

CARLETON MOSELEY WRITES IN FAVOR OF HOSPITAL MEMORIAL

SAYS HOSPITAL SHOULD HAVE \$75,000 ADDITION

Dedicate Rooms to Those Who Gave Their Lives in the War. Have Individual Names Appearing With Suitable Inscription on a Bronze Plate on the Wall and Door.

March 4, 1919.
Dear Sir:

In a memorial, sentiment should come first and it does come first in the memorial hospital idea over other suggestions for does not one of the boys returning from France speak the key-note when saying, "We volunteered for the fight and were willing to give our lives for the great purpose of making the world safe for humanity, and what more inspiring than to remember those who did make the supreme sacrifice by projecting humanity at home in their name from the calamity of contagious diseases and in general assistance when necessary."

Let us not be unmindful that each and every Highland Park activity that could use a community house can easily find satisfactory accommodations in buildings now available. The victims of contagious diseases are the only ones without a home unless by exposing others.

Human life is now being sacrificed in our town through the inability to take the right kind of care of contagious diseases and this sacrifice will necessarily continue until we develop our hospital up to its desired capacity.

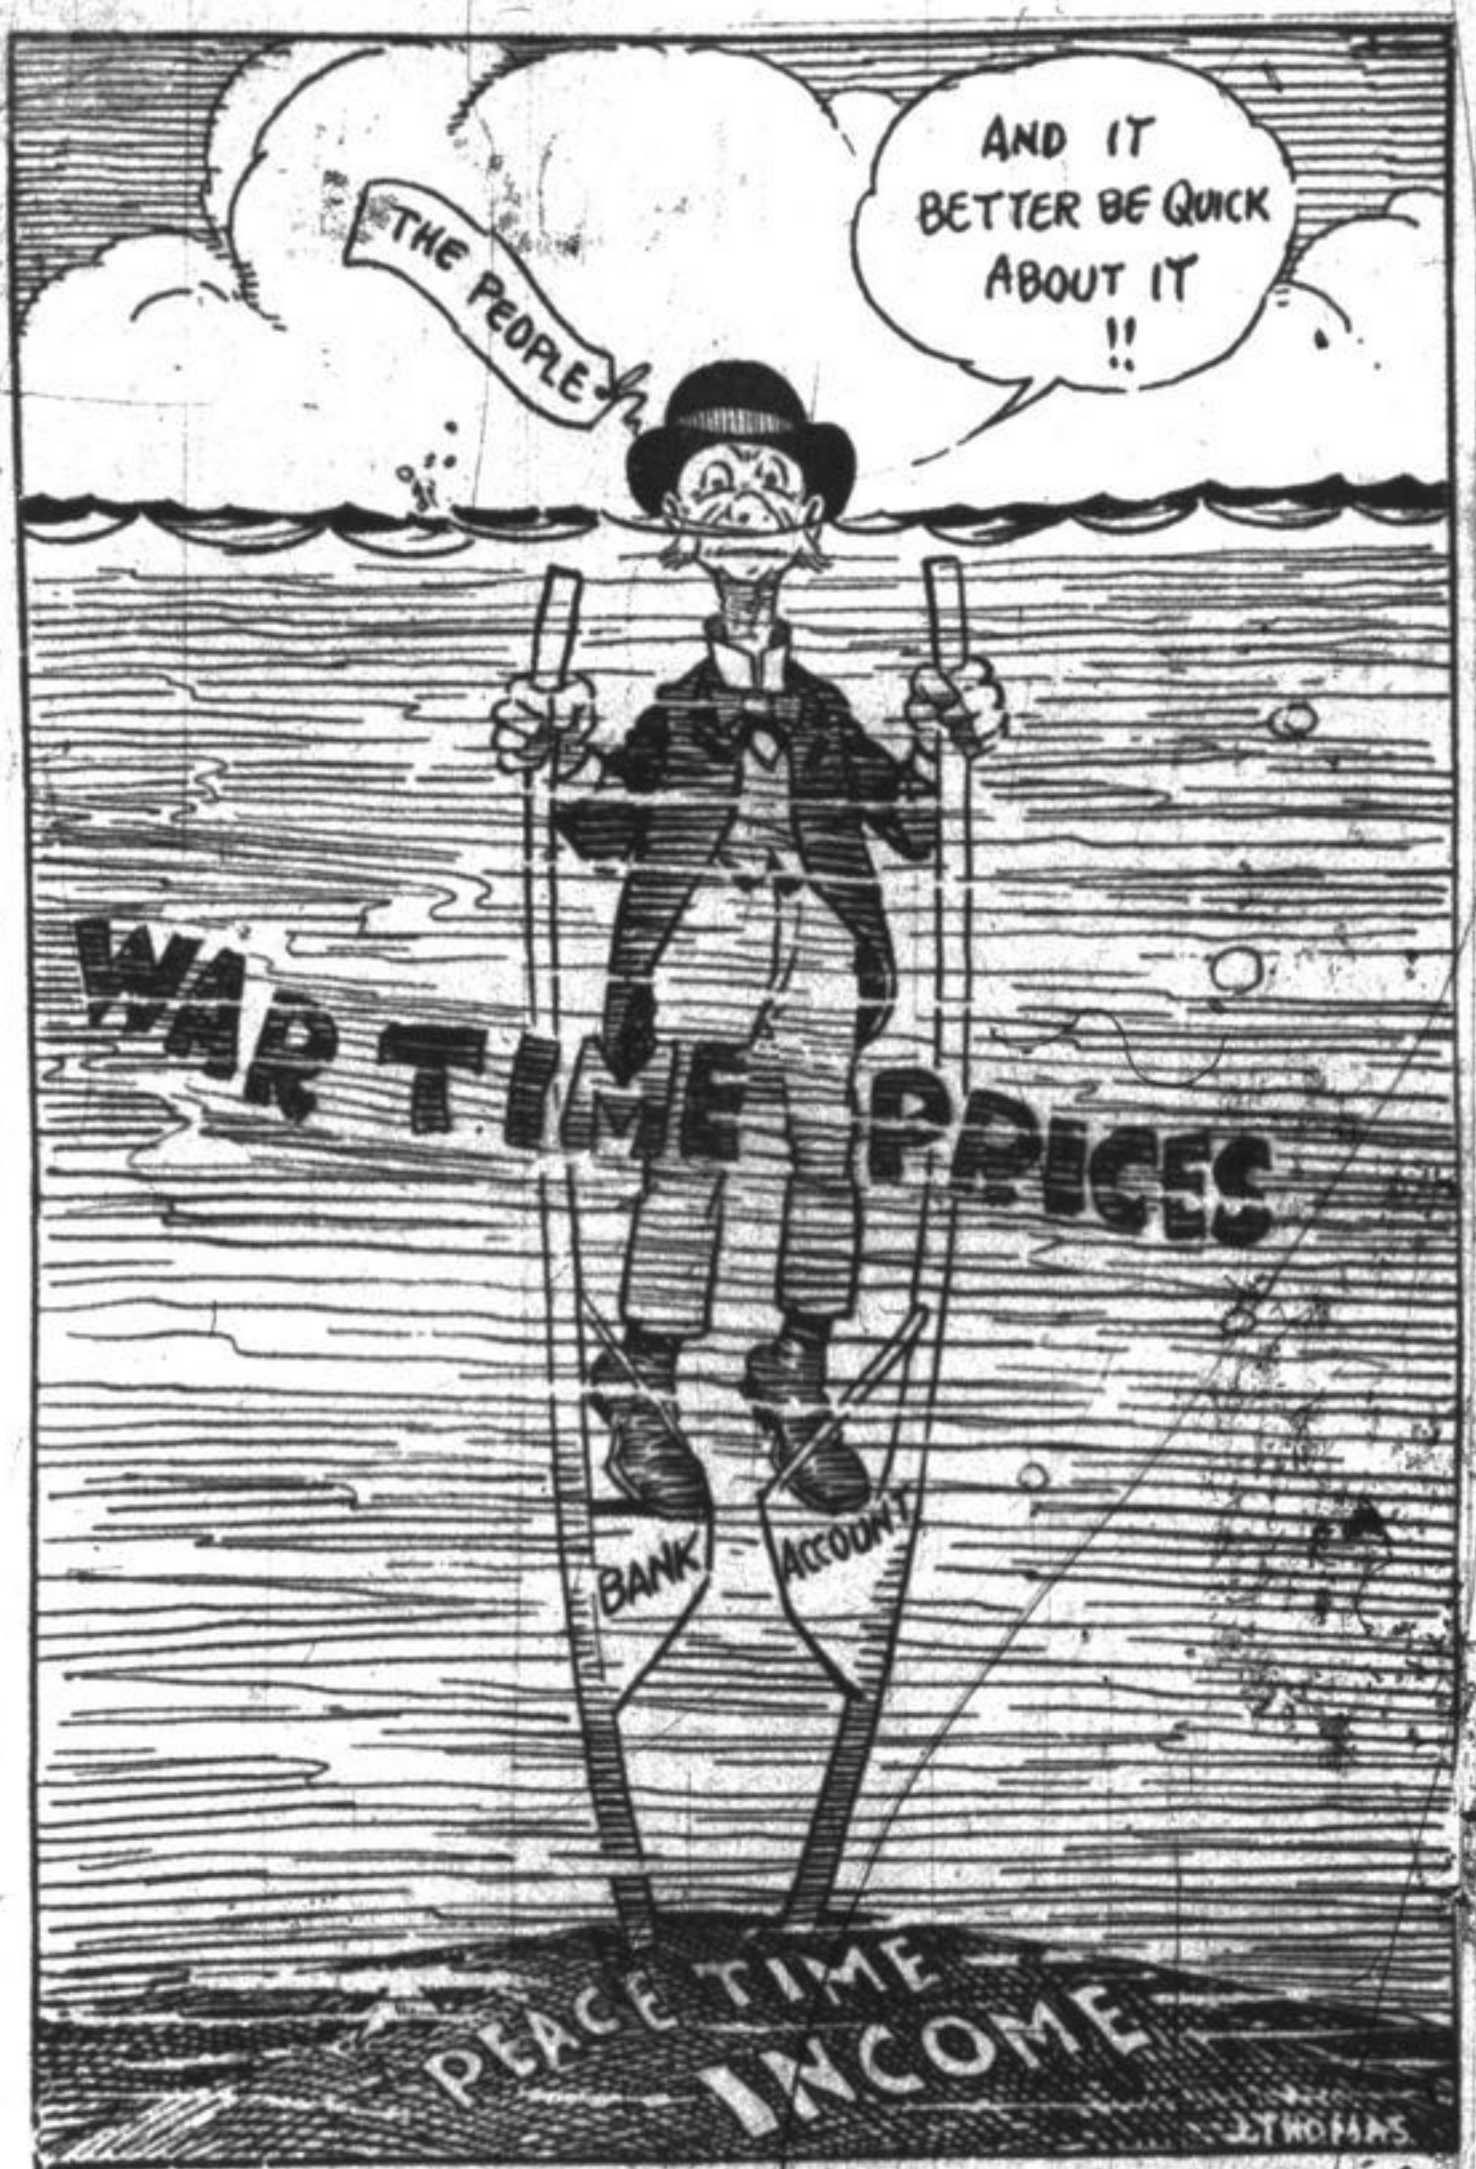

