87,251 FORDS BUILT IN OCTOBER
October was a record breaking
month in the Ford Motor Company's
home shops in Detroit. Production
records showed a total of 87,251 au-
tomobiles assembled during the
month. The previous record was 83,-
706 cars for May 1917; whereas the
total cars produced during October
1918 was only 9,414.
These figures are especially signifi-
cant because they clearly indicate
the success that has attended the
Ford Company's remarkable transi-
tion from the manufacture of war
material to those of peace times. Just
as soon as the Armistice was signed
and cancellation of Government con-
tracts was received, the Ford Motor
Company without decreasing the num-
ber of its employes bent toward the
re-establishment of its pre-war con-
centrated production, and the 75,000
car increase of October 1919 over
that of October 1918 tells its own
story.
There are now employed in the
Ford Shops in Detroit approximately
70,000 men, 55,000 of which are work-
ing in the main plant in Highland
Park.

OLEISMS
Despair never caught a fish nor built
a home.
There is, as yet, no synthetic sub-
stitute for brains.
Great wealth, to be respectable, must
come from great service.
Poverty oft comes to men who have
naught that the world wants to buy.
Our present condition has been bred
by indifference, neglect, ignorance and
selfishness.
Cowardly complacency must be
wiped out by intense interest in our
country's problems.

This is a new day—a new world—
but one must never forget that old
human nature never changes.
In order to understand the present
we must remember the lessons of the
past, but must forget its prejudices.
The yesterdays are gone forever, but
the lessons taught by the past must be
remembered if we are to progress.—
Ole Hanson, November 18, 1919.

INTERESTING BRIEFS
It is a curious fact that, notwith-
standing its thickness, the elephant's
skin is very sensitive.

When the inhabitants of the lower
depths of the ocean possess any color
at all that color is usually orange, or
red, or reddish-orange.

OFFICIAL PUBLICATION
Report of the Condition of
Highland Park State Bank
located at Highland Park, State of Illinois,
at the close of business on the 31st day of
December, 1919, as made to the Auditor of
Public Accounts, of the State of Illinois,

(SEAL) Notary Public.

It is not predicted that the propos-
ed new device that will identify those
who "listen in" on the telephone
will not help sell any telephone ser-
vice in some localities.

First Iron Works.
Plymouth was the first permanent
white settlement in New England and
dates its founding from the landing of
the Pilgrims, December 21, 1620. The
iron works on the banks of the Saugus
river, established in 1643, were the
first iron works in America. A small
iron pot cast there in the first forge
in America is now the property of the
city of Lynn and is in a glass case in
the Lynn public library.

Scored a Success.
My four-year-old nephew was per-
fectly delighted with his grandfa-
ther's car and always cranked all his
toys, and even himself, when sent on
errands. He is particularly interest-
ed in anything mechanical and never
misses any such conversation. One
day he cranked the cat's tail, and was
delighted when it turned and spat at
him, for, he said, "There, I got an
explosion that time."—Chicago Ameri-
can.

Jack Scores.
The whims of will-makers are many
and curious, but for the pure sarcasm
commend us to the British sailor who
requested his executors to pay his wife
one shilling, wherewith to buy hazel-
nuts, as she had always preferred
cracking nuts to mending his stock-
ings.

Desired Result Achieved.
Hazel had disobeyed her mother,
who had chided her for it, without any
apparent effect. The fact that she had
done wrong worked upon the girl's
conscience, evidently, for she went up
to her mother and said humbly;
"Please don't scold any longer,
mamma, 'cause I feel bad enough
about it now."

New Fishing Opportunities.
The fact that good fish range down
to 1,600 feet opens up hundreds of
thousands of square miles of new fish-
ing grounds, especially off the British
western coasts, off Iceland, and off
Newfoundland. With improved nets
and tackle fishing will in the future
be carried on in far deeper water than
it has been in the past.

Paying Federal Officials.
The president of the United States
is paid by settlement warrant, which
is practically the same as a check.
This warrant is sent to him by mes-
senger from the treasury twice a
month. Senators and representatives
are paid either by check or cash as
they personally desire through con-
gressional disbursement checks. When
they are paid in cash they receive
crisp, new bills, as does nearly every
one who lives in Washington.
