### ELM PLACE SCHOOL

#### YOUR ENEMY; SWAT HIM!

The members of the 3A Civics class of the Elm Place school are starting an Anti-Fly Campaign and have furnished the Press with the following statement of their program and proposed activities:

"We are making fly traps of several designs which are to be displayed in public places and shortly set to work. They are easy to make and everyone should have one. They may save doctor bills.

"We have prepared a display of charts and posters showing fly statistics, etc. These will be set up in store windows.

"Our class has appointed a committee to make a large map of Highland Park showing the location of unprotected manure and garbage piles. It is against the city laws to have garbage or manure around the door will be given to the alleys and back-door places in the business district.

"We are giving free stereopticon lectures on the life history of the fly and methods of exterminating it. These will be given before all the school pupils and on request will be given before clubs, societies, and other organizations.

"The flies have come to Highland Park already but they shouldn't stay long. Come on! Help us banish the fly from our community. If you see a poster saying "Swat the Fly!" go home and do it. If your windows

are not screened, screen them. Flies are filthy and they carry diseases. Watch for them and swat them."

### UNITED EVANGELICAL

#### J. H. KEAGLE, Pastor

The pastor's moving experience made it impractical to arrange for the observance of Passion Week so there will be no special services this week aside from the prayer meeting and the regular Sunday services.

Prayer meeting on Wednesday as follows:

Paul Gieser's class meets at W. H. Fritsch's, Highwood, and Dr. Fritsch's class at the Church parlor.

The pastor will deliver an Easter message at 10:45 a. m. and 7:30 p. m. There will be special Easter music at both services. Sunday school at 9:45 a. m. and Keystone League meeting at 6:45 p. m. A cordial invitation is extended to the public.
