24-"THE BIRTH OF A RACE"

eous, even for a worm, black, covered with white spots and stiff tufts of hair. He is an object to make women scream and to be avoided by everybody who does not know what he is going to be later on. In this condition he crunches leaves greedily and is a veritable glutton until the time comes for him to hang himself up by the tail and await developments. Then, behold, he comes out some fine morning a creature of great splendor. Three inches does he measure from tin to tip of his seal-brown velvet wings which are handsomely bordered with yellow and ornamented with purple spots edged with black. Newly born and innocent as he is nature al-

BECOMES THING OF SPLENDOR

Evolution of the Butterfly From Hide-

ous Worm to Beauty Matter of Only Short Time,

The butterfly poetically lives on the nectar of flowers. Just as a person

changes his tastes as he becomes more

refined so does that lovely creature of

the air adopt a different menu when

he dons his wings. Take, for in-

stance, the mourning cloak butterfly,

sometimes called the Camberwell

Beauty; in his original state he is hid-

ready has given him the instinct to protect himself, not by fighting but by strategy. He can felgn death with the success of an opossum playing the same game, and this he does when fenring an attack from a bird, for he knows, somehow, that his foe care only for living prey. So the butter fly skims about through the air sip 36 pd ping the sweets of the flowers, kissing

in danger of encounters with paris

green and finding the world a paradise.
