M. E. CHURCH

Our Present Church Location
Considerable confusion has resulted and not a little misinformation given out to persons inquiring for our church by their being told that there is no Methodist Church in Highland Park. For various reasons we have no desire to enter into a discussion of this matter. But we sincerely hope that for the sake of all concerned when this question is asked the correct information may be given. Here it is:

Should anyone inquire the way from Central Avenue to the Methodist Church the following directions should be given—north on Sheridan Rd. to Vine Ave., west on Vine Ave. to St. Johns' Place, north on St. Johns to North Ave. west on North Ave. one block to the church.

Or should they desire to reach the church by the North Shore line, by stopping at the Highwood station and going two squares east they would reach the church. The exact location of the Methodist church is at the corner of North Avenue and Laurretta Pl., Highland Park. We may be pardoned for calling attention to this matter in this way because we consider that all who really do not know where the church is will be glad for the information.

Services

The interest in the Wednesday evening service continues unabated. Our Sunday congregation is growing. Mothers' Day service was largely attended as was also the evening service.

The Saturday evening service and entertainment for the men at the Base Hospital is constantly growing in interest and attendance. **WE NEED MORE ROOM.**

PRESBYTERIAN CHURCH

On Tuesday night a large group of church members inspected the curtain recently presented to the Fort Sheridan Y. M. C. A. and had the pleasure of watching some "movies" which showed the reconstruction work now being done at the Fort.

The Bible School will meet at nine forty five on Sunday morning. The regular morning service is at eleven o'clock.

The Young People's Society will meet with the Christian Endeavor of the Evangelical Church at six forty five o'clock.

The impression still prevails among some employers, that the honor of sitting for half an hour in a stuffed office chair and smoking one of the boss's 25 cent cigars is a sufficient compensation to the soldier for the loss of his job.

HIGHWOOD PATRIOTIC LEAGUE

The Monday Evening club was unusually fortunate this week in having as its guest Miss Haynes, recreational director of the Central Field of the Y. W. C. A. Miss Haynes told of the good times similar clubs were having throughout the central states and gave many new and helpful suggestions for club activities.

The "Be Square Club" of the Young Woman's Patriotic League of Waukegan will be their guests next Monday evening at a beach party.

Along with its many other activities the League has been conducting a piano class for beginners. About twelve have taken advantage of this opportunity and have been meeting regularly every Tuesday afternoon for class work and Saturday mornings for private lessons. This week, instead of coming for work the class met for a party. Each girl and boy came representing some musical term, as quarter note, half rest, measure, etc. A prize was awarded to the most clever and original costume. A party is not a party without games and so games—musical games of every description

—made up the afternoon's program. And also, a party is not a party without "eats," which this time took the form of ice-cream and musical cookies. The treble cleft had been scratched on the chocolate frosting of the cookies, and little red candy notes set about archly on lines and spaces, begging to be eaten instead of played.

The spring has come and in recognition of this fact the senior girl reserves played hooky from their regular club meeting and went for a hike and "bacon bat." That kind of playing hooky always has the sanction of the League.

It is not true that the tax on perfume applies to the phosphate fertilizer which you smell in the rural districts.

And no tax on tooth paste has so far been collected at the boxing matches.

The Birthday of the

GAS RANGE

FIFTY-FIVE YEARS AGO the Gas Range cooked its first meal. It didn't look much like the wonderful new Gas Ranges of 1919. It was clumsy--imperfect--but even at that it quickly proved its superiority over other ways of cooking. This week is being celebrated all over the country as **GAS RANGE WEEK**, in honor of this father of all gas ranges. During this week we are having a special display in our offices of all the newest Gas Ranges.

Special! Special! Special!

By Special arrangement with one of our leading manufacturers of Gas Ranges, we are able to announce that during this week only (May 19-24) we can Deliver and install in your home **READY-FOR-USE** an **ALL-STEEL-CABINET GAS RANGE**

with white enamel parts for **\$48.45** cash, including Iwant Lighter

We also will have on display in all our offices a complete line of the famous 'ANGLIRON'-RELIABLE-RANGES with ALL ENAMEL parts. We invite your inspection of these ranges or phone us and our representative will call
