

BUSINESS MEN'S BOWLING LEAGUE

Between "The Press" and Bowman Dairy Postponed Owing to Sickness of Players

Due to the illness of several of the members of the Highland Park Press in the series between "The Press" and Bowman Dairy was postponed until a later date.

Garnett's have the distinction of bowling the first game of 1000 or more in the local alleys when they led 1000 against Rasmussen's in another game of 1919 brought the "bacon" for two out of three over confidence and Arnswald's at 142 cost them the last game. Arnswald has an alibi—says his hair is getting in his eyes.

Malace Cash took Tony's Barber's camp for three straight.

Harder's Hardware took two of the from the Majestics.

FIGHT FOR \$20,000,000 LEFT BY H. S. HARKNESS

Filing a bill of complaint characterized by sensational allegations, Mrs. Kennett Cowan, first wife of the late Harry S. Harkness, and present wife of Kennett Cowan, formerly of this city, began a fight last Saturday in New York to wrest the \$20,000,000 estate of her first husband from the hands of Mrs. Florence Steuber Harkness, widow of the deceased.

Producing the text of the "mutual contract" between her and Mr. Harkness, executed Nov. 5, 1903, Mrs. Cowan in her complaint alleged that the will of the late sportsman wrote a few hours before he died on Jan. 23, 1919, at his home, 270 Park avenue, "was made and executed while said decedent was of unsound mind and memory, and while said decedent

was under restraint and influence then practiced upon him." Relating to the marriage of the complainant, then Mrs. Marie Moss Harbeck to Mr. John Harkness, the bill stated how "said Harry S. Harkness and the plaintiff entered into an agreement by the term of which it was mutually covenanted and agreed to that in consideration of mutual love and affection that they should make mutual and reciprocal wills." These documents, the complainant sets forth, were to be "irrevocable" and were to be kept until the death of one or the other party to it.

It looks as if the haymakers this year would have a thorough going experience of dry farming.

When we succumb to fear of any kind, we are letting a great, big bluffer get our goat.

WAUKEGAN LOSES TO DEERFIELD TUESDAY

Heavyweight Basketball Teams Meet at Waukegan Tuesday. Deerfield Wins—19 to 13

The high school heavyweight basketball team decisively defeated Waukegan high school in a fiercely fought game played at Waukegan Tuesday afternoon. At first the score ran close, Waukegan leading by 16 to 9 at the end of the first half. Then Coach Rothacher's players showed some real Deerfield spirit, playing with such energy that the final score was 19 to 13 in favor of Deerfield. Deerfield's team played a fine, clean game throughout, Ritta especially showing admirable courage in staying in the game after being twice laid out by Waukegan players.

Deerfield's second team was defeated by two points by Waukegan's second team in the curtain raiser. No lightweight game was played. Interest was so keen that about 100 Deerfield rooters saw the game at Waukegan.

At 3:30 Friday afternoon, Feb. 27, a lightweight and a heavyweight game will be played with La Grange on Deerfield's home floor.

While the second team was playing some sneak thieves entered the Deerfield boys' dressing room and took all the small change and other valuables out of their pockets. The total loss to our boys was about \$15.00. The Waukegan coach assured the boys that the loss would be made good. Some of the boys who had larger amounts of money and watches gave them to other boys to hold during the game, otherwise the loss would have been greater. The thieves are unknown.

WOMEN BACK HUMAN SALVAGE CAMPAIGN

100,000 Christian Armenian Women Held in Turkish harems, and Orphans Must be Fed

More than twenty-five million women will stand back of the Near East Relief in the coming campaign to save the lives of the starving orphans in Armenia, and to rescue the Christian girls in Turkish harems, the national woman suffrage association has decided at the last session which closed at the Congress hotel in Chicago, February 18.

"Whereas, 100,000 Christian Armenian women are still held in Turkish harems and 250,000 orphans must perish unless fed, be it resolved that we, the National Woman Suffrage association, urge a generous cooperation of American women with the relief work, and we protect against the proposal to save Armenia under the rule of the Sultan, as one of the greatest crimes in history."

This spirited resolution was passed with great enthusiasm by the delegates to the convention from all the states in the union. These women represent 17,000,000 voters, and nearly 10,000,000 more women who are still unable to vote.

"The situation in Armenia is a disgrace to the Christian world," said Mrs. Carrie Chapman Catt, president of the convention. "There are still Christian girls, living in horrible slavery, branded with the mark of the harem, who should be rescued. The babies who are dying from sheer lack of food call to us as a nation to send relief—to help, to use the power we have in this country, to save them from extermination."

Mrs. Florence Spencer Duryes, delegate from New York, and head of the department of women's clubs of the Near East Relief committee, New York, plans to appeal to every woman's club in America to adopt an orphan.

"American women started mothering the world when the Belgian babies were in such dire straits. The job isn't finished yet. We hope it will be when these waifs in Syria and Armenia have been nursed back to health and started on the road to manhood and womanhood. When the women of the nation get back of the Near East Relief movement, there is little doubt, but the children in that stricken territory will be saved."

100 Per Cent Profit

IF IT BE TRUE that the wage-earner of this country is receiving the largest pay on record, and that such pay is justified by the impaired buying power of the dollar, resulting in the so-called "50c dollar;" and

IF IT BE TRUE that what goes up must come down, and that within a few years the cost of living and the buying power of the dollar will return to normal; then

IT MUST FOLLOW that never before was there the powerful incentive, the tremendous inducement, to save and accumulate your dollars, because of their prospective yield in a few years of 100 per cent profit.
