**HIGH SCHOOL NOTES**

Last Friday afternoon the students of Deerfield paraded through the town carrying a number of thrift posters. Those who saw the parade said that the good effects of military training were already in evidence as the marching was much superior to that of last year.

On the evening of November 26th we are going to have a very great treat. Count Ilya Tolstoy, Russian writer and philosopher, son of Leo Tolstoy, the great novelist, is to deliver his lecture, "The Tragedy of Russia."

Count Tolstoy has been in Russia during the present revolution and therefore speaks from first-hand knowledge. Further notice will be given, but this is an invitation to save that evening.

The first regular meeting of the French Club was held Thursday, Oct. 30th. The minutes were read and a report was made by the Treasurer concerning the money which was going towards our French orphan. The required amount has been raised and our orphan, whose name is Raymond Mazieres, is being cared for in the best way possible over there.

Mr. Perrine then gave a very interesting talk on "The Reign of Louis the XIV," which was followed by "Connais-tu le pas," sung by Miss Noyes in French.

James Holmes played a violin solo and Miss Bisbee, a cornet solo; Miss McAfee accompanied both. A short play, "El Joven Medico Infortunado," (The Unfortunate Young Doctor), was admirably presented by Garfield Leaf, Frank Tiesch and Dorothy Laing. **Y. W. C. A. NEWS**

The military training for the young women of the Y. W. C. A. will commence Monday evening, November 11, at 8 p. m.

The drill will be under the instruction of Lieut. Shea of the Adj. office in Ft. Sheridan, and will be a great advantage to those who enter the class.

There is no charge for this branch of our work and it is open to all members of the Y. W. C. A. and Patriotic League. No special costume is required except middie, short skirts, and low heeled shoes or slippers.

The first drill will be held in the Y. W. C. A. Gymnasium, but when the numbers outgrow the headquarters the drill will be transferred to larger quarters.

It is very desirable for all to be present at the first class.

A call has come into the Y. W. C. A. office for volunteer help for a few days in one of the offices at Ft. Sheridan. Any young woman who can do typist work will be aiding the Government in the rush of war work that has literally swamped the office force in the Fort. Stenography will be an advantage but not at all necessary in this work.

This is a splendid chance for girls to do war work right here at home under pleasant conditions. Even if you can only volunteer for one day every little bit helps. Communicate with Mrs. Searcy, Phone 75, for further particulars.

The Junior Gymnasium work opened Monday, Nov. 4, with three classes. Mrs. Humphrey and Mrs. Lloyd were in charge. A pageant will be given in the near future and it is earnestly hoped that all who expect to come into the class will do so promptly in order that the special preparation may begin.

The first meeting of the Mothers' Club will be given Tuesday, Nov. 12, at 8:00 p. m. A splendid program will be given, both musical and literary.

The elected candidates feel profoundly grateful that the country is safe.

**"Buy at Home and Support Your Local Dealer"**

When you buy at home you are not only serving the best interests of your local community, but you are conveniencing yourself. Considering the uncertainty of deliveries from the larger shopping centers caused by freight congestion, storms and labor shortage, it is logically more convenient and economical for you to trade at home whenever possible. With the "express service at less than express rates" of the

speedy and sure delivery is certain in a shorter time than if you went away from town to trade. You seldom need to leave town to shop. If your local dealer cannot supply your need from his stock, he can get it for you quickly. He can phone his jobber or wholesaler and request that the items be sent to town by the North Shore Parcel Dispatch. If your dealer orders early in the day, he is assured of

The people who think the soldiers straggle camps a menagerie for public exhibition, with all these spies and plotters around, may be the same ones who think it strange that the influenza started simultaneously in a lot of cantonments.

In these days when shoe prices are limited to \$12.00, it is desirable to speak respectfully to the cobbler.

It is claimed there are too many stray dogs running around loose in Highland Park. The food administration should not overlook this.

The German official bulletins keep reminding us of a farmer who went to the cattle show with a pair of oxen, traded his day getting a great bargain one time but returned at night with one hen and a jack-knife.

As the Germans agree to all President Wilson's peace terms, except Terms Number 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13 and fourteen, they lay upon the bloody Americans the responsibility for further fighting.

Now that alcoholic liquors are declared to be an unsuitable remedy for influenza, some people will conclude that it is undesirable to have it.
