BROKEN GLASS

Many boys and girls of Highland Park appear to take a special delight in breaking up old bottles which have been left about the streets and byways. They throw stones at bottles in the street, or throw the bottles themselves, leaving small particles of glass strewn over the street or sidewalk. Indeed, broken glass on sidewalks has become so common that one can scarcely walk the length of two blocks without seeing it glisten in the sunshine.

This glass is especially bad for the bicycle tires of these same boys and girls who like to shatter the glass, and children with wheels should think twice before littering the sidewalk with such pernicious menace to their tires.

RAVINIA PARK

Ravinia Park has closed. The most brilliant opera season that we have yet seen has passed, leaving only memories, fresh and beautiful, in its trail.

It is difficult to estimate the place which Ravinia Park fills in the lives of the people, not only of the north shore, but of all Chicago. One look at the crowds disembarking from the Northwestern train, will convince the unenlightened that a Ravinia andience is made up from people everywhere converging here in this beautiful environment for concerts and opera. But although the success of Ravinia is now assured, although it has acquired a reputation which will carry along with its own volition, yet the mancial side of Ravinia remains a problem which each year must the grappled with and solved.

We are proud of the noted singers at the Park this summer, and there were so many that it would take some time to name them all - a whole galaxy of stars, a fact which, naturally, accentuates the financial problem.

For years Mr. Eckstein has never left the pilot wheel. For wears he has steered Ravinia clear of the rocks, but he still needs mur hearty co-operation. He still needs our financial support. And so, when we are congratulating ourselves on Ravinia Park, het us not forget Mr. Eckstein, and when we are asked for substantial support, let us not forget the man at the wheel and his problems.

ZION CITY SIEZES 40 BARRELS OF BEER

Monster Truck on Its Way From Milwankee to Chicago Gets Stuck in "Zion Sand"

Zion City resumed its fight on the beer smuggling traffic Saturday when monster auto truck, loaded with forty barrels of amber fluid, was siezed and three men were placed Mr. and Mrs. E. C. Day and family under arrest. The truck was on its way from Milwaukee to Chicago. Those arrested were:

J. P. Steites, saloonkeeper at 839 Clark St., Chicago. George Bly, truck driver, 536 Twen-

ty-eighth St., Milwaukee. Henry Keefe, truck driver, 1252 Twenty-fourth St., Milwaukee.

The men were taken to Waukegan and locked in the county jail. They retained Atty. E. V. Orvis who set out at once to obtain their release on bonds. The truck is the property of the Donaldson Transfer company of Milwaukee and said to be valued

By throwing all caution to the winds, the drivers of the truck apparently hoped to get through Zion through their sheer audacity, for they drove through the business part of the city. They might have succeeded in getting by had it not been the heavy load resulted in the truck becoming stuck in the sand. The entire cargo of beer was unloaded before the big machine could be extri-

The beer was placed in the truck but it was not long before the machine again got stuck. By this time the police had been tipped off and two automobile loads of officers arrived on the scene, placing the three

These arrests together with those of a week ago are the results of the efforts of T. R. Quayle of the Lake Mr. and Mrs. J. D. Mc Dougal County Law and Order League, who spent a few days last week visiting resides in this city. The first siezure at Hastings Lake, Deep Lake and comprised 16 trucks, which together with their cargo of beer, were valued at about \$70,000.
