**Tested 250,000 Miles  
Three-Point Cantilever Springs  
Greatest Improvement Since  
Pneumatic Tires**

**O**VERLAND 4 has been put through the most thorough and severe test possible. 250,000 miles of mountain trails, desert sand, heat, cold, mud and dust, demonstrated the quality of every part of the car long before we began manufacturing.

This remarkable test showed conclusively that Three-Point Cantilever Springs, exclusive with Overland, are the greatest improvement in riding comfort since the introduction of pneumatic tires.

They protect the car from road shocks and prolong the life of every part. They enable the wheels to hold better to the road. They give

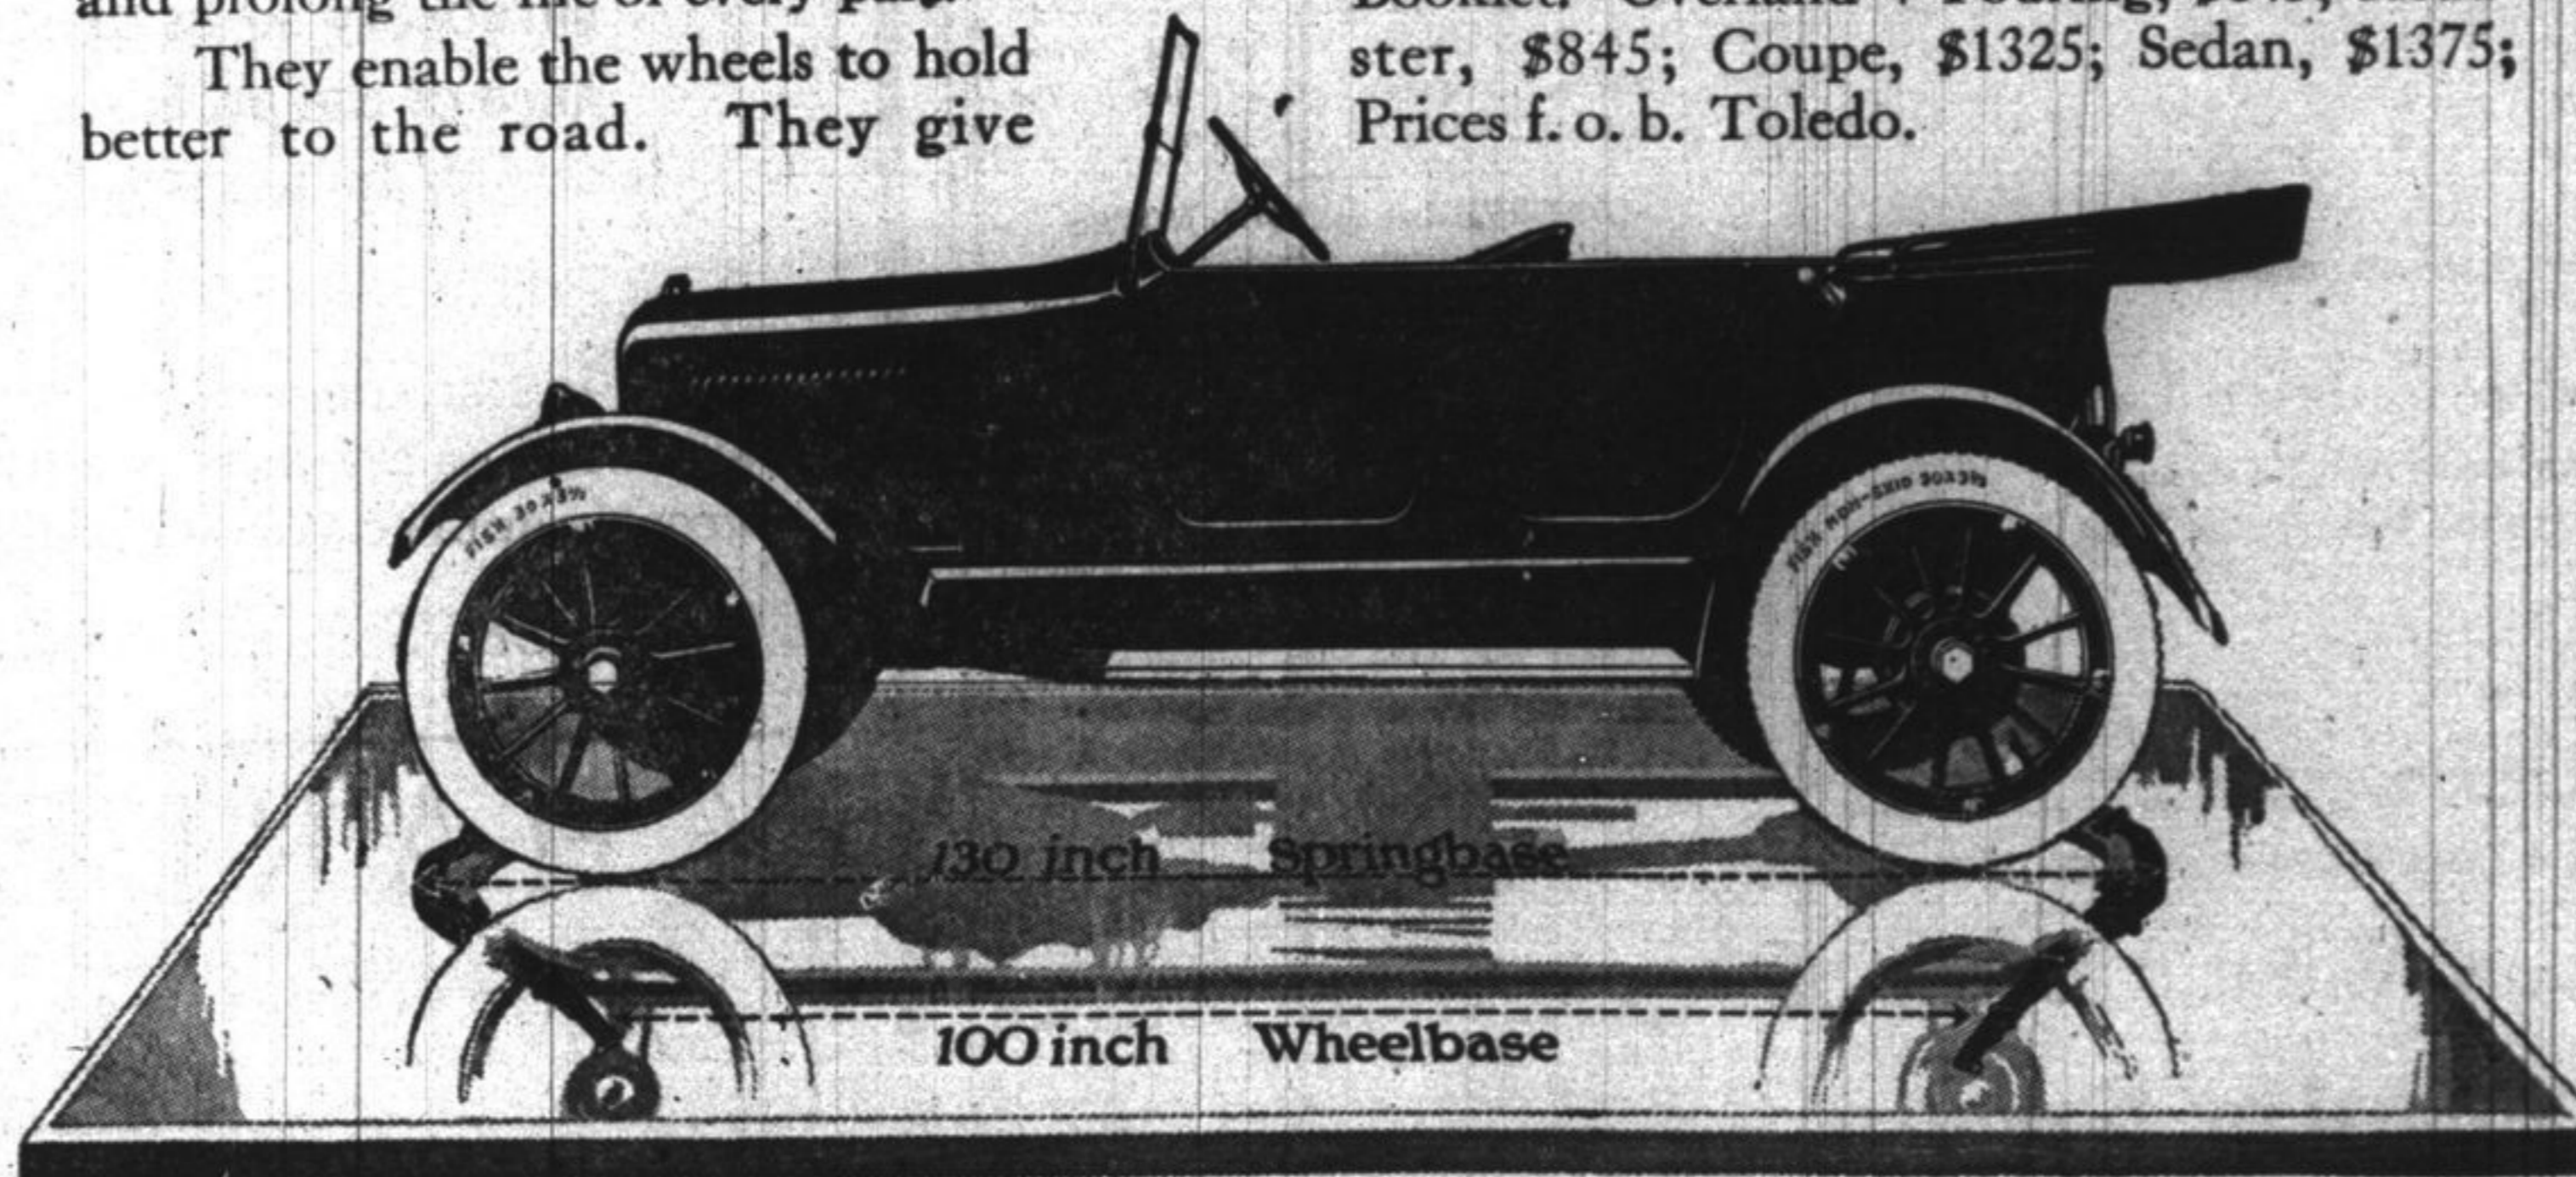

greater comfort under all road conditions.

They do away almost entirely with side sway and rebound which twist and rack the car.

Diagonal attachment of the Three-Point Springs at both ends of a 130-inch Spring-base gives the steadiness and smooth riding of the heavy car of long wheelbase.

Equipment is complete from Auto-Lite Starting and Lighting System to Marshall Divan Spring Upholstery.

