

A RELIGIOUS PAGEANT AT TRINITY CHURCH

FRIDAY EVENING AT 7:45

"The Builders of the City of God" to be Given in the Interest of National-Wide Campaign

A religious pageant, "The Builders of the City of God," will be given in Trinity Episcopal Church on Friday evening, at 7:45 o'clock by the children of the church school of the Church of the Holy Spirit, Lake Forest.

Miss Margaret Burrige as "Missions"

According to ancient custom, it will be presented in the Church. Dr. Wolcott will take the part of the Parish Priest, and Mr. Gratiot that of Interpreter. The other characters will be taken by the Lake Forest children.

All are cordially invited to attend the Pageant. It shows how the National-Wide Campaign will stir up all Churchmen, and inspire them to forward the work of the Church more vigorously. A pleasing allegory, it is well acted in costume by the children.

The Pageant
Opening hymn, 487, "Rise Crowned with Light."
The Congregation
1. Prologue
In which the Interpreter shows us our faults and tells of the remedy therefor.

2. Builders of the City of God
In which we workmen succumb to Complacency, Average-Good, Little-Visioned Half-Selfishness—all except the Man Unsatisfied.
3. The Challenge-Bringers
Wherein the Spirit of the National-Wide Campaign and The Priest show us our duty to Missions, Religious Education and Social Service—with Victory as the new Opportunity.
Hymn, 252, "The Morning Light is Breaking."
Choir of Confident Hope and Congregation

4. The Challenge-Takers
In which the Man Unsatisfied is satisfied; in which Glad-Consecration and Venture-for-God are found among us; and in which we accept our responsibilities as workmen in the building of the City of God.

Two rehearsals on the next two Monday evenings, at 8 o'clock, will be sufficient to enable the group to sing the old familiar songs.

The American Legion

On behalf of the membership campaign of the home chapter of the American Legion, the following editorial is reprinted from the August 28th issue of The Press:

"We have talked and written much about the idealism of the men who saw service in the trenches. It is they who, one little year ago, we thought would reorganize the world. It was they who would come home and light a star for all our footsteps. It is they who would blaze the trail out of a material wilderness into the open reaches of the spiritual.

"They came back, and, contrary to our expectations, they appeared to fall in with things as they are, and make themselves felt very little in the realization of our dreams of a better order of things. But they were only waiting their time and opportunity. They were not organized and no class or group of people can make themselves felt today in the complexities of modern life without organization.

"But now, at length, they have an organization. They either have organized or are organizing in every city and village in this great land of ours. It is the American Legion whose recruits are slowly gathering under the banner of "justice and humanity." This is their religion. Only youth can have a new religion which is sweeping, which is virile, and which will brush away the old cobwebs of sodden reaction. They have tried their religion. They know it works. And now they are going to take that new religion and become articulate through the American Legion.

"They have organized in Highland Park, these men from overseas. They are called the Dumaresq Spencer chapter, named from the first of our boys who gave his life on the field of honor. They meet once a week at the Army and Navy Center. And so it goes, the roster of this great new order is rolling up a membership which promises to be five million strong. They are fired by ideals; they have determination; they have youth. And we who hoped for better things, and then desponded, take heart once more. We are watching their formation. We are listening for their footsteps, for they are moving—these boys—with their faces toward the light."

MRS. E. A. TURPIN DIES AFTER SHORT ILLNESS

FUNERAL MONDAY AT 2:00

Was Active in Primary Department of Presbyterian Sunday School; also in Club Work

On Friday morning, November 28, Mrs. Edgar Allan Turpin passed away after a short illness due to a serious complication of stomach troubles.

Mrs. Turpin, (Jeanette Cliver) was born in Terre Haute, Indiana, November 21, 1881, in which city she made her home until her marriage to Mr. Edgar Allan Turpin of Washington, D. C., on April 20, 1904. After a short residence in Anderson, Indiana, Mr. and Mrs. Turpin moved to Highland Park in March, 1905, where they have since made their home. Until a few months ago they lived in the beautiful home, built by themselves in Ridgewood Drive. After selling their home there they took a house on Bronson avenue, Ravinia.

