Have You Traveled in Italy?

If you have not done so, you should go over now. I believe you will find some of the beautiful gardens left, not destroyed during the war. You would get an idea of the beautiful surroundings it is possible to have right here on your own grounds.

You say the climate is different. That is true; but we have a great variety of trees, shrubs, evergreens, roses and other flowers which grow very well here. Even with the limited variety we have in this country you can make your home not only beautiful, but wonderful, in Italian styles.

I am prepared to draw plans for your garden and grounds after the Italian style, and will be glad to talk over such plans with the owners of North Shore property. I handle the work either on a time basis or by contract. No job is too small to have my attention; still I am prepared to handle contracts running into thousands of dollars.

Won't you think it over? If you would like to beautify your grounds, call up Highland Park 523 now, and I will prepare a plan during the Winter. The work can then be done early next Spring. Bear in mind that a job of this kind well done never needs to be done again. You save money by having it done right.

Some people think it strange that two holidays are observed within a week, but before long they may think it remarkable that there are two working days within that period.

It is not recorded that the I. W. W.'s protested when the working hours were cut down by the coal strike.

PUBLIC LIBRARY

Open every week day, 9 to 12; 1 to 6 and 7 to 9.

Closed January 1, 1920.

Miss Ridlon is attending the mid-winter meetings of the American Library Association which are being held in Chicago this week. During her absence Miss Irene Bell will take her hours at the loan desk.

Another volunteer worker will begin to give full time service at the library, beginning January 2. Miss Gladys Dent took her library training at the Evanston Public Library, in the apprentice class last winter. She will assist at the loan desk and with the work with the children, taking charge of the story hours. Miss Dent, who comes from New York City, is making her home in Evanston at present. She is a graduate from Miss Finch's school in New York. Last summer she took the summer library school course at Ft. Collins, Colo., given by the librarian of the State Agricultural college, and during the course had full charge of the library there, during the evenings. She is an able and very attractive young woman and Highland Park is very fortunate in securing her services. The tremendously increased use of the library in this last year and a half has made it imperative that the working staff be increased also, and Miss Dent's generous volunteer work is very opportune, and she will be welcomed by everyone who uses the library and appreciates efficient library service.

Mrs. Leo, our charming teller of stories, has been ill for the past three weeks and Miss Ridlon has conducted the story hour. During the first of these three, the library was unexpectedly honored by a visit from the State Commissioner of libraries, Miss Price. She afterwards visited the children's room and admired our new yellow chair covers and the pictures above the book cases. We are hoping to have Mrs. Leo with us again after the holidays. There will be no story hour this week because of Miss Ridlon's absence. Mrs. Leo's work has been entirely voluntary also. She has endeavored herself to us all so much, that her brief absence has been keenly felt.

The State Library commissioner, Miss Price, recommended to the president of the library board of trustees, Dr. Wolcott, that the towns of Highwood and Deerfield who do not support public libraries of their own, and who use the Highland Park public library (which is supported by the taxes of the city of Highland Park) vote sums of money from their town appropriations for the support of branch libraries which the Highland Park public library would establish in their towns. We have for more than a year supplied books free to Highwood which the Young Woman's Patriotic league has administered and housed without expense to the people of Highwood. For much longer than that the people of Deerfield, especially the high school students, have used the Highland Park public library for their work and recreational reading. They are always welcome. Think how greater would be the pleasure and profit of the people of these towns if they had branch libraries of their own, administered from the main library which they now use, and the added facilities which such community cooperation always brings. Such small towns cannot well afford to support a library of their own, and an effort to do so often has resulted in unsatisfactory service, but they can well afford to support a branch of a system already established, which could increase its present facilities with a minimum of expense and a maximum of satisfaction. I recommend to the people of Highwood and Deerfield Miss Price's suggestion.

Margaret Ridlon, Librarian.

EBENEZER EVANGELICAL

Regular hours for worship are 11 a. m. and 7:30 p. m.

Members of this congregation will join in a union watch night service at the United Evangelical church at eight o'clock this Wednesday night.

A successful program was given by the Sunday school on Christmas Eve. It became necessary to make several modifications on account of illness of some of the children. The participants in the program acquitted themselves very creditably. A generous offering for benevolent purposes was received. The pastor was presented with a liberal purse by members and friends of the school.

Next Sunday morning after the regular opening of the Sunday school the annual reports of the work of the past year will be read by the respective officers. These will be of great interest to all. After hearing the reports the election of officers for the ensuing year will take place. The entire forenoon will be given to these interests.

To All Americans Interested In FLOUR

Let us prove that it is not true that our people are reckless in personal expenditure and have no ideals of thrift or social responsibility in this period of extravagant spending. Thrift is common sense spending. Unwise spending may not always indicate lack of thrift, but, perhaps, ignorance, habit, or lack of opportunity.

The United States Grain Corporation is now providing an opportunity for consumers of flour to exercise their personal choice in the purchase of flour at moderate cost if they so desire.

The United States Grain Corporation is offering to sell to the consuming public from its large stock of flour, recently purchased at approximately 6 cents per pound; that is, not above 77 cents for 12-pound package and \$1.55 for 24½-pound package.

Flour to Public at Reduced Prices

Retailers may buy this flour delivered anywhere in the United States, packed in paper sacks of the retail package sizes, in car lots, at \$10.43 per barrel, or in cotton sacks at \$10.80, and in less than car lots, in paper, at \$11.15, or in cotton at \$11.55.

This flour will also be made available to bakers, packed in 140-pound jute sacks in car lots, at a price of \$10.25 per barrel.

United States Grain Corporation Standard Pure Wheat Flour is a good flour, favored by good cooks.

Cut down the cost of living by buying United States Grain Corporation Flour, or similar flour from your dealers.

This year's crop of Soft Red Winter Wheat is yielding flour of excellent bread-making quality.

Housewives should become acquainted with this splendid flour.

They will find that it works easily and rises quickly.

The fermentation is vigorous and healthy and the resulting loaf is of superior texture and good color.

For pastries, biscuits, and cake, no flour makes a more delicate, tender crust and crumb.

There is no lack of wheat of the best quality; United States Grain Corporation Standard Pure Wheat Flour is made from the best soft winter wheats; it is not "War Flour" or "Victory Flour" and does not resemble them. Let the consumer be the judge.

This flour is now on hand and for sale at

Great Atlantic and Pacific Tea Co. Stores

Names of additional stores handling this flour will be published from time to time.
