

THE FRANKLIN CAR
YOU CHOOSE THE ROAD FOR
A FRANKLIN DEMONSTRATION

The chances are that you know every road in this vicinity. You know which are the good ones—and which are the bad ones. You probably have in mind right now one road that is a hard test for the riding qualities of any automobile.

Lead us to that road. In demonstrating the Franklin Car we depart from the usual practice of selecting a smooth, level road—in fact, *the worse it is, the more convincing will be our demonstration.*

Only in this way can we actually show that Franklin Scientific Light Weight and Flexible Construction do mean a smooth-riding, road-holding, easily handled car.

Then, too, such a demonstration brings a fuller appreciation of Franklin economy—the consistent, publicly known delivery of

20 miles to the gallon of gasoline—instead of the usual 10.
10,000 miles to the set of tires—instead of the usual 5,000.

Let us drive you over any road you choose, and if you have ever gone over it in another car you will be quick to notice the difference.

HIGHLAND PARK CLUB

The March program for the Highland Park Club has just been issued:

Friday, 7th—8:15 p. m.
Miss Grace Gassette, "Hospitals in France."

Tuesday, 11th—2:30 p. m.
Ossoli Afternoon.

Mrs. Anthony French Merrill, "A New Chapter in History."

Friday 21st—8:15 p. m.
Charles Upson Clark, Professor of the American Academy at Rome, illustrated lecture, "With Italy at War."

Tuesday, 25th—2:30 p. m.
Ossoli Afternoon.

Mrs. Anthony French Merrill, "Current Events."

Miss Grace Gassette, the noted sculptress, will deliver a lecture next Friday, March 7, at eight fifteen o'clock, describing French hospitals, and also giving details of her experiences in the reconstruction of wounded soldiers and the aid rendered by her art work in the development of facial disfiguration.

H. P. WOMAN'S CLUB

A business meeting was held at 2:00 o'clock on Tuesday, March 4, at which nominations of officers were received. At the regular meeting at 3 o'clock Eva Emmett Wycoff very charmingly sang a group of songs and Eleanor Lee Wright gave a talk on "Planning Menus: Left Overs," her talk being illustrated with moving pictures.

March 18 at 2:30 p. m. is the next meeting at Witten Hall. Mrs. Alfred Martin will speak on the work being done for the blind at St. Dunstan's, England, and as practiced in this country.

The Tenth District meeting is on March 20 at the Winnetka Woman's Club building at ten thirty o'clock. Luncheon reservations should be sent to Mrs. Charles H. Coffin by March 16. Mrs. Arthur Dady and Mrs. Stewart Reed are our delegates for same.

It is feared that there are many men who won't be able to go in for Golf to improve their health after July 1st.

Probably the industrial unrest won't be quite as threatening after the baseball parks open.

Y. W. C. A. NEWS

In spite of the blizzard over 100 people were present at the Mothers' Club meeting held at the Y. W. C. A. on Tuesday evening, March 4.

A splendid program was given by some of the Junior members, and everyone present pronounced it a big success. The program included a short play, "The Conscience Coat," given by the Bluebird Corps of the Girl Reserves, several songs by Junior members, four dances and a demonstration of girl reserve work. Talks on the promises a girl reserve makes, a model initiation ceremony and a demonstration of two games which the girls enjoy showed the guests something of the girl reserve work. Following the program refreshments were served.

It is hoped that every mother will plan to attend the next Mothers' Club meeting.

Star Lectures

Mrs. Theron Colton, who gave a most interesting course of bird talks at the Y. W. C. A. last summer, will give a series of three lectures on the stars on March 15, 22, and 29, from 3 to 4 p. m., at Marshall Field's lecture room.

These talks are free to the public. Those who heard Mrs. Colton last year will know how delightful and profitable her star lectures will be.

Aster Club Gives Dinner

The members of the Aster Club enjoyed a three-course dinner at the Y. W. C. A. rooms on Friday evening, Feb. 28. Plans were made for the entertaining of a group of overseas men within a few weeks.

Yespers Sunday

An interesting vesper service will be held Sunday afternoon at four. All girls and women are invited.

Out Grown Clothes!

If you have any clothing which has been out grown or cast aside for some other reason, give it for the continuous rummage sale which is held at the Y. W. C. A. It will be bought promptly by worthy poor families and put to good use.

Clothing will be accepted at any time at the Association rooms.

The following new members have come into the Association during the month of February. The list does not include a number of Juniors who have joined the Girl Reserves, but have not become regular Association members:

Edna Walther, Anna Maria Flynn, Margaret Siljestrom, Catherine Hutter, Josephine Flannery, Lillian Howe, Priscilla Noerenberg, Vivian Richards, Blanche Hipertshauer, Alice Duffy, Marion Leach, Katherine Mayer, Margaret Day, Alice Johnston, Eloise Brown, Nellie Brown, Helen Mount, Geraldine Falley, Bernella Scharff, Josephine Fitzgerald, Janet Swanson, Esther Swanson.

The people who kick on fair school appropriations haven't as yet taken steps to remove to Russia, where they never had to pay anything for teachers and school houses.

The Germans who complain so bitterly about having to pay an indemnity, are the same ones who are not merely "took away the Belgians' money, but their daughters, too.

SURPRISING INCUBATOR

Perfect automatic regulation of heat, ventilation and moisture, roomy chick nursery, visible egg chamber, water, heated hot steam, sloping egg tray keeps eggs always in position so chicks develop evenly perfectly and can leave their shells easily. These up-to-date features insure uniform record hatches. Economical to operate, reliable, cheap about it last the price. So well-built it should last a life-time. We offer this high-grade hatcher at... \$6.95
