M. E. CHURCH

Chicago Area Epworth League
 Dinner

Monday evening of this week a six o'clock dinner was given to the pastors, league presidents and district cabinets of the three Chicago districts at the Y. M. C. A. on La Salle St. It was a significant gathering in every sense of the word. It was the first time in the history of the church or league when the leaders of Methodism met with the young people to plan with them a great campaign. And this time it is to be a campaign of evangelism in connection with the first department. The plan is along identically the same lines as the Centenary. Practically the same machinery is to be used except along purely evangelistic lines. The idea is to make Chicago a great experimental center and a standard for the rest of Methodism the world over. This is altogether worth while. The unanimous conclusion arrived at was "It Can Be Done; It Is for Us to Do; We Will Do It." Now anyone acquainted with the Methodist way of doing things as illustrated in the Centenary, has a very nearly correct idea as to what that means.

The thing that met with the approval of all was that a definite plan had been worked out for preparatory work leading up to Win-My-Chum Week. This is the annual revival season for the league beginning the second week in November. But this year the most thorough preparation will be made for that week and the work of evangelism is to continue throughout the year. Here is a challenge to all young people who desire to live the largest, richest, fullest, most abundant life. A life overflowing with joy and genuine good fellowship. We extend to all young men and women of the city an invitation to join in this most exhilarating movement. You will want in on this business before we finish. There are some surprising, pleasing and winning things included in this plan. It is an all-Chicago movement. There will be no isolation. There are unbounded joy and great success ahead of us. Do not disappoint yourself by not getting in at the beginning.

CHRISTIAN SCIENCE LECTURE

Continued from Page 6

opening sentence of Science and Health, covered the whole ground of prayer. "The prayer that reforms the sinner and heals the sick is an absolute faith that all things are possible to God—a spiritual understanding of Him, an unselfish love."

Christian Science has been assailed because of its teaching concerning Jesus; and it has been denied a place in the galaxy of so-called orthodox religions because it teaches that Jesus was not God. When we realize the difficulty Jesus had in making even his disciples understand who and what he was, it is not strange that the Christian Science teaching on this subject has been misunderstood. Perhaps few of the immediate followers of Jesus saw clearly the distinction between the human Jesus and the Christ idea; but Mrs. Eddy has made this clear in her teachings. The man Jesus, was human, born of Mary, and his life covered but a brief span of years; but the Christ which was not a name so much as the divine title of Jesus expressing his Godlike nature, is eternal. "Without beginning of years or end of days," and is ever inseparable from God. Jesus, in referring to himself as the Christ said, "I am the way, the truth and the life." "Before Abraham was, I am," and again, "Lo, I am with you always, even unto the end of the world." The Christ is now and always has been present in the world; to be discerned and demonstrated by men. Jesus, the man, came to earth to be the Way-shower or as Paul says, the mediator between God and man. He proved that men may realize their opportunity in the flesh, to overcome sin, disease and death. He possessed more of the Christ, the Divine spirit, than any other person who has ever lived, and he is therefore called Jesus, the Christ, or Christ Jesus; the Christ cannot be confined to an individual

any more than can divine Principle or God, but comes as the spirit of Truth, of God, to men as they rightly seek Him and desire Him. It is true that Jesus said, "I and my Father are one," but this expression is not at all inconsistent with Jesus' other statements concerning himself. He was one with the Father, as explained in the Christian Science text-book, as a drop of water is one with the ocean, but it is not the ocean. Or a ray of light is one with the sun, but it is not the sun. So is every man, as an idea of God, one with the Father, else how could Paul have been correct when he said: "For in Him we live and move and have our being?" When Jesus said, "Come unto me, all ye that labor and are heavy laden," it is not to the human Jesus he was asking us to come, but to the Christ. Truth, which redeems and saves. To those of us who have but touched the hem of his garment, have but caught a faint glimpse of this Christ that heals of sin, sickness and sorrow, has come the fulfillment of the promise, "and I will give you rest."
