WANT INCORPORATED COMMUNITY SERVICE (Continued from Page 1)

There are still many of these boys, our local boys are back in civilian clothes, the girls who have frolicked so joyously and unselfishly all through the months, and the women who feed this continued association. These club rooms, rest room, writing room, tea room, reading room, billiard room, are a reality where all can go. Father and brother can stop in for a game of pool, mother and sister glimpse at the latest magazine, friend meet friend and neighbor — a fine democratic one-class club with a real get-together spirit. This work can still be carried on for the wounded boys who love to come and expect to be welcomed, and have all the advantages possible for the community at the same time.

What shall be done about it? The government too practically says "The War is Over", too practically fails to see the larger necessity for social service because it is over, and that Community Service is the logical and inevitable outgrowth of War Camp Community Service. The needs are seen, known and felt. They have been supplied in times past and they can and WILL again.

The budget needed is not large. It runs something like this: Rent, \$2,400.00; Director, \$2100.00; Assistant, \$900.00; Light and gas, \$40.00; Insurance, \$40.00; Ice, \$100.00; Janitor, \$900.00; Laundry, \$180.00; Repairs, \$300.00; Entertainment, \$1800.00; unclassified, \$578.00; a total of about \$10,000.00. What is \$10,000.00 to patriotic Highland Park?

The Community Shop has pledged \$200.00 each month. What other organizations are ready to respond? What public spirited citizens with bulging pockets and fuller hearts are ready to give their share? Where are the men and women who are ready to serve our own community? Answer, all together and at once, "Here!"

HIGHWOOD PATRIOTIC LEAGUE MUST LIVE (Continued from Page 1)

necessary financial support. Classes in sewing and cooking for younger girls, music lessons, both private and in classes for a nominal charge; folk dancing, and supper clubs: these are a few of the many things the League is doing for the girls of Highwood, to say nothing of its faithful courtesy to the wounded men at Ft. Sheridan, whom the girls entertain on Sunday with games and a hot supper, and on Tuesdays with the popular bunco parties. Even the small boys of Highwood have not been overlooked, but have been organized into Boy Scouts under the leadership of Mr. C. F. Drake, and are loyal supporters of the League.

The week of January 26 has been decided upon for a finance campaign and active preparations are being made. Mrs. Archie S. Richards is to act as chairman of the campaign, assisted on the executive committee by Mrs. Robert Pease, and Mrs. Thos. Marks, and Mrs. Vencil Muzik has been made chairman of the committee on subscriptions. The mayor and the council met with the board the other evening and heartily endorsed the work of the League, and its place in assistance in every way possible, the life of Highwood, offering their support.

The league is happy in having secured the services of Miss Hera Swindell, as general secretary. Miss Swindell is a trained worker in girls' club work as well as an able executive. Miss Lois Dick acts as her part time assistant. A detached account of the weekly activities of the League will be found in another column of this issue.

NORA BAYES SINGS AT FORT SHERIDAN

Two Thousand Soldiers Attend Entertainment Given Sunday Evening in the Gymnasium

One of the best entertainments that has been given at Fort Sheridan in several weeks was enjoyed by the convalescent soldiers last Sunday, when Nora Bayes, Irving Fisher, and Charles J. Wilkinson of the cast "Ladies First," which is now playing at Woods theatre in Chicago, put on a program in the big gymnasium.

The gym was packed, fully two thousand soldiers being present, and the program was hugely enjoyed. It consisted of songs and sketches taken from "Ladies First." The players were much pleased with the reception they were given. Miss Bayes declared "It was the best behaved soldier audience I have ever played before."

The entertainment was arranged by the Red Cross. Every day there is some sort of amusement in the wards. The finest vaudeville talent from Chicago, and special musical numbers are brought to the fort for the entertainment of the wounded men.

Unusual Investment Opportunity

We were fortunate in obtaining a liberal allotment of the attractive issue of

Public Service Co. of Northern Illinois
3 year 6% Collateral Gold Notes
Price \$97.34 and interest yielding 7%

While the supply lasts we offer these notes at the above price to our friends and customers who have funds to invest in a safe, profitable, short time security.

The Company operates and is well known in this section. These notes, being a lien through pledge of First and Refunding Bonds, rank ahead of about 22 Millions of Debentures, Preferred and Common Stock. Please call at once or telephone your order, if interested.

HOT LUNCHES FOR THE ELM PLACE PUPILS (Continued from Page 1)

Apples and milk are also served, a charge of five cents for each of the three items being made with the hope of making the undertaking pay expenses. Children that have been in the custom of spending their noon allowances in the shops for pastry and candies are now finding that sandwiches brought from home and eaten with a bowl of warm soup make a more satisfactory and wholesome mid-day meal. The undertaking seems at the present time to be a great success and promises to bring results in better health and nutrition of the pupils.

