 Sold on  
**Monthly Payments**

Contrast the few cents worth of current they consume in doing the family washing with the wages of a laundress—when you can get one.

Put in some soap, run in some water, then put in the materials to be washed, start the motor and look on. The machine does the rest.

**SOLDIERS WHO STAY ACROSS**

It is reported that 200,000 American soldiers will remain permanently in France. Many will marry French women. Others are said to like French life and believe it contains opportunities for American enterprise and energy.

Of course these old world countries where civilization has been slowly developing a thousand years, are not bad places to live in. It costs less to support a family there. But a fellow with the American spirit would soon miss the life and go of his home town.

These soldiers need not think that business opportunities will equal those here. It does not follow because an American community would see the advantage of improvement and pay for it gladly, that the French people, used to the old world ways, will do so. After the novelty of the among the parley-voos is passed, most of these boys will probably be back where they started from.

**HIGH SCHOOL NOTES**

Thrift account books were given out to the pupils of the high school last week. It is the hope of the teachers that all students will keep an accurately classified account of their weekly expenditures, thus helping themselves to lay the foundation for future financial independence and a self-controlled life.

**Athletic Notes**

The team returned Saturday from the District Tournament at Joliet. They won their first game in the tournament, that with Chicago Heights, 26 to 17, but lost to Blue Island the next day by two baskets. Nevertheless the schools which were represented at Joliet realized that Deerfield could play basketball, and the Joliet Press had quite a little to say about the showing made by Deerfield.

The lightweights are in the first division of the suburban league, with their next game scheduled Friday with Thornton on the latter's floor, while the heavies are in the second division with their next game slated with New Trier at Indian Hill this afternoon.

Track men are hard at work every night in the gym, in preparation for a practice meet to be held with Proviso Saturday.

Baseball pitchers are instructed to come out and begin getting the kinks out of their pitching muscles.

Both track and baseball looks good.

**ELM PLACE SCHOOL**

The moving picture matinees held on Friday after school hours continue to excite much interest, especially on the part of the younger children. A series of Deep Sea Pictures, one film for each week, are being given and are proving to be of unusual value. The Bureau of Home Economics is sending two industrial films to be used in the Geography classes and these are being shown during school hours. There is no charge for this service.

The children have been reporting the presence of a large flock of cedar waxwings which have been feasting on the shriveled apples on the trees in Mr. Henry Mason's yard and in an orchard on Hickory street. A flock of robins has appeared and apparently the bluebirds are beginning to appear.

Mr. Smith was absent from his desk much of the week while in attendance at the meeting of the Department of Superintendence in Chicago. He spent Friday, Saturday and Sunday in Decatur at the home of his brother, Clarence B. Smith, whose wife died suddenly on Wednesday afternoon. The funeral occurred Saturday afternoon. Mr. Smith's mother, Mrs. B. A. Smith, went to Decatur also and will remain there for some time.

**PRESBYTERIAN CHURCH**

The Bible School will begin next Sunday morning at 9:30 o'clock.

The regular morning service begins at 11:00 o'clock.

There will be a meeting of the Session at four o'clock.

The minister will conduct a class for the members of the Sunday School who are considering joining the church at five o'clock at the Parish House.

On Monday afternoon at 3:00 o'clock the Women's Missionary Union will hold a meeting. The committee has prepared a novel program on Americanization, several of the young girls appearing in costume. Everyone is cordially invited to attend.

The Westminster Guild will hold its regular meeting at the residence of Mrs. Harry B. Roberts on Park Avenue next Tuesday afternoon.

The prayer meeting will be held next Wednesday night at eight o'clock.

**THE WORLD IS GOING a la carte**

Organize your personal affairs on a business basis! Have a plan! You have got to cut out the old reckless, haphazard expenditures. You have got to learn to buy what you really want—and then use it! This is the only way to beat the high cost of living game.

Do you remember the time you bought yourself a pink necktie just because it looked pretty in a show-window? Then you never had the nerve to wear it—and it faded out in the top bureau drawer. Well, those days are past. You must not flirt with neckties nowadays unless you really want them "to have and to hold."

Do you remember those meals you used to eat which included a lot of stuff you didn't want? Everything from soup and fish to nuts and raisins—with sherbet thrown in between two meat courses. That sort of nonsense is passing. The world is changing from table d'hote to a la carte.

Buy what you want; then eat it; wear it; use it.—American Magazine.

**CIGARETTES**

of IMPORTED and DOMESTIC tobaccos—Blended

MILD? Sure!  
 —and yet they  
 "SATISFY"

You said it—"Satisfy"

Chesterfields hit the smoke-spot; in other words, they let you know you are smoking—they "Satisfy"!

Yet, they're mild.

It's the "just-right" blend of Turkish and Domestic tobaccos that does it—and the blend can't be copied. Try Chesterfields today.

*Lightly prepared tobacco*

The extra wrapper of glassine paper keeps 'em fresh.

