WAR CAMP COMMUNITY SERVICE

Another successful War Camp Community party was staged last Saturday evening at the high school and in spite of the storm there was a very large attendance. Everyone must have remembered the delightful valentine party that was given recently and so decided it was best not to miss out on this one. Highland Park is certainly doing her bit to retain the morale of the men who are still in the service.

Attractive indeed was the gymnasium which was, prettily decorated with shamrocks and streamers of green and white crepe paper. Hats of green and white in all the latest spring shapes were donned by the dancers, and these were all made by an ever willing committee who, untiringly on every occasion do all in their power to add to the evening's enjoyment. Good music, a good floor and heavenly punch, all added their share to the evening's pleasures.

Everyone had a most delightful time and many expressions of appreciation were heard from those who attended. One young man from Gt. Lakes said that when he saw the decorations he was afraid he had made a mistake and had entered a private party but he soon found out that he was welcome so he joined in the dancing. He also said that he had had such a good time that he thought he would come again.

Two young lady entertainers were sent out by the War Camp Community board in Chicago, to take part in the evening's entertainment. Two songs and a recitation were rendered by them and it could readily be seen that everyone enjoyed them.

There will be another dance next Saturday evening and it is hoped there will be just as good an attendance. Of course we are quite certain there will be a large attendance of girls but the boys cannot be vouched for.

Chesterfield CIGARETTES

of IMPORTED and DOMESTIC tobaccos—Blended

MILD? Sure!
—and yet they
"SATISFY"

"Yea Bo!
Some Smoke"

You're right—they "Satisfy"!

Chesterfields reach the smoke-spot; that is, they let you know you are smoking—they "Satisfy"!
But they're mild, too.

It's the "just-right" blend of Turkish and Domestic tobaccos—that's the idea. And the blend can't be copied. You'll be glad you tried Chesterfields.