Our present hospital, when re-dedicated as a war memorial hospital with the wonderful atmosphere of its individual memorial rooms will prove the greatest blessing that can ever come to our suburb and will such a hospital not be an incentive for generous bequests in the wills of those who are in a position to give for humanity and to perpetuate the memory of those for whom it is erected.

Someone says we will have a complete hospital anyway—impossible if memorial money should be used for other purposes. The hospital should have a seventy five thousand dollar addition and until it has a liberal endowment fund for the assistance of those who cannot afford to pay for treatment, it will not be what it should be our endeavor to create.

What could have a sentiment more beautiful as a memorial to those who gave their lives in the war than a room in this fully developed hospital dedicated to each of those whose memory is so dear to us—the individual names appearing with suitable inscription on a bronze plate on the wall as well as on the door of each room and out doors a granite boulder bearing a bronze tablet with the names of all.

Very truly yours,
CARLETON MOSELEY.

The Tide has to Turn Sometime

FIVE HUNDRED AND SIXTY-FOUR PETITION FOR COMMUNITY HOUSE

WILL BE VOTED ON AT REGULAR ELECTION APRIL 15

This Question on the Ballot Will Assist in Making the Election a Lively One in Spite of the Fact That There is No Visible Opposition for Mayor and Commissioners.

The election petition which was circulated last week in behalf of a community house for Highland Park showed a list of five hundred and sixty-four names after a three day canvass. The petition was filed with the city clerk and is now scheduled to be placed on the ballot at the annual election of April 15th.

This petition was circulated only in a comparatively small section of the town, but in the area covered by the canvassers, the feeling was overwhelmingly strong for the community house. Several of the petitions were not returned to the city clerk, there having been some misunderstanding of the date of the filing. The City Clerk requires a list of one hundred legal voters to petition for such an election.

If the community house project wins out at the coming election, the City Council have the power and authority to levy a tax not to exceed three mills on the dollar for the establishment of such coliseum, and thereafter annually levy a tax not to exceed one mill on the dollar for maintenance thereof. Subject to the approval of the City Council or board of trustees, the board of directors of such a public coliseum, in order to assist in establishing such coliseum, shall have power to borrow money on the public coliseum

property and to issue bonds secured by mortgage or deed of trust on such property.

