedy of all and the one that costs nothing, fresh air.

DEERFIELD-SHIELDS DEFEATS THORNTON

(Continued from Page One)

home team. This was made possible by the good work of the line which broke up the Thornton defense, and by his own speed and dodging ability. Early in the fourth quarter, Jackson, who had displayed speed throughout the game, scored the final touchdown by simply running rings round the Thornton ends and backs. Lineup:

Deerfield (23)	Thornton (0)
Parcelles	LE Johnson
Bolan	LT Myers
Proctor, McDowald	LG Wilson Vander-veer, Harnke
Kimball	C Anderson
Leaf	RG Kenyon
McIntosh	BT Pearson
McLwain, Sheridan, Johnson	RE Hammer, Ziebell
Holmes	QB Buckley Clausen
Morgan	LEB Buel Hammer
Jackson	RHB Brady
Bell	FB Lambert

Touchdowns: Kimball, Morgan, Jackson. Goals from touchdowns: Kimball, 2.

Saturday afternoon Deerfield will play New Trier High School on the home grounds. An interesting game is promised and one of the biggest of the season.

BOB O'LEIK GOLF CLUB

October 19—

Final consolation trophy. Eighteen holes, match play, three-quarter handicap.

Eighteen holes, medal play, handicap. War Savings prizes for first low gross, second low gross, first low net and second low net.

CARD OF THANKS

We wish to thank our many friends for their kindness and sympathy extended during our recent bereavement.
