WOMAN'S CLUB TO HAVE REMARKABLE PROGRAM

FIRST MEETING OCTOBER 21

Among the Evening Meetings Will be a Musicales to be Given by Marion Schaeffer, Helen Byfield

The Highland Park Woman's club will present a very remarkable program for the forthcoming season which opens with the first meeting Oct. 21. It has been the aim of Mrs. Clarence Thayer, president, in co-operation with a very able executive committee, to make the program the distinct feature of the organization, to concentrate effort and conserve finances to that end. Such an aim recommends itself readily to all club members and possible members. It is just possible that, in the past years, many clubs have enlarged the scope of their activities to cover too wide a field and, in so doing, have restricted the range of their influence by too many demands on their finances. Often enough, the chief reason for the existence of any educational club of this kind, has been lost sight of through the ever-present demands of charity and social betterment. And, no doubt, these things have their place, in the activities of any well-organized club of women, but, at the same time, it can not be denied that the program constitutes the drawing card for all successful club work. If the program attracts and draws the members out to the meetings, it will also bring new members. A good program, such as the Woman's club is now having printed for the coming year, will advertise and rehabilitate any club as nothing else will. It is very much like building up a good business. After the careful saving and conserving period, after the company has established itself on a firm business basis, then let them expand and enlarge the scope of their activities. Even so a club after careful grounding can make its charity, its civic and social reform work count.

Some of the well-known speakers booked for the Woman's club for this year are: Dr. Edwin Herbert Lewis, of the Lewis Institute, Franklin Bliss Snyder, Northwestern University, Charles Gilkey, Karlton Hackett, musical critic of the Chicago Evening Post, Mrs. Herman Hall, Museum Instructor from the Art Institute, Eleanor Perkins, of Evanston, daughter of Lucy Fitch Perkins, of child-story fame, a play by members of the Cumtong School of Oratory, and Rosemary Pfaff, child singer who will be heard at the first meeting, October 21st. There are many other delightful numbers on the program for the Women's club such as the evening musicale to be given by Marion Schaeffer and Helen Byfield. The program will appear in full in another issue of The Press. Taken altogether these numbers constitute a very unusual calendar of instruction and amusement for the coming season and the Highland Park Woman's club is to be congratulated on its achievement.

MAJ. EDWARD VATTMAN IS CALLED BY DEATH

Well Known and Highly Esteemed Former Chaplain at Fort Sheridan Died Monday

"Father Vattman", chaplain in the army with the rank of major, died in St. Francis' hospital, Chicago, Monday, after a year's illness. Major Edward J. Vattman was stationed at Fort Sheridan until he was taken ill a year ago. He served there while the fort was being used for an officer's training camp. Father Vattman served during the railroad strike in Chicago and in the Spanish-American war. He was on the retired list when the United States declared war on Germany; but shortly afterward he made a trip to Washington and was reinstated, and sent to Fort Sheridan.

Father Vattman had the distinction of having on his list of close friends six presidents of the United States, Hayes, Garfield, Cleveland, Taft, Wilson and Roosevelt. "Teddy" never passed through Chicago without paying a visit to Father Vattman in Wilmette.

The Sioux Indians were admirers of the Father, whom they called the "Large Pine Tree." He learned their language and taught them.

The Knights of Columbus will have charge of the funeral, and services will be held in the Fort Sheridan chapel.

Entrance was gained through a rear window, which was pryed open. The marauders were evidently well acquainted with the place, for they knew exactly where to look for everything.

Mrs. Tipton discovered the robbery Saturday morning and reported the matter to the police. It is believed to be the work of youngsters.

NORTH SHORE LINE GETS LOOP TERMINAL

AT 2:09 SOUTH WABASH AVE.

Old Art Studio Building to be Remodeled. Will Have Elevator to Lift Passengers to Station

Business is picking up on the new through trains the North Shore Electric railroad is running between the loop in Chicago and the heart of Milwaukee, and the road is about to open a new terminal facilities at both ends of the speed line.

A new time card, which went into effect Sunday, shows the number of express and limited trains now shuttling between Chicago and Milwaukee has risen to eighty-one.