The board of directors shall also have power to lease such a building when not in public use, for private purposes. Any moneys received from such temporary rentals shall be paid to the city or village treasurer and by him deposited to the credit of said public municipal coliseum fund. These provisions set forth in the Coliseum Act do not preclude anyone from making donations if there be any so inclined.

If the people of Highland Park go on record for a community house at the annual election, they will not be a moment too soon. Lake Forest is now enjoying her new center which is now in full activity. Glencoe has definite plans under way for the erection of such a house, and Winnetka has had a community house for eight years. Highland Park is larger than any of these towns, and has more business perhaps than all of them put together. The business men of this city cannot fail to see the importance of making pleasant and livable surroundings for the many young people who are in their employ, and of meeting the counter attractions offered by the surrounding towns, by a social center of their own.

SEARCH SAILORS FOR BOOZE AT G.T. LAKES

Starting Sunday Night Every Sailor Who Returned to the Ship Was Searched

Starting at 9 o'clock Sunday night the guards at the various entrances at Great Lakes station, under orders searching every sailor who came back to the station.

The order to seize them and search pockets was due to the fact that lately there has been an unusual amount of liquor carried into the station by sailors who had shore leave.

In fact it was said that there has been enough booze taken into Great Lakes lately to start several good sized saloons and accordingly the commandant decided that a halt must be made immediately.

Thus orders were issued Sunday and every man was searched most carefully on from 9 o'clock.

An enormous lot of whiskey, wine, etc., is now in custody of the station officials. According to several Great Lakes men, some of the sailors have always had booze in their possession or hidden some place on the station and the authorities have not been able to locate it. This is now all going to stop as the result of the men being searched when they come back to the station.

TIME EXTENDED TO PAY PERSONAL PROPERTY TAX

Last Saturday Was Last Day But Time Has Been Extended

The city clerk has announced that the time for the payment of personal property taxes has been extended until the 15th of March. This extension applies to all property taxes due for the year 1918. The city clerk has also announced that the time for the payment of real estate taxes has been extended until the 15th of March. This extension applies to all real estate taxes due for the year 1918.

CARL PFANSTIEHL OPENS CHEMICAL LABORATORY

PLAN CHEMICAL RESEARCH AWAIT GENERAL ELECTION

Mr. Pfanstiehl's Aim is to Make the United States Independent of All German Chemicals

Unique in the annals of Highland Park business is the Special Chemicals Company which has just established itself on West Laurel Avenue next door to Larson Brothers' Garage. Carl Pfanstiehl, inventor and chemical expert, well known to the people of Highland Park, is the president of this new company. Ever since America declared war, Mr. Pfanstiehl has devoted himself conscientiously to the problems of chemical research to the end that he might be able to discover some of the secrets held by Germany. It is now Mr. Pfanstiehl's chief aim to make the United States independent of German chemicals.

During the war he made and delivered several rare chemicals to certain departments of the government, but as long as the country was at war, he was not free to talk about these matters. When the war ended he was flooded with inquiries regarding his chemical secrets, with the result that he has resigned from the presidency of the Pfanstiehl Products Company so that he may have more time to devote to the scientific side of his business enterprises, both in North Chicago and in Highland Park. Mr. Pfanstiehl retains all his stock interest in the former concern, and is chief advisor in all scientific matters. "The Pfanstiehl Products Company has all it can do now for some time to come," says Mr. Pfanstiehl, "to manufacture the products which it has on hand. Being relieved from the executive department of the business will leave me free to devote more time to the chemical research work which is so important to the country at this time. Germany still holds the secret of many rare chemical compounds, and it is my desire in so far as I am able, to make America free from Germany in this respect." He stated also that he did not know whether the new establishment would develop into a commercial concern of some size or remain merely a chemical laboratory.

Dr. R. E. Rindfus of the University of Illinois is one of the consulting chemists, and several of the large universities are in close touch with Mr. Pfanstiehl's new project and deeply interested in the ideas which he is working out. George H. Jones of this city is vice-president of the new company.

NO VOTE ON FOREST PRESERVE IN APRIL

PLAN CHEMICAL RESEARCH AWAIT GENERAL ELECTION

It Was Found Some Townships Had No Election This Spring Therefore The Issue is Postponed

On February 21, the petition signed by over 500 voters of Lake County, requesting that an election be called as to the organization of the county into a forest preserve district, was heard by Judge Clare C. Edwards at Waukegan. The attorneys for the committee which has had the petition in charge appeared and it was found that no one entered an objection or opposed the petition. Judge Edwards therefore entered an order, fixing the boundaries of the district as the same as those of Lake County, and providing that it be called the Lake County Preserve District.