Mrs. Turpin was a member of the Methodist Episcopal church but attended the Presbyterian church in Highland Park where she was active in the primary department of the Sunday school. She also took great interest in Lincoln school matters at which place she was secretary, for a time, of the Parent-Teacher association. She was a member of the Highland Park Woman's Club and the Woman's Civic Club of Ravinia.

Mrs. Turpin's two sisters, Mrs. Mary B. Willson and Mrs. Jessica G. Cooper of Philadelphia attended the funeral, also Miss Turpin of Washington. A brother, Frank P. Cliver, lives in San Antonio, Texas.

The funeral services were conducted by the Rev. Frank Fitt at the home on Bronson avenue, last Monday, December 1st, at 2:00 p. m. Interment was private.

Mrs. Turpin will be long remembered by those who knew her in Highland Park. Her devotion to home and children, her unselfish thoughtfulness of others, and her gentle lovable disposition endeared her to all who came within the circle of her influence. The sympathy of many friends goes out to her husband, Capt. E. A. Turpin, and her three sons, Allan, William, and Robert.

AMERICAN LEGION OUT AFTER NEW MEMBERS

JOIN THE LOCAL CHAPTER

Plan Now on Foot to Consolidate the Interests of all Posts of Organization in Lake County

It is the plan of the Highland Park chapter of the American Legion to start a membership drive in order to swell the membership of the local organization. Out of four hundred men returned from service in Highland Park alone, the present enrollment is only seventy-five. Some of the men have joined Chicago chapters while others have not as yet affiliated themselves with any branch of this great movement.

At present there is a plan on foot to consolidate the interests of all the Posts in Lake county, and roll up a membership roster which will work for the mutual benefit of all concerned. Up to date Cook county and several lesser organizations, with scant funds and no literature to carry on the proper kind of campaign, have been struggling along on their own resources. It is believed by those vitally interested in the success of the local chapter, and in those of Lake county, that the consolidation of all the posts in the county would put every branch of the organization, both individually and collectively, on its feet.

It should be the patriotic duty of every man eligible to the American Legion to affiliate himself with the local chapter. Great problems are confronting the American people today, and problems of a nature so grave, that this great factor in the Nation's history, namely, the American Legion, can not afford to overlook them. The whole country is looking to these veterans as indeed it looked to them in time of war. They have youth, idealism, strength, and most potent of all, organization. It is for them to make their voices heard. And there is no place where the influence of their presence means so much as it does at home.

GARNETT'S LEAD IN BOWLING TOURNAMENT

Harder's and the "Press" Tie for Second Place, Majestic's Roll High Series for the Week

Garnett's went into the lead in the bowling tournament by taking two games from the Palace Market, and if Forrest had been able to "get the wood," they would have made it three straight.

Steffen's Tires lost the first game; but came back and won, finishing by taking two of the three games. Tony's barbers took the first game from the Bowman Dairy, but the milkmen came back and took the next two by getting the "cream" of the series.

Harder's Hardware "nailed" the first two in their series with "The Press," but the pressmen came back and took the last one with a 901 count, which was high game for the week. Majestic's cleaned the Reliable Laundry team for two of the three games, and rolled a 2428 series, which was high for the week.

The standing is as follows:

| | Won | Lost | Pct. |
|------------------|-----|------|------|
| Garnett's | 5 | 1 | 833 |
| H. P. Press | 4 | 2 | 666 |
| Harder's Hdw. | 4 | 2 | 666 |
| Palace Market | 3 | 2 | 600 |

HIGHLAND PARK TIES LAKE FOREST ELEVEN

Close Playing on Either Side Causes A No-Scare Game. Last Match This Season

The Highland Park football team met the Lake Forest eleven last Thursday morning on the high school gridiron, and the game resulted in a tie, neither side scoring.

The playing was very close throughout the game, and no spectacular plays were made on either side. Highland Park completed two 20 yard passes. O'Hara made a 60 yard punt. Harvey Hopp was slightly injured in the second quarter.

This was the last game of the season. The local team played six games this fall, winning three of them, and tying in the remaining three.

