#### SATURDAY NIGHT DANCES AT FORT SHERIDAN

Lieutenant Warren Farrell Has Been Put in Charge of the Recreation for Overseas Men

The work of furnishing recreation for the overseas men and the enlisted personnel of the Medical corps at Fort Sheridan has been put in charge of Lieut. Warren Farrell. It is his intention to run a dance every Saturday night under his personal supervision and he asks the people of this community to assist him to make it a success. He invites all of the girls of Highland Park to come and bring their own chaperon. They will be shown every courtesy and nothing will be tolerated that will in the least offend anyone.

The Recreation and Educational Department is a new department created by the Government, and it has its own staff of officers as well as enlisted men. It is the intention of Lieut. Farrell to have some kind of entertainment every night in the week as well as in the afternoons. He has been having a great deal of difficulty getting the young ladies to attend owing to some misunderstanding as to the character of the people attending, and he assures us that nothing will be tolerated that will offend the most exacting. The last two dances have been conducted under his personal supervision, and everyone had a good time and went home happy and contented. If you can't come send some one of good standing in your place. It is his intention to have cards printed admitting those who have been endorsed by some reputable person or persons and in that way keep out undesirables that are bound to, insinuate themselves in to things they are not wanted to take part in.

The people who complain the most about poor schools are often the same ones who would holler the loudest if school teachers were paid as much as day laborers.

The folks who make fun of the college girls are frequently studying the fashion while the college educated women are carrying on community work without pay.

"Will not Sit at Peace Table," says a headline writer of President Wilson. Can this be some depraved Republican who wants to intimate that he will be talking all the time?
