### JOHN MILLER TRUST FUND TO BE \$15,000

LAKE FOREST GIVES \$1200

Total Contributions Far Surpass Original Goal of \$10,000. Theatre Benefit Boosts The Total

John Miller, flagman, who is at the Evanston hospital recovering from serious injuries received when he was struck by a Chicago and Northwestern limited train at the Gage street crossing, in Hubbard Woods eight weeks ago while attempting to save the lives of Mr. and Mrs. Tanner, is a happy man today. Also the members of his little family in Glencoe are happy. The reason is this:

The John Miller Fund originally set at \$10,000 has passed that mark and is destined to reach \$15,000 when all the contributions and pledges are turned in to L. Sherman Aldrich of Hubbard Woods, chairman of the fund.

North Shore Gives \$5,500

North Shore towns between Wilmette and Lake Forest contributed over \$5,500 to the fund. Lake Forest came in with subscriptions this week indicating a total contribution which will surpass \$1200. These contributions together with the receipts of a benefit performance given recently in a Chicago theatre and the receipts from admissions to the Chicago Tribune electrical score board arrangement which recorded the World series games, will, it is estimated, bring the fund well over the \$15,000 mark when the final figures are computed.

### WELL KNOWN MUSICIAN TO MAKE HOME HERE

Carol Robinson, Who Has a Studio at 418 Fine Arts Bldg., Chicago, Open for Engagements

It will be interesting not only to the Highland Park musicians but to music lovers of the North Shore to know that Carol Robinson, pupil of, and assistant to Fannie Bloomfield Zeisler, and a pupil of Adolph Weidig, will live in Highland Park this winter. Felix Borowski said of Carol Robinson after her debut in Chicago, that he had not heard such ravishing tones since hearing Paderewski the year before. On Tuesday and Friday afternoon Miss Robinson is teaching piano, harmony, and composition at her studio, 418 Fine Arts Building, and after November 1st, will be living at 359 Hazel Avenue. Carol Robinson is open for either afternoon or evening recitals, either solo or ensemble. Dates can be arranged now and after November 1st by calling Miss Robinson's secretary, H. P. 1191.

### LAKE FOREST WAITER STABS FELLOW; FLEES

Two Wounded in Knife Scrape Saturday Night at Deerpath Inn; Assailant Makes Escape

Patrons of the Deerpath Inn, Lake Forest, were thrown into a panic on Saturday night when Julian Bell, a negro waiter, attacked and severely cut two fellow waiters with a butcher knife. Bell made his escape after the assault and managed to get away because of the delay in notifying the police.

That he had premeditated his act was shown by the fact that he had a big stone wrapped in a napkin. With that he struck the first waiter over the head and stunned him, then he seized the butcher knife, and stabbed the victim in the head, and as he threw up his arms to protect himself, he stabbed him in the arm. Then one more gash landed near the man's heart.

Just about that time the second waiter tried to interfere and save the first victim. He received a slight wound in pay. He was not injured seriously. The first victim, however, was badly injured and was rushed to the Lake Forest hospital.

### SCIENCE SCHOOL IN LAKE FOREST BURNS

A large frame dwelling in Edgewood road, Lake Forest, recently converted into a school by the Country School Corporation of the Christian Science church, was partly destroyed by fire on Sunday night about nine o'clock. Thirty children were in the building when the fire started, but all had left before the flames gained headway. The damage was estimated at about \$15,000. The children were taken to various homes in the neighborhood.

## North Shore Building Boom

THE delayed but inevitable building boom on the North Shore, temporarily checked by the war and the disturbances incident thereto, is receiving a new and tremendous impetus.

Since the settlement of the carpenters' strike, a person travelling up and down the North Shore is greeted by the encouraging and inspiring sight of workmen busily engaged in the breaking of ground and the erection of new buildings.

This bank is ready and anxious to encourage the homebuilding movement in Highland Park and vicinity. A large sum is being reserved for loans upon improved Real Estate in this section, which sum is available at reasonable rates and on favorable terms.

If you contemplate building or improving, it will pay you to consult us.