**WAR CAMP COMMUNITY SERVICE**

In the little book dedicated to the soldiers, sailors, and marines, prepared by the War Camp Community Service appears the following under the caption HIGHLAND PARK 9 miles South of Great Lakes, 2 miles south of Fort Sheridan:

"Deerfield-Shields High School War Camp Community Service Center, Vine and St. Johns Av. Saturday, dancing at 8 p. m. Refreshments served. Dancing classes 7:30 to 9:30 p. m. Hospitality overnight and Sunday. Informal entertainment Sunday afternoon and evening at the Highland Park Club."

A young jackie observing the above notice decided he was not very much interested in the refreshments or hospitality overnight or informal entertainment, but he did believe in dancing classes from 7:30 to 9:30 p. m. He was sorely disappointed when advised that the dancing classes had been discontinued, and wanted to return to Great Lakes, for, he said, there was no use in hanging around unless a fellow could dance. He was given a five-minute lesson and told to dive in and have a good time. He was a very assuming and a well managed little chap and he followed the suggestions literally, and as a result many a girl had "tootsies" stepped on while this fellow was initiating himself into the art of Terpsichore. He never missed a dance—two-steps, fox trots and waltzes were all fifty-fifty with this sailor boy.

It is the same spirit that characterizes the spirit of our boys over there: when they were told to go

over the top they went. Any dance is a success if you have good floors, good band orchestra and a good looking lot of boys and girls; our center has always been blessed with good looking boys and girls, a good dance hall and good music, but last Saturday night we were treated to a brand new lot of musicians, composing the Spaurer Orchestra and they "jazzed" some tantalizing airs, that absolutely prevented one from sitting still, and as a result some of the girls danced with one another rather than let the good hall and good music go to waste.

There were just 488 present and the peculiar part of the assembly was that they were all brand new men in uniform. Fort Sheridan contributed 119 soldiers and Great Lakes contributed 80 sailors and the balance of the attendance was made up of young ladies.

The predominance of young ladies in attendance makes it rather a difficult matter for all to secure partners for it requires about one-third more boys than girls, in order to make the average dance successful.

The War Camp Community wants all the young ladies to come, but realizes that they cannot always guarantee the girls a dance with the numbers in attendance, overbalanced as they are, but an effort is going to be made to secure a lot more young men, so that every young lady will have a partner.

The monthly meeting of the War Camp Community Service held at the Khaki and Blue Club recently, attended as it was by representatives of all the centers, clearly demonstrated that our center entertains more sailors and soldiers than all the rest of the centers put together. While other centers are

complaining about lack of interest and attendance, Highland Park Center continues playing to a capacity house.

The Sheridan Club of Highwood for soldiers and sailors has opened in the rooms adjoining and above the Young Woman's Patriotic League in Highwood. The building is old, but new paint and paper, and quantities of soap and water, fresh curtains on the windows and rugs on the floor have done their work, and the rooms will serve their purpose. Magazines, music, comfortable chairs and a big stove fit the room on the ground floor for purposes of general sociability. Upstairs there is a large room where there are two pool tables and a smaller room with writing desks.

The club is being advertised at Fort Sheridan, and men are rapidly learning to use it. A committee of Highwood men and women is being formed to take charge of Sunday suppers and other activities of the Club. It is at present under the direction of Miss White of the Girls' League, and Mr. Harris of the Highland Park Army and Navy Center, working under the W. C. C. S. board of Highland Park. A by-product of the work of Miss White and the W. C. C. S. with young women and men in uniform is the organization of a boy scout company, partly for the sake of the boys, and partly to relieve the club of the boys' attentions. Mr. Charles Drake has consented to organize the boys.

**New Phases of Work**

The arrival of large number of wounded men at Fort Sheridan has given rise to new opportunities for service. In several homes it has been arranged to entertain groups of a dozen men at a time at tea for one

or two afternoons a week. Similar hospitality is being provided for the nurses. This plan has been approved by the Social Service Department at Fort Sheridan, and is being carried out in cooperation with that department.

**Volunteers Wanted**

Owners of cars who wish to have the opportunity of taking convalescent patients driving should register with Mrs. Eugene A. Bournique, who has been delegated for this purpose by the Social Service Department at Sheridan.

**Annex to Highland Park Army and Navy Center**

The addition to the Army and Navy Center has been completed, and is open to visitors. The old post-office is unrecognizable in the new room. It is open to nurses from 9 to 5 daily, and to both men and women on Saturday and Sunday. A small mid-week dance is being arranged.

**Ward Visiting**

Visitors at Fort Sheridan are no longer admitted to the wards without special passes. The following women from Highland Park have been accepted as regular visitors in specified wards: Mesdames Corwith, Drake, Mosley, Spencer, Wyles and Miss Charlotte Yoe.

**Mrs. Terry Elected to W. C. C. S. Board**

Mrs. Terry, who has been serving as head of the Army and Navy Center Committee, has been elected a member of the W. C. C. S. board.

**PARENT-TEACHER ASS'N.**

The Lincoln division of the P. T. A. will hold their regular meeting on Thursday afternoon, March 13, instead of today as was scheduled.