The Committee representatives stated that to save expense it was thought best to call the election at the next special or general election throughout the county. It was found that some townships had no other election this spring, so that to call a special election for the forest preserve district only would cause expense to the county and involve the same labor and trouble as a separate election. Therefore, it seemed best not to have the vote April 15, as contemplated, but to wait until all the townships voted at some other election. The election will be set for the next occurring special or general election.

LOCAL DEPARTMENT ENTERTAINS MONDAY

Highland Park Firemen Prove to be Efficient Hosts, Glencoe Department the Honored Guests

The Highland Park Fire Department proved itself not only an efficient body of fire fighters but also a most efficient group of hosts when on Monday evening they entertained the Glencoe Fire Department in the club rooms over the fire station.

Through the courtesy of Mr. Frank Sheeks, who represents the Patheoscope Film Co., five reels of pictures were given. The men also played pool and cards. But we must not forget a most important feature of the evening, man's weakness, "refreshments" for truly a most delightful buffet luncheon was served by a very capable committee consisting of Andrew Peterson, William Foshender and George Clark. Following this the local department gave a demonstration of a run to a fire.

ATTACKED AND ROBBED WEST OF HIGHWOOD

Loses \$550 Cash and \$100 Liberty Bond After Desperate Fight. His Assaultants Escape

On Monday evening about eight o'clock Eli Kanwatch of Waukegan, an employee of the Public Service Company, of that city, was attacked and robbed of \$550 in cash and a \$100 Liberty Bond about one half mile west of Highwood in Deerfield Township.

Kanwatch in company with Steve Wucitich were walking west on Highwood avenue and were beyond the city limits when they were attacked by three men. Kanwatch knocked the three men down, but a fourth appeared on the scene and stabbed him. Wucitich, who, at the first sign of trouble, fled to a neighboring house for help. He returned in a few minutes only to discover that everyone had gone including his companion, who had returned to Highwood. First aid was rendered the injured man at Laegeler's drug store.

The authorities have as yet been unable to find any trace of the assailants.

ORREN KEECH SELLS OUT BLACKSMITH SHOP

Messrs. Alvin Johnson and Nels Dahl have purchased the horse-shoeing and general blacksmithing business formerly carried on by Mr. Orren Keech. The shop will be operated under the name of Johnson & Dahl. Both men have had years of experience in this line of work, and are well known in this city. Mr. Johnson has been in the employ of Mr. Keech and Mr. Dahl was an employee of Edwin Norr, a former blacksmith of this city.

LECTURE ON CHRISTIAN SCIENCE SATURDAY EVE.

The First Church of Christ, Scientist, announces a free lecture on Christian Science by Dr. Walton Hubbard, C. S. B., member of the Board of Lectureship of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass., Saturday evening, March 8th, at eight o'clock, in the Church Edifice. The public is cordially invited to attend.

DR. EDWIN H. LEWIS SPEAKS HERE TODAY

Will Address the Parent-Teacher Association at the High School At Three O'clock

Dr. Edwin H. Lewis, head of the department of English Literature at Lewis Institute, will address the Parent-Teacher Association of the High School this afternoon at three o'clock on the subject of English in the schools. The meeting has been announced as an open meeting to which the public is invited without regard to membership in the P. T. A. or association with the high school.

Dr. Lewis is known to many here through his book, "Those About Them," his poetry, and his yearly course of lectures at the Chicago Woman's Club.

The program for today is under the direction of the Educational Committee of the Parent-Teacher Association.

A. E. SMITH SELLS OUT TO ROGERS PARK MAN

Mr. C. R. Coughlin, former Employee of Santa Fe, Takes Over Highland Park News Company

Mr. A. E. Smith, who for the past seven and one half years, has been manager of the Highland Park News Co., has sold out the business to Mr. C. R. Coughlin of Rogers Park Station, Chicago. Mr. Coughlin was formerly employed in the Traffic Department of the Santa Fe railroad. Mr. Smith will devote all of his time to the tire business. The Central Tire company has opened a new shop at S. N. Sheridan Road. The shop will be retained and most of the repairing will be done there.

DAN COBB SERIOUSLY INJURED IN FALL

Mrs. Daniel Cobb, wife of Dan Cobb, L. I. has received word that her son, Dan Cobb, was seriously injured in an accident and is now in the American Woman's Hospital at Sozancy, (Seine et Marne) near Chateau Thierry.
