

Washday and Your Own Good Health

Have you ever considered how washday is related to your own good health? Physicians generally concede that there is much need for being especially cautious on washday during the fall and winter months.

The hot water and cold, the dampness, the steaming, and the exposure of washday are all of them done away with when you send us your family washing.

We help you protect your health—and we do your washing with the same thoroughness and consideration you would give to it yourself. Moreover, we sterilize as well as cleanse the things that come to us.

Try our Family Laundry Service these fall and winter days. Telephone and we will instruct our driver to call for your family bundle.

PUBLIC LIBRARY

Open week days from 9 to 12, 1 to 6 and 7 to 9 o'clock

What is Syndacalism? If you don't know you ought to know. It is the greatest menace to our country today. It is as vicious, and has been planned for as long a time as German domination was planned. If you know what it is, and how it plans to dominate this country, how can you prevent it? Come to the Public Library and read some of the books and magazines on that and related subjects. Here is a list as a starter, which will give the origin of the movement, and some preventative and remedial suggestions. Against a great machine and its propaganda we have been unprepared, before. Let us not fall asleep in our self-satisfaction now while Foster and his henchmen are teaching the ignorant and spreading their insidious propaganda like red fire in our own country.

American Syndacalism, John Graham Brooks.
Wartime Control of Industry, Howard L. Gray.
Citizens' Almanac, Caroline Hedger.

Ten Days That Shook the World, John Reed.
Industrial Goodwill, John R. Commons.
Labor Problems, Adams and Sumner.

New Ideals in Business, Ida M. Tarbell.
Americanization, Winthrop Talbot.
Vocational Education, Emily Robinson.

The Woman Citizen, Mary Sumner Boyd.
The Spirit of Youth, Jane Addams.

Do you know that the Syndacalists have already set the day, and that not a year away when they will seize the reins of our government and "Out-Russia Russia?" You didn't know it? Well, you know it now. What are you going to do about it? Well, first find out what Syndacalism is; then, how to combat it. If we all do this, there is no doubt that we will keep things steady in this time of greatest crisis. If we don't may Heaven help the United States!

Story hour for children next Friday afternoon at four o'clock. Over two hundred children have enjoyed the Story Hours, which have been held at the Public Library every Friday afternoon at four o'clock. No admission is charged, and every child may come and bring all his friends with him. It is the loveliest way to become acquainted with books and stories.

MARGARET RIDLON, Librarian.

The amount of work done in Congress at this session does not suggest that when they go home for their recess many of them will be welcomed by brass bands and committees of plug hatted citizens.

Notice

With Winter approaching swiftly it is necessary that you have your trees and shrubbery attended to at once.

My organization is busy trimming trees and shrubbery so that they will appear in their most beautiful foliage next season.

Neglected trees and shrubbery cost thousands of dollars annually to replace. Don't neglect them now.

I will be pleased to inspect your grounds and submit a plan for beautifying same. If the plan is acceptable and you so desire, I will work out as much of the plan as you desire annually and in time complete the work to your complete satisfaction.

As I am very busy at this time, if you desire to have work done next spring, it is advisable to make the proper arrangements now.

Sincerely,

CHARLES FIORI
