### Y. W. C. A. NEWS

The monthly meeting of the Mothers' Club will be held Tuesday evening, Jan. 6, at 8:00. The entertainment promises to be unusually attractive as Mrs. T. R. Quayle who did more than her share of service in France among the American boys, will tell the workers many interesting things about the life over there.

Miss Isabel Stewart Crawford of Chicago will provide the music and with these two we feel assured a very worth while program will be offered. An invitation is extended to all to come next Tuesday evening.

#### Christmas Parties

Ten Y. W. C. A. girls gave a very enjoyable Christmas party the evening of Dec. 25. Each brought a guest and all had a good time.

The young people of the United Evangelical church gave a jolly holiday party at the Y. W. C. A. rooms on Friday evening, Dec. 25.

The Aster club gave their annual Christmas dinner on Tuesday evening, Dec. 23.

This dinner is a yearly event with these young women and is looked forward to with a great deal of pleasure.

#### Vespers

Miss Margaret Ridlon, city librarian, gave a story telling hour Sunday afternoon for the Vesper service that was greatly enjoyed by all those present. Miss Belva Whyman had charge of the devotions and the Misses Dredow and Diebert served tea and wafers.

These weekly Vesper services are growing in interest and are open to all. It is a splendid opportunity for new girls to become acquainted. They are held every Sunday afternoon at 5 o'clock in the gymnasium.

Next Sunday on account of the Vespers at the Presbyterian church, ours will be omitted.

#### New Year's Party

The members of the Friendship club who worked so faithfully in providing a Christmas for the children at the Dorcas orphanage, will entertain each other and their friends the evening of New Year's Day.

### WINTER WORK OF THE ARDEN SHORE CAMP

Edwin C. Davis Tells of the Need for the Undernourished of Chicago

It is the sincere wish of the Arden Shore association to bring before the public some idea of the extent of the work which the winter encampment is undertaking. In addition to this, they are also desirous of showing up this work in the light of what others, indirectly affected by the work, may think.

In this connection, the following letter from the president of the Board of Education of Chicago addressed to the president of the Arden Shore association, is very illuminating:

Mrs. Charles H. Thorne, President, Arden Shore Association, Lake Forest, Illinois.  
My Dear Mrs. Thorne:

A serious problem confronts the Board of Education, and one which we believe your Association could render a valuable service in solving.

Under the provisions of the excellent Illinois Child Labor Law, the Board of Education maintains in the school system a Certificate Bureau where boys and girls of fourteen years of age must apply for a certificate to permit them to secure positions until they are sixteen years of age. Many of these children are so physically handicapped and show such evident signs of under nourishment that it is impossible, under the provisions of the law, to give them their working certificates until they can be built up to a normal condition of health and vigor. These children come, of course, from the very poorest families in the city and even the small amount of wages these children can contribute to the family budget is desperately needed. In refusing the certificates no adequate solution is found because the child returns to the very conditions in physical environment and home life which created his disability. These children are, moreover, the workmen of the future and economic necessity demands that they be saved for a life of productive labor. If these boys especially could be taken to Arden Shore Camp this winter and given from three to six months in the open air, with good care and adequate food, they would, we are confident, at the end of this time be able to help carry the family burdens and be saved permanently for a life of useful industry and citizenship.

It is impossible for the Board of Education, under its legal limitations, to appropriate any money for the food and clothing of these children, but the Board of Education would be very happy to co-operate with your organization in this work, and would provide the teaching force and the educational equipment necessary for

these children during their stay at Arden Shore.

Urging upon you most sincerely a serious consideration of this vital problem which must have a solution, and that shortly, if our children are to be saved for the future, believe me, Very sincerely yours,  
Edwin S. Davis, President,

It was of course merely a coincidence that the miners found out how their sufferings called for a strike just at the time when the public began to need the coal to avoid freezing.

### Gathering Life's Gold.

The gold of life does not lie hidden in mines; it sparkles in tiny sands all along the common path of every day. He only who gathers it bit by bit from daily duties and pleasures and opportunities and friendships will find himself the possessor of the real treasure at last.

While the world has been standing still for five months waiting for an agreement to be reached on the peace treaty, it is consoling that the dignity of the Senate is being preserved by avoiding hasty action.