New Terminal in the Loop

To provide waiting room against the windy weather of winter President Britton I. Bud has leased the old two story art studio building at 209 South Wabash avenue, just south of East Adams street. The Chicago, North Shore & Milwaukee Electric railway gets possession of this building at once and will proceed to make an up to date inter-urban terminal station out of its new acquisition, with an elevator lifting passengers from the ground floor to the one above, from which a covered, glass inclosed corridor will lead to the elevated platform of the Adams-Wabash "L" station. This new waiting room will be ready for use in about six weeks.

Milwaukee Terminal

The new terminal the North Shore road is about to construct in Milwaukee is much more ambitious. President Budd said it will front 150 feet on Clybourn street, between 5th and 6th streets, and extend 600 feet to Sycamore street. This location is a few blocks west of the terminal facilities which the road is now using near 2d street and Grand avenue and which have been outgrown. The Milwaukee terminal is expected to be finished about the first of next year.

Baggage and Express Service

Other improvements are announced by President Budd. They include arrangements for baggage and express service. A loading station for baggage is to be established at the old East Congress street terminus of the south side "L" road between South Wabash avenue and South State Street. The express loading station is to be established on West Austin avenue, west of North Wells street, from which express will be transported by trucks to the Wilson avenue yards of the Northwestern "L" road, where it will be loaded in to express cars for transfer to north shore towns between here and Milwaukee.

FORT SHERIDAN TO BE HEADQUARTERS OF 4TH

THOUSAND MEN HERE NOW

Remnants of Ivy Division Sent to Fort Sheridan to Recruit to Peace Time Strength

With the arrival Monday morning of 1,100 men of the Fourth division from Camp Dodge, Ft. Sheridan again became an army post. The Fort is now the headquarters for the Fourth Division and a total of 2,500 men, all that are now left in the division, is to be quartered there.

The men are being quartered in the old barracks on the south side of the camp. Here they will remain while the division is recruited to peace time strength. After the various units have taken in a sufficient number of men, many will be sent to various small army posts in this section, but the headquarters is to be at Ft. Sheridan.

The Fourth division has returned from the front with a brilliant record. It was organized at Camp Greene, Charlotte, N. C., Dec. 10, 1917, and was a unit of the regular army. During the training period however, the division was split up, and many drafted men added to its ranks.

The Fourth left Camp Greene April 18, 1918, for France, and it has the distinction of being the only unit to have casualties at sea. Fifty-six men of the 58th Infantry were lost when the Moldavia was sunk. The Fourth participated in the hostilities at Chateau Thierry, Jaulgonne, Mount St. Pere, Argonne, Meuse, and served along the Rhine with the army of occupation. Of a total of 14,183 casualties, 2,986 were killed. The rest were reported wounded or missing. These fighters captured 44 big guns, took 2,756 prisoners, and made an advance of 25 kilometers on a wide front. It is called the "Ivy" division, from the Roman numerals, IV, and its insignia is made up of four ivy leaves.

The following units will be quartered at Fort Sheridan: 39, 47, 58, 59th infantry, 13, 16, 77th field artillery, 10, 11, 12th machine gun battalions, 4th engineers, G. H. Q. and S. O. S. detachments, one "Big Bertha" company, one company of railway artillery, manning 16 inch guns, gas and liquid fire detachments, one company of M. P.'s, a troop of cavalry, 4th field signal corps, 4th field sanitary train, hospital and ambulance companies, 4th ammunition train, 4th mobile ordnance repair shop, and a trench mortar battalion.

The division is at present under the immediate command of Major-General M. L. Hersey.

Immediately following the arrival of the first three sections Monday morning, the Red Cross took steps to provide for recreation and amusement for the new men. The new recreation room has been completed, and is being used.

CITIZEN OBJECTS TO THE CHANGE OF NAME

Conscientious Objector Arises in Defense of the Name of Highland Park and Says "No"

In the last week's issue of The Press a citizen from the south end suggests, in an open letter, that the name of Highland Park be changed to Ravinia. The following is one of the many outbursts of indignation from citizens of Highland Park:

Editor The Highland Park Press—The man with advanced ultra-modern notions who would like to see the stalwart Highland Park marry the damsel, Ravinia, adopting the maiden's name, is a very wise man. His wisdom, however, may need a word of explanation as it is not easily apparent to the naked eye. It consists chiefly in the fact that he made this suggestion politely, modestly, and with a proper degree of fear and trembling. At least, he knows his Highland Park.

