AUTO STRIPPED OF TIRES AND BATTERY

Another daring automobile theft took place in Waukegan Saturday night about eight-thirty o'clock when an Overland car belonging to Ed Herman was stolen from in front of the Elks Club on Sheridan road. The car, stripped of its tires and battery, was found Sunday.

THEFT OF CAR

The theft of the car was reported a short time after it was taken. The police got busy at once and notified the police of surrounding towns in hopes that the machine might be intercepted but the thief succeeded in getting away.

ALL FIVE TIRES

had been removed and the battery also had been taken. The car did not appear to be wrecked so the police are unable to figure why the thief should have abandoned it as the fact that the tires and battery were taken indicate that it had been by real thieves instead of by joy riders.
