

FALL IN AND KEEP STEP

HIGHLAND PARK, with her many natural advantages, her slightly location, her historic surroundings, her unexcelled transportation facilities and many other blessings which contribute to her people's wealth and happiness, ought to take a foremost place among the growing, progressive and live cities of this state.

The foundation is here to build upon; whether that superstructure of prosperity shall be built depends upon her people—upon the unity of purpose of her loyal citizens.

If all will join hands and push and boost Highland Park will realize her highest ambitions and take that place among her sister cities that she rightly deserves.

Highland Park will rise when her people are determined that she shall—when local pride triumphs over narrow, petty personal concerns and when the energy of all is merged to accomplish something for the general good.

Highland Park will grow when every citizen makes a personal resolution to always buy everything possible from local firms.

Always keep this fact in mind—It's the individual effort that goes to make up the whole—yours and mine.

Don't be a laggard—Get in line with the progress of Highland Park and **STAY** there.