The people who think they can pay for any old extravagances by raising the taxes, are about the same ones who can't see why house rents keep on rising.

Latest news from the Russian campaign is that the Bolsheviks could not fight very well owing to the snow being above whisker level.

Some girls are criticized for dancing with their shoulders, but that is considered excusable if they don't try to dance with their jaws on a hunk of hewing gum at the same time.

So far none of the statisticians who claim the cost of living has fallen, has offered to give anyone board for less money.

Some of the politicians issued statements before the votes were cast claiming that the election results were a victory for their side.

No one has so far suggested that the spectacle of turmoil, dissention, and threatened revolution in this country, England and France, makes the Germans any more likely to pay their \$25,000,000,000 indemnity.

Coal dealers who have taken advantage of the strike to put up prices, need not expect any warmed cell when they get into jail.

The politicians are wondering how they are going to stir up any patriotic enthusiasm for their peerless leaders in a dry presidential election.

Airplanes are being sold for pleasure purposes as fast as they can be manufactured, but not many bankers and merchants have been seen taking their families out for an airing in them.

Up to date no one has volunteered to haul in any wood to keep warm the homes of coal miners who won't refer their grievances to arbitration.

A lot of folks are not worrying about the fuel supply this winter, as they have money to burn.

Prominent among the "Reds" are the blushing girls, and it is not all due to modesty or cold weather, either.

It is amazing how honest some of the grocers look when they say they haven't got any sugar.

A lot of people think the world has gone crazy, but most folks have had moments three times a day at meal times.

A new airplane altitude record of 30,300 feet has been made but they didn't get up in the air as far as some of the Congressmen.

In Germany they spank the children that get in the streets in the way of automobiles. In this country, being to kind hearted for that, they wait until the kid gets into the hospital and then take off a leg or arm or two.
