### STOP BOLSHEVISM BY SAVING FOOD, WHEELER'S PLEA

"Red Flag Always Goes Hand in Hand With Hunger," the Administration Warns.

"Bolshevism and the red flag flourish where hunger dwells. Food Europe and this peril will vanish. Withhold food and even the Atlantic will not be a barrier to the spread of this doctrine of lawlessness in our own country."

This is the warning note in an appeal issued by Harry A. Wheeler, Illinois food administrator, reminding Chicago that food conservation is still necessary.

Mr. Wheeler said further: "This country has been called upon to make very few sacrifices as compared with those suffered by our allies. The food administration again asks us to continue to save food, this time for world relief. We ought to, and we will, do this willingly and unselfishly."

Waste Offends Humanity. "Laziness and waste in food and the fourth men should be eliminated. They are offensive to humanity as long as Europe's starving millions are imploring us for food."

"The cessation of hostilities has made a greater demand on American food supplies. We must ship twice as much food overseas this year as we did last and nearly four times more than we shipped any year before the war."

"While this program is big for the entire country it means only a little effort and thought upon the part of each individual. Let us start today and save food."

### FOOD ADMINISTRATION

To Purchase Surplus Wheat Substitutes—Consumers Urged to Continue Their Use.

Because food administration rules do not now require the sale of substitutes with wheat flour, a few dealers and bakers are finding themselves stocked with these substitute cereals in excess of their normal requirements. In order to prevent waste of these substitutes the food administration grain corporation is preparing to assist them and will purchase a limited quantity. This assistance will be given only to those dealers and bakers who have large amounts of substitutes in excess of their requirements for the next few winter months when there is no danger of spoiling. Dealers or bakers having small quantities left on hand will continue to distribute them, and it is urged that consumers continue their use.

Only the following substitutes will be considered for purchase: Victory mixed flour, white corn flour, yellow corn flour, patent and straight rye, barley flour, cream cornmeal, other cornmeal, dark dye flour.

The food administration cannot purchase substitutes in less than car loads but is preparing to buy mixed or pooled cars. Owing to the fact that the minimum car is 90,000 pounds, it will be possible for associations of dealers to join in assembling and forwarding these excess cereals. The food administration cannot purchase these substitutes after December 31.

Dealers to Use Up Small Supplies. The burden on the railroads makes it imperative for retail dealers and bakers to use up small amounts on hand. It is not the intention of the food administration to purchase all of any one substitute. Each dealer is expected to retain a normal supply and is asked to take into consideration that the material increase in the use of substitutes during the last year will to a large extent continue for some time to come.

County food administrators have detailed instructions as to how to handle this situation and dealers and bakers should consult with the nearest county representative for further information.

### WORLD FOOD SUMMARY

In support of its policy to keep farmers of the United States fully informed of world food conditions and probable needs for certain commodities, the United States food administration has completed a summary of unusual importance to producers.

The world balance sheet of food products shows a shortage of three billion pounds of fats and three million tons of high protein feeds. Among fats are included pork products, dairy products and vegetable oils.

Commodities of which there are sufficient supplies, if used with economy, are wheat, rye, beans, peas, rice and feeds other than those high in protein. Sufficient beef is in sight to load all refrigerating ships' capacity.

There is enough sugar for our normal consumption if other nations retain their present short rations. If they increase their rations, there will be a shortage. Coffee is the only common food commodity of which there is a world surplus. With the possible exception of high protein feeds, the United States has sufficient food and feed for its own people, but to fulfill its pledge of 20,000,000 tons to Europe by July 1, 1919, there must be continued conservation and avoidance of waste.

Help win the war against famine. Save food so a famine stricken may be fed.

### HIGH SCHOOL NOTES

Monday morning we were all greatly surprised and pleased to hear in session the announcement that Prof. Maria L. Sanford was going to speak during the first period. "Grandma Sanford," the dearest little old lady on earth, is an old friend of ours. We always feel a thrill of joy when we hear of her coming, for we always know she has a special message for us.

Her message this time was on "Making Life Worth While." She told us we must work and dig if we expect to find the Key to Unlock the Door of Success. There are two classes students can belong to: the first, the B. B. A., or the G. B. A.—"Boys Be Ambitious." The second, C. T. B. B.—Content to be a Booby. You can only belong to the first if you work hard and conscientiously, otherwise you must belong to the C. T. B. B. To which society are you going to belong?

The Christmas vacation will begin Dec. 21, and in compliance with a petition, the school board has decided not to reopen school until January 2nd, 1919.

Mr. Bournique is giving a series of dancing lessons during the military drill period on Wednesdays.

The French Club will meet on Thursday after school. The first year students will give a very short Christmas play.

### PRESBYTERIAN CHURCH

The Bible School will meet at 8:30 and will practice on the Christmas hymns.

The Christmas service will be at 11:00 o'clock. The same program of "White Gifts for the King" will be followed this year as was followed last year. Each one who attends is expected to bring some gift of SELF-SERVICE and Substance for the King.

The Vesper service will begin at 4:00 o'clock.

Prayer meeting will be omitted this week, Christmas day coming on Wednesday.

### EVANGELICAL LUTHERAN

On Christmas Eve, at 6:30 the Sunday School will render a children's program. The children will sing several new delightful Christmas Carols.

On Christmas Day there will be a service at 10:45 and another in the evening at 8:00.

Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known to us."

### IN MEMORIAM

Lillian Marie Josephine Bletsch, wife of William S. A. Bletsch, and daughter of Mr. and Mrs. Seheuler of Dayton, Ky., who died in this city Sunday last and was buried at Memorial Cemetery Tuesday, was one of the most loved and lovable young matrons of this community.

We do not know—we cannot understand why the young, the beautiful, the true—should be called so early from the field and vineyard of the world, but we do realize that there can be no error in the Perfect Plan and that—

"Death never comes to such with chilliness in the mystery of his touch.

They gently pass away  
As melts the morning star in golden day;

They leave the places they have known below,  
And thru the White Gates of the morning go."

—Contributed.

### ADJUDICATION NOTICE

PUBLIC NOTICE is hereby given that The Subscriber Executrix of the last Will and Testament of Charles Brown deceased will attend the Court House in Waukegan, in said term thereof to be holden at the Court House in Waukegan, in said County, on the first Monday of March next, 1919 when and where all persons having claims against said estate are notified and requested to present the same to said Court for adjudication.

Ida M. Miller, Executrix.  
Waukegan, Ill., Dec. 16th, 1918.  
(42-46)

The people who complain most about the exactions of the food producers are frequently the same ones who had too many social engagements to do any canning this fall.

Someone asks what has become of the butcher who used to "throw in" some soup bones when you bought a roast. Well, last heard from he was carefully weighing the wrapping paper with the meat.

Started with 5¢ in one year had 67.50  
You can do it—Start to-day

## A Practical Gift

A CHRISTMAS of Peace should be a Christmas of practical gifts. When you spend a dollar for a useless trinket, in a degree, you are wasting that dollar. When you invest a dollar in Thrift Stamps or deposit it in a savings account, you are conserving that dollar to pay the war debt, to help feed the hungry nations across the sea, to reconstruct and rehabilitate a war-desolated world.

On the eve of this Christmas can you conceive of a more practical gift than a bank book with an initial deposit of one dollar, thereby teaching the child the first practical lesson of thrift and instilling in the young mind the true spirit of the times?

Our 1919 Christmas Club being open, you can get that bank book now, making the first deposit as large or as small as you like.