### HIGHLAND PARK GARDEN CLUB

The last meeting of the season was held at the home of Mrs. McGregor Adams. There have been many delightful gatherings under Mrs. McGregor Adams' hospitable roof, but none more so than that of Tuesday, October seventh. After the reading of reports the following officers were elected for the coming year:

- President—Mrs. Rolland Hastings.
- First Vice-President—Miss Jessie Chandler.
- Second Vice-President—Mrs. F. Wiegand.
- Treasurer—Mrs. McGregor Adams.
- Recording Secretary—Mrs. George Childs.
- Corresponding Secretary—Mrs. Earl W. Spence.
- Librarian—Mrs. Carleton Moseley.
- Directors—Mrs. John Tuttle, Mrs. Dean, Miss Merryweather, Mrs. Sellar Bullard.

Mrs. William Ruffner, the retiring president, has been indefatigable in her efforts to make the club an inspiration for the cultivation of all that is beautiful in flowers and shrubs, and in preserving the natural beauty of our surroundings; to show appreciation of her work, the club members presented Mrs. Ruffner with a handsome bouquet of roses.

After the business had all been disposed of, a delightful musical program was rendered by Mr. Kreidler and Miss Daniels, the former is too well known and appreciated in Highland Park to need any eulogy, and Miss Daniels has already with her voice, charm and temperament, proved herself one of the coming song birds of first rank. Mr. Egan very kindly gave, by request, a paper he had read before the club some time ago, on "The Peculiar Instincts of Plant Life."

A delightful luncheon was served at the close of the meeting, during which Mrs. Jacob Bauer read some charming stanzas dedicated to the hostess of the day—Mrs. McGregor Adams.

Many members of the club have spent time and thought for the benefit of the Garden club, but to Mrs. Wiegand fell the heavy burden of arranging programs, planning drives for the inspection of gardens, selecting speakers, and she never failed to satisfy in these undertakings. The fruit, flower and vegetable show held at the Highland Park Club, under the auspices of the Garden club, was a great success, and to Mr. Newbold

many thanks are due for his assistance and co-operation.

In the dark days of the war many Garden club meetings were bright spots on a gloomy horizon, they cheered and encouraged, emphasizing the fact that God's world was meant to be beautiful and attractive, and that each member of the Garden club must do her part to make it so, that individual effort in every undertaking is the keynote of success.

### M. E. CHURCH

The Rock River conference closed Tuesday afternoon, the 14th, at about 4 p. m. Usually an annual conference closes on Monday morning with the reading of the appointments but this year the Bishop and his cabinet spent all the time required by committees and pastors for consultation and gave much time and prayer to the matter of the appointments. Bishop Nicholson declared that the matter of appointments was not left to the last moment before conferences but that consideration of this matter had been given since early in the spring. As a matter of fact many men declared that the appointments were the best they had been for years. Some were disappointed, no doubt, but in true Christian fashion these men and women of the parsonage went to their work without a murmur and the greatest year in the history of world Methodism is just ahead.

We have been returned to Highland Park and take this opportunity to greet all the people of the city and to assure you that we are here for no other purpose than to serve you and this community. We invite your co-operation and place ourselves at your call.

The services of the week come at the usual hours.

### TRINITY CHURCH

Trinity Guild will have its first all day meeting of the season on Monday, Oct. 20, in the Parish House. Luncheon will be served at noon. All ladies of the congregation are invited to attend.

If the washlady is dissatisfied, just take her out automobile riding on Sundays, Wednesdays and Fridays, though it will have to be a six cylinder car.

### RAVINIA SCHOOL

Last Friday afternoon the fifth and sixth grades entertained the school and some of the parents with Olympic games. Running races, wrestling, boxing and chariot racing made all feel the spirit of this Grecian festival. The chariots and most of the costumes were made by the class. At the end laurel wreaths were placed upon the heads of the victors. Greek history is the large topic that these children are studying. The work is under the direction of Miss Helen Hammond.

Some one wants to know why fruits and vegetables have to go through five or six hands in getting from the producer to the consumer. Principal reason is that a lot of brainy people have learned how to make a living without producing anything.

Bowling is called the most popular American winter sport, and many people who growl about the weight of the coal scuttle can swing very heavy balls.

### H. P. WOMAN'S CLUB

The Highland Park Woman's Club will hold its first meeting Tuesday afternoon, Oct. 21. It is to be an open meeting.

A cafeteria luncheon will be served at twelve thirty o'clock. The program will consist of a paper by Miss Etta Granewald, and songs by Rosemary Pfaff, the noted child singer.