NARROW ESCAPE IN AUTOMOBILE CRASH

Young Ladies Slightly Injured When Fire Truck Crashes Into Their Machine in Chicago

Misses Ruth Church and Margaret Phillips narrowly escaped fatal injury last Thursday in a motor accident in Chicago.

The young ladies with a party of friends were driving on a north side boulevard, when a fire truck dashed around a corner, and skidded on the slippery pavement into their machine. The front of their car was demolished.

Miss Phillips suffered a fractured rib, and Miss Church was rendered unconscious for over an hour. More serious injury was avoided owing to the presence of mind on the part of the driver, who ran his car into the curb, in order to escape a worse collision.

SLIGHT ROOF FIRE ON SUNDAY EVENING

The home of Chries Werhane, North Second street, was slightly damaged by fire last Sunday evening about 9:30 o'clock when the roof caught fire, supposedly from sparks from the chimney.

More serious damage was prevented by the speedy arrival of the fire department. The new fire truck was used for the first time at this fire, and it acquitted itself very well.

UTILITIES COMMISSION CURTAILS USE OF FUEL

SHORTER WORKING DAYS

Urges All Possible Conservation of Fuel, Light, Gas and Power. Situation Is Serious

The public utilities commission issued the following order yesterday fixing a six and one-half hour workday for essential industries and other drastic rules for coal saving:

It is therefore ordered that said public utilities, until further order of the commission, shall govern themselves, in furnishing and supplying their service by the following rules and regulations, and shall enforce the same in their dealings with their customers:

Electric Lighting
All unnecessary interior and exterior illumination, including signs, display lights, and show windows, shall be entirely stopped.

Transportation
Suburban and local transportation schedules shall be reduced immediately to the least number of runs that will accommodate necessary travel requirements. As every 10 degrees by which the temperature is lowered during zero weather will save between 250 and 400 tons of coal per day, the temperature of cars and stations at all times should be reduced to the lowest point consistent with public health and safety.

Industries
Work shops, industrial establishments, wholesale businesses, mercantile establishments and storage warehouses (cold storage warehouses and plants excepted) shall receive service not to exceed six and one-half working hours of the day between the hours of 9 a. m. and 3:30 p. m. Where the nature of the business requires continuous operation, an equivalent reduction must be accomplished by refusing service at least two working days a week.

Retail Stores
Retail establishments of all kinds in the downtown district shall receive service not to exceed six and one-half hours a day, namely from 11 a. m. to 5:30 p. m.; the stores in the outlying districts may receive service from 10 a. m. to 6 p. m. and on Saturday night until 9 o'clock p. m.

Offices, Banks
Offices, banks and other places of business—all office buildings included—shall receive service from 9 a. m. to 3:30 p. m. only. Every possible economy in light, heat and power, including reduction in elevator service, must be effected within these hours and the heating during closed hours reduced to the lowest margin of safety. Newspapers shall exercise every economy consistent with the nature of their business and the publication of their papers.

In all buildings of whatever character, including factories and stores referred to above, service lighting shall be reduced to a minimum, elevator service outside of the hours specified for operation shall be reduced to one car and heat must be cut off except in such degree as will prevent damage by freezing.

Theatres, Amusements
Theatres, vaudeville houses, and similar places of amusement—not including motion picture houses—shall be restricted to service for six performances a week, namely, one in the afternoon and five in the evening, and enjoined to exercise at all times the greatest economy in illumination. Inasmuch as motion picture houses consume very little light they are excepted from regulation as to hours, but required to effect all possible economies in the use of light and heat. Use of service by theatres, vaudeville (Continued on Page 12)

MR. H. M. BACON LOSES IN DAMAGE SUIT

The \$10,000 damage suit of Bacon vs. Meyer was decided in favor of the defendant by Judge Edwards in the circuit court this morning. The case is over two years old. On April 30, 1917, an automobile driven by Mr. E. A. Meyer, struck Mr. H. M. Bacon, who was laid up for several months. The accident occurred during a driving rain storm and the court ruled that there was insufficient evidence to hold Mr. Meyer. The case will probably be appealed.