The menu for last week was as follows: Monday: potato soup; Tuesday: vegetable soup with noodles; Wednesday: chicken soup; Thursday: vegetable soup with barley; Friday: choice of chocolate or vegetable soup.

FLU TAKES HUSBAND AND WIFE SAME DAY

Young Couple in Glencoe Die Few Hours Apart; Had Relatives in Highland Park

Influenza claimed husband and wife Tuesday at Glencoe, when Edwin C. Clavey and his wife, Charlotte Clavey, fell victims to the dreaded disease. Mrs. Clavey died in the morning and her husband outlived her only a few hours.

They have a child one and one half years old. Mrs. Clavey was a niece of Mrs. George Vetter of Highland Park, and Mr. Clavey was a cousin of Mrs. John Fay, and also of F. D. Clavey of this city.

Services will be held this afternoon (Thursday) at the Prior undertaking parlors at one o'clock, and burial will be in Northfield cemetery, at Shermerville.

DEATH OCCURRED IN FLORIDA ON FRIDAY

Word has been received by Highland Park friends of the death of the father of Harry and Wallace Michaels who for several years ran a grocery store in the building now occupied by the Gsell drug store.

Mr. Michaels died last Friday night at Jacksonville, Fla., and the funeral was held Wednesday afternoon at 4719 West End avenue, the home of Harry Michaels.

SEVERELY BURNED IN ACCIDENT AT GARAGE

Charles Delhaye, an employee at the Koon garage, was badly burned about the face, neck, and arms last Saturday evening, when he carelessly threw the drainings from a motor on the hot coals of a furnace.

SPIRITS ARE SPIRITED AWAY IN THE FIRE

All sorts of guesses and speculations are being made by Lake Forest people about the origin of the fire which recently destroyed the old Farewell mansion, since the report has leaked out that of the sixty cases of "booze", which were supposed to be stored in the basement of the house, the remains of only one case can be found under the debris. No definite information has been given out.

NEW TIME TABLES FOR NORTH SHORE R. R.

A new time table has been printed by the Chicago North Shore and Milwaukee railway, and will be ready for distribution in Highland Park this week. According to the new tables, the schedule will be practically the same as the one that has been in effect since the coal shortage last month. Four locals will run each way every hour between Evanston and Ft. Sheridan. There will be one limited and one express each way every hour.

EVANSTON MAN TAKES OVER LOCAL CONCERN

The Tillman Brothers who for a number of years past have conducted the Sparkling Spring Water Company, have severed their connections with the Company.

Mr. William Tillman has rented the business to Mr. Erickson of Evanston, who will in the future conduct the Sparkling Springs Water Co.

None of these politicians who obtain office by promising high wages and low prices has shown any anxiety for better education to promote greater popular intelligence.

COMPLAINTS RAISED ABOUT LATE TRAINS

It would appear that frequenters of the old 8:09 and the trusty 5:10 have been very much put out by the uncertainty of their present arriving late in Highland Park and later in Chicago, while the 5:10, which has been the very soul of punctilio up to the present winter, has lost its reputation irrefragably.

Citizens from time to time have raised single voices of complaint against this infringement of time-worn custom until they have grown into a multitude which extends the entire length of the north shore, for, on comparing notes it would seem that trains other than the familiar old Highland Park specials have lapsed from their brisk old schedule of the days when the men who owned the railroad had something to say about its management.

If reports are true, the mayors and representative citizens along the north shore are to come together somewhere in solemn protest against the capricious habits of the once good old trains.

FRIEND SAVES HIM FROM DEATH BY GAS

Highwood Man Found by Visitor in Nick of Time; Recovering at Highland Park Hospital

A gas mask salesman could probably do a land office business in Highwood, since the asphyxiation of Nick Mccormac Sunday at his shack in Railroad street, Highwood.

About eight o'clock Sunday evening a friend of Nick's found him lying unconscious on the floor of his house. There was a good fire going in the stove and the room was full of gas that was escaping from a leaky pipe. The visitor, greatly excited, threw open the doors and broke the windows with his fist, badly lacerating his face and hands.

A crowd soon gathered, and after many attempts to locate a physician, Dr. R. E. Jacks and Dr. H. B. Roberts arrived. The man was in the last stages of asphyxiation, and remained unconscious for about an hour.

Mccormac was taken to the Highland Park hospital where he is recovering from the effects of the gas.