But here is one citizen, for instance, who does not agree with him; here is one who thinks the name of Highland Park, a very beautiful one indeed, "Park," he says, is a hackneyed word, but so also is the word, city, "Park" means what it signifies, namely a suburb. Similarly, the word "city" means what it says. All the names containing the word "park" which he mentioned, are suburbs of a great city, exactly what they pretend to be and want to be. The activities of the many well-known men residing in these various "parks" are confined to the city of Chicago, hardly these dwellers in so-called parks wish their places of residence to become a city in any sense.

Owing to the high land here and the great bluff rising sheer from Lake Michigan, the Highland part of the name has a peculiar fitness. Combined with the word "Park" the name of our suburb reveals itself as an excellent one, meaning exactly what it says. True, Highland Park is a town of ravines, but so also is Lake Forest. Moreover, the name Ravinia has lost a great deal of its significance because of the privileges which street car conductors have taken with the pronunciation. Pronounced with the short "i" it falls short of its real significance, and ceases to be a beautiful euphonious name.

However, Highland Park is very well pleased with itself, and is, in no case, contemplating its own absorption by the little principality to the south. It might be a "wide-awake" and "progressive" thing to do, but progress, like all things else, is often a relative term; it depends on whether the thing you are talking about is a beast of burden or a soft-shell crab.

A Citizen.

JEWISH GOLF CLUB FOR HIGHLAND PARK

STIPE PROPERTY IS LEASED

Nathan Klee, President and Allen I. Wolf Secretary. To Build a New \$75,000 Club House

Highland Park has been chosen as the site for another golf club. The beautiful Skokie ridge property on the Green Bay Road consisting of eighty acres and owned since 1866 by Sebastian Stipe, has been leased for a term of years by a new Jewish club. Nothing more fitting for a beautiful golf course could well be imagined than this choice property which begins just south of the lane, leading to the Bob O' Link Club, and extends south and west including woods, upland, and dale, crossing the new Clavey road and including sixty acres of the Koller property on the other side. This site of the old Stipe property has long been regarded as one of the show places of the Ridge, but, at the same time, it has also been regarded as unobtainable. Mr. Stipe has not yet allowed this piece of land to pass out of his possession, but has leased it for a term of years to the new club.

This club will be known as the Northmoor Club with Nathan Klee as president, and Allen I. Wolf as secretary. According to their present plan they will build a seventy-five thousand dollar club house overlooking the Skokie valley on the highlands just west of Mr. Stipe's present residence, and skirting the woods beyond. Laying Ross is the architect for the laying out of the course.

Henry K. Coale and Son represented Sebastian Stipe, Murray and Terry, the H. J. Koller tract.

LOCAL TEAM WINS AT FORT SHERIDAN

Game Played Sunday Nets Score of 7 to 0. Wilmette Scheduled for Sunday

In a very exciting and hotly contested game Sunday afternoon, the Highland Park football team defeated the Fort Sheridan team by a score of 7 to 0. The splendid showing made by the team considering the fact that they had had very little practice, and three of their regular men were absent, shows the sterling quality of the men. The Highland Park team was out-weighted by about twenty pounds to the man.

O'Hara, White and Bell played phenomenal football which could not have been accomplished without the splendid work of the line. Harvey Hopp at end and Ted Ohlwein at guard played exceptionally well. White and O'Hara pulled off the end runs for 60 and 75 yards respectively. The touchdown was made by John White, local quarterback, who starred for the home team. The goal was kicked by O'Hara.

Next Sunday a game with Wilmette is scheduled to be played at the latter city. The regular practice nights for the team are Tuesday and Thursday at six thirty o'clock and Saturday afternoons at three thirty o'clock at Central Park ball field. Anyone desiring to make the team can report at the field at those hours and days.

STATE LINE DEPUTIES ARE ORDERED TO STOP

The supervisors last Thursday voted to rescind their action of two weeks ago in which they authorized state's attorney James G. Welch to hire a sufficient number of deputies to police the state line to search vehicles and seize all contraband liquor. The board authorized the county clerk to notify Mr. Welch to discontinue the employment of deputies. Objection was made to the fact that Lake county must pay the total cost of keeping the beer out of the northern part of the state, despite the fact that most of it goes to Cook county. The rescinding order was also partly the result of the fact that the county funds are running low and it is costing the county \$100 a day for the deputies, in addition to big court costs and fees.
